

The City of Decatur Wants to Hear from You! Comment Form

1. Please check the following modes of travel you or your family use to cross the CSX railroad line at McDonough Street and/or Candler Street:

___ on foot ___ in a vehicle ___ on bicycle ___ on a bus

2. Based on your selections above, which mode of travel do you think is the *most dangerous* at these intersections and needs safety improvements? (Please choose only one per intersection)

Candler Street _____

McDonough Street _____

3. Please rank the following transportation improvements from 1 - most important to 5- least important for each intersection.

South Candler

South McDonough

- ___ Restrictions on vehicle turns
- ___ New crosswalks
- ___ Pedestrian gates
- ___ Pedestrian signals
- ___ Medians
- ___ Bicycle Accommodation
- ___ Other _____

- ___ Restrictions on vehicle turns
- ___ New crosswalks
- ___ Pedestrian gates
- ___ Pedestrian signals
- ___ Medians
- ___ Bicycle Accommodation
- ___ Other _____

4. Are you in favor of investing local resources in a Quiet Zone? _____

5. Currently there are large areas along the railroad tracks that can be easily crossed by pedestrians. If implementing a Quiet Zone required erecting a fence the length of the railroad corridor through the city, would you still support implementing a Quiet Zone? _____

6. How would you redesign the existing intersections to improve the safety and health of Decatur residents and visitors?

7. Is there anything else you would like to share with the City about these intersections? Feel free to draw on the intersection diagrams provided.

Please feel free to this form to provide any other comments.
