# *Distinguished Budget Presentation Award*

PRESENTED TO

**City of Decatur  
Georgia**

For the Fiscal Year Beginning

**July 1, 2017**

*Christopher P. Morill*

Executive Director

## **Award of Distinguished Budget Presentation**

The Government Finance Officers Association of the United States and Canada (GFOA) presented a Distinguished Budget Presentation Award to the City of Decatur, Georgia for its annual budget for the fiscal year beginning July 1, 2017.

In order to receive this award, a governmental unit must publish a budget document that meets program criteria as a policy document, as an operations guide, as a financial plan, and as a communications device.

This award is valid for a period of one year only. We believe our proposed budget continues to conform to program requirements, and we are submitting it to GFOA to determine its eligibility for another award.

**To:** City Commissioners

**From:** Peggy Merriss  
City Manager *Peggy Merriss*

**Date:** May 21, 2018

**Subject:** 2017-2018 Revised Budget Estimates  
2018-2019 Proposed Budget Estimates

The purpose of this budget message is to provide an introduction to the 2017-2018 Revised Budget Estimates and the 2018-2019 Proposed Budget Estimates with a focus on highlights and a high level overview of process, environment and policy goals incorporated into the recommended budgets.

The "Budget Narrative" (pages 3-28) is an extremely important part of the budget document and it is a key part of the City's overall fiscal plan. It will be necessary to read the narrative for a full understanding of the basis of funding and expenditure recommendations included in this budget. The narrative and department budgets highlight quantitative and qualitative measures as well as results from the 2018 citizen survey and do a thorough job of describing the work plans for the coming year and the successes and accomplishments for the City from the past year.

The "All Funds Overview" (pages 35-50) and the "General Fund Revenue Summary" (pages 53-56) provide specific information regarding the 2017-2018 Revised Budget Estimates and the 2018-2019 Proposed Budget Estimates for all funds, including detailed information regarding the General Fund. The "Capital Projects Narrative" and related budgets (pages 103-122) describe the City's capital program and provide specific project listings with each budget.

You will be asked to take final action on the budget on June 18, 2018. We have also scheduled an extended budget work session with the City Commissioners from 4:00pm – 6:30pm before the regular City Commission meeting on Monday, June 4, 2018. The City will also use the Open City Hall forum to encourage comments via the City's website. Copies of the budget will be available on the City's website, at City Hall and at the Decatur Library.

## Highlights

- The 2018-2019 Proposed General Fund Budget increases 4.9% from the 2017-2018 Revised General Fund Budget.
- Estimated real property digest increase of 6%.
- The capital improvement millage increases from 1.06 mills to 1.55 mills and includes a transfer of \$1,000,000 from the General Fund to the Public Facilities Authority to pay for debt service related to the purchase of the former Children's Home.
- It is estimated that an additional .35 mills will be needed in fiscal year 2019-2020 to cover the Children's Home annual debt service in its entirety.

- Use of \$1,481,030 from the general fund balance to cover one-time expenses consistent with the City's financial policy guidelines.
- Funding of 2.5% in-step merit based salary increases.
- Rising group health insurance costs require an employee contribution increase and some plan modifications.
- Major activities to include funding from the new Special Purpose Local Option Sales Tax (SPLOST); expanded sidewalk maintenance, repair and construction program; increased hotel/motel tax rate; housing summit; enhancement of streetsweeping; and, restructuring of parking management services and initiation of the 2020 Strategic Plan and Storm Water Master Plan Update.

## **Vision-Based Budget**

A vision-based budget is developed to achieve and sustain the outcomes that the community has identified as most important. Each department determines what it does to support these common goals and the budget communicates to the public how the allocation of resources reflects community priorities and the vision for the future.

In order to produce the 2018-2019 Proposed Budget Estimates, we relied on information provided in the 2010 Strategic Plan and the results of citizen and employee surveys to provide guidance regarding the community's priorities. Ultimately five interdepartmental vision-based budgeting teams were part of the budget process, one for each of the four principles articulated in the 2010 Strategic Plan and one to focus on an additional principle that supports the City of Decatur's organizational commitment to exceptional public service based on innovation, professional expertise and creativity.

The City's vision-based budget consists of three main elements - a descriptive narrative; identification of quantitative and qualitative measures that relate activities and financial resources directly to the community's goals to determine if we are making a difference; and, broad organization-wide budgets that show how each strategic principle is supported financially. As part of the budget presentations in June, we will also provide a report that compares selected Decatur performance measures to other cohort cities from across the United States.

## **Overall Financial Condition**

The City's mature economy, its overall real estate market stability and desirability, long-term growth management strategy and dedication to superior services make it possible for the City to remain on strong financial footing. Over the years, the City Commission has made strategic decisions that have positioned the City to better withstand financial stress. For the past thirty years, the City's growth has been directed to redevelopment of undervalued and underutilized properties in the central business district and in smaller neighborhood commercial areas. The reasonable scale of this type of growth has provided opportunities for residential and commercial spaces to be absorbed by the market instead of creating a significant number of vacancies.

During the past year there have been continued improvements in the overall economy which have supported stable economic growth for the City. We remain a regional destination for restaurants, shops, festivals and special events. The continued high quality of the City Schools of Decatur is an important part of the overall appeal of the City. City services, which focus on high-touch and personal attention, contribute to a "clean, green, active and attractive, safe and secure" community

that is a sought-after place to live, work and play. The City represents a highly desirable, niche market in the metropolitan Atlanta area. Its reputation for political stability, quality management and a commitment to long-term planning contributes to the City's sustained healthy financial position.

The City Commission has adopted financial policies for the overall operation of the City of Decatur. The purpose of having financial policies is to enable the City to achieve and maintain a long-term positive financial condition. The policies include direction on providing a conservative approach to budgeting that generally means expenditures are calculated using the best estimate of true cost without discounting and that revenues are estimated at a level that would reasonably be collected within the fiscal year based on historic collection data, as well as realistic expectations about existing and future economic conditions and activities.

Overall, the City maintains a strong financial position by continuing to utilize conservative fiscal practices and by making strategic decisions that support the community's vision. As part of the issuance of bonds by the Decatur Public Facilities Authority the City's AA+ bond rating from Standard & Poor's was confirmed and the City's rating from Moody's was increased from Aa2 to Aa1.

The 2017-2018 Revised Budget Estimates and the 2018-2019 Proposed Budget Estimates were prepared with the knowledge that residential redevelopment and home sales continue to reflect growing demand in a limited market. In the past two years three commercial redevelopments have been completed and the occupancy and rental rates are meeting projections. Two large commercial redevelopments are underway and should be completed in 2019. Private sector capital investment continues to occur. However, we have also taken into account that future economic prosperity is not a given and we continue to base our budget estimates on providing the best possible services at the least possible cost. We also realize that the community expects responsive high quality services which are provided by City employees who are committed to improvement, innovation and public service.

The 2017-2018 Revised General Fund Budget is \$299,560 (1.2%) more the Approved 2017-2018 General Fund Budget. The 2018-2019 Proposed General Fund Budget is \$1,255,120 (4.9%) more than the 2017-2018 Revised General Fund Budget.

## **Real Property Digest**

The value of the real estate digest is very important to the City of Decatur budget as real property taxes are 63% of all general fund revenues. During the recession period from 2008 – 2012, the City's real estate digest remained relatively flat, showing a 1.2% increase over the five year period. Comparatively speaking, this was outstanding. As the economy has rebounded, the real estate digest has shown healthy improvement. For the five year period from 2013-2017, the digest increased 57% consistent with the increased value of real estate sales and growth from new development projects.

As of May 18, 2018 the DeKalb County Tax Assessor's Office has not provided the 2018 property digest report. It is our understanding that we will receive a digest report at the end of May. This has made developing revenue estimates more difficult. We developed the 2018-2019 Proposed Budgets based on a conservative real estate digest increase of 6%. We are hopeful that we will be able to make a more detailed report at the work session and public hearing scheduled for the June 4th City Commission meeting.

At this point, we are fairly certain that regardless of the growth in the digest, we will need to hold public hearings and advertise a tax increase as required by the “Truth in Taxation” legislation because of the additional millage needed to cover the debt service payments for the former Children’s Home property. We have reserved Monday, June 11, 2018, at 6:00pm and Monday, June 18, 2018, at 3:30pm and 7:30pm for the required public hearings.

While current tax digest information is not yet available, single family real estate sales show a 4% increase in the average sales price of a single-family home from \$625,560 as of January 1, 2017 to \$651,610 as of January 1, 2018; and, a 13% increase in the average single-family home sales price from \$574,460 as of January 1, 2016 to \$651,610 as of January 1, 2018. The number of days on the market has decreased from 38 days in January 2017 to 31 days in January 2018. Supply also decreased from 309 units to 251 units. This indicates a strong and desirable single-family home real estate market.

Current permitting activity along with existing and anticipated construction expected to take place in the remainder of 2018 through mid-2019 indicates that property values will continue to increase. We believe the reevaluation of existing real estate, as well as new value from construction of single-family homes and the value of significant improvements to existing homes will still be a strong positive contributor to the overall tax digest. We expect that new value will be added as commercial developments recently completed are fully occupied and their value continues to increase. New developments currently under construction should be completed in 2019 and will impact the 2020 real estate digest values.

## **Millage Rates and Increased Homestead Exemptions**

It is recommended that the General Fund Millage remain the same at 9.24 mills. As part of the November 8, 2016 election, Decatur voters approved various homestead exemption increases that apply to the General Fund, Capital Improvement Fund and the DDA Fund. All approved exemption increases were reflected in the first installment billing in April, 2017. The estimated impact to general fund is a reduction of approximately \$425,000 in real property taxes that would have otherwise been collected.

The debt service millage for the 2007 general obligation bonds remains at .90 mills. The 2017 debt service millage for school system capital improvements remains at 1.91 mills. The DDA Fund Millage remain at .38 mills.

An \$850,000 transfer from the General Fund balance to the Public Facilities Authority (PFA) Fund is included in the 2017-2018 Revised Budget estimates in order to cover debt service interest payments for acquisition of the former Children’s Home property. In 2017 we anticipated that the capital improvement millage would need to be increased by 1.2 mills in 2018 to pay the debt service on the property. The current recommendation is to increase the Capital Improvement millage by .49 mills in 2018 and transfer \$1,000,000 from the General Fund balance for the required debt service. We anticipate that an additional .35 mills will be needed in 2019 for a total of .76 mills on an annual basis to fully cover the debt service payments in future years.

It is recommended that the Capital Improvement Fund millage be increased from 1.06 mills to 1.55 mills in order to provide a transfer of \$1,300,000 to the PFA Fund with an additional \$1,000,000 transfer from the General Fund to the PFA Fund for fiscal year 2018-2019. Increasing the Capital Improvement Fund millage for 2018 from 1.06 mills to 1.55 mills will result in an estimated \$110 increase in City of Decatur property taxes for a property valued at \$500,000.

## **Fund Balance**

The City's financial policies also provide direction for maintaining an adequate fund balance equal to 20 to 30 percent of operating expenses. Maintaining an adequate fund balance allows governments the ability to weather financial difficulties without having to depend on millage rate increases or service delivery reductions. Due to the City's history of conservative budgeting practices that estimates expenditures fully and limits revenue estimates to likely possible collections, the City has been able to maintain a stable fund balance.

The 2016-2017 Revised General Fund budget estimated a \$554,110 use of fund balance but there was an actual contribution to fund balance of \$1,295,870, resulting in a fund balance as of June 30, 2017 of \$9,716,340. The 2017-2018 Proposed General Fund budget anticipated using \$1,180,030 from the general fund balance to provide enough revenue to cover 2017-2018 Proposed General Fund expenditures. Due primarily to increased revenues, the 2017-2018 Revised General Fund Budget estimates that the use of fund balance will be reduced to \$904,150. The estimated general fund balance at June 30, 2018 is estimated to be approximately \$8,812,190 or 35% of 2017-2018 Revised General Fund expenditures.

The 2018-2019 Proposed General Fund budget anticipates using approximately \$1,481,000 of the general fund balance. This should decrease the general fund balance at June 30, 2019 to approximately \$7,331,160, or 27% of 2018-2019 Proposed General Fund expenditures. The use of fund balance is appropriate to cover the costs of one-time, non-recurring expenses in order to keep the fund balance within policy parameters. For 2018-2019, fund balance will be used to pay for a portion of the debt service associated with the purchase of the former Children's Home, to cover the costs of several planning efforts, including the 2020 Strategic Plan, holding a housing summit, improving cybersecurity testing, smart city initiatives and other one-time non-recurring expenditures.

The City will still retain sufficient general fund balance to provide resources in case there is a need for unforeseen or emergency expenditures or to provide resources to take advantage of unanticipated opportunities consistent with supporting the City's strategic plan.

## **Personnel Services**

The City is committed to continuing to provide an exceptional level of public safety, public works and quality of life services that contribute to the stability of property values and have made the City a desirable place in which to live, work, invest in and visit. In the most recent 2018 Citizen Survey, 96% of respondents rated the overall quality of life in Decatur as "excellent" or "good." Also, 91% of the respondents rated services provided by the City of Decatur "excellent" or "good." This resulted in Decatur being ranked among the top 10% of communities that used the survey and asked the same questions. City staff is an integral part of assuring that quality of life and services meet the demanding expectations of our community and rewarding those efforts is an important part of the City's financial strategy.

The 2018-2019 Proposed Budget Estimates incorporate funding for 2.5% merit increases for employees who are still below the maximum in their salary range. These merit adjustments occur throughout the budget year on an annual basis. The cost of the in-step merit increase is estimated to be about \$152,000 or about 1% of general fund expenditures.

We are recommending a \$2.00 per hour increase for part-time staff in the Active Living Division. We believe this will significantly enhance our recruitment efforts and stabilize our retention effort for staff. We are also increasing the number of school crossing guards from 32 to 34 in order provide better coverage of assigned crossings.

As part of the 2017-2018 budget process, the City conducted a salary survey of metropolitan Atlanta cities and used data collected by the Georgia Department of Community Affairs for benchmark comparisons. The City strives to maintain salary ranges above the median offered in the Atlanta metropolitan area for the same or similar work. Based on the results of that survey, and to retain an excellent workforce and be competitive in recruiting new staff, a ten-percent shift in salary ranges and authorization of a 5% a merit-based general market adjustment for full-time employees was approved effective January 1, 2018. There is no market rate adjustment recommended in the 2018-2019 Proposed Budget Estimates.

Including health care costs, fees and stop-loss coverage, the wellness initiative, the smoking cessation program and a weight loss program, the City's overall health care costs per employee are budgeted to increase about 6% in the 2018-2019 Proposed Budget Estimates. The overall costs are split with the City absorbing 80% of the cost while employees and retirees will contribute 20% towards the plan. In order to maintain the 80/20 split, we are recommending a 7% increase in employee contributions to health care costs in the 2018-2019 Proposed Budget. The employee wellness premium reduction plan remains funded. We believe that this investment assists in reducing future health care costs, less use of sick leave and increased employee productivity.

All full-time employees are also members of the City of Decatur Employees' Retirement System. The City's system offers conservative benefits to employees who have served the community over a long period of time. The City's required employer contribution to the system has remained steady over the past ten years, fluctuating between 6.25% - 9.07% of payroll. The budgeted employer contribution for fiscal year 2018-2019 remains at 8% of payroll or approximately \$949,220. The total required employer contribution is approximately 2.9% of total operating expenditures. Employee contributions to the system average 14% for public safety employees who are not members of Social Security and 8% for general employees who participate in Social Security.

The City relies on private contractors to provide certain services when it makes financial sense and the quality of service can be assured. The City currently has contracts for building inspection services, geographic information systems (GIS), information technology services, payroll, recycling, athletic field maintenance and swimming pool management. These contracts are managed and supervised closely to assure that costs are less than or equal to what they would be for the City to provide the same or similar services.

Details on personnel expenses are included in the "All Funds Overview" later in this document.

## **Major Activities**

### **Former Children's Home and Other Planning Efforts**

In 2017, the City Commission took advantage of an amazing opportunity to take ownership of 77 acres formerly owned by the United Methodist Children's Home. The property is immediately adjacent to the existing southeastern city limits and about one-third of the property is natural open green space. It also contains existing playing fields, a gymnasium, swimming pool and administrative and warehouse buildings. Two sources of financing were used to purchase the

property. The City of Decatur Public Facilities Authority (PFA) secured an \$11,452,000 low-interest loan from the Georgia Environmental Finance Authority (GEFA) to purchase approximately 22 acres of the property that will remain in a conservation easement and in August 2017, the PFA issued \$29,625,000 in bonds to purchase the remaining 55 acres. Purchase of the property was closed in August 2017 and the City took possession of the property in October 2017.

With a goal of involving as many residents as possible, the planning effort for the future of this property included five public input sessions, over 40 civic dinner conversations and a dozen stakeholder meetings and tours for groups that included environmentalists, housing experts, the creative community, and younger residents from first grade, middle school and high school. An online survey was also utilized to provide one more opportunity for community input. As a result, thousands of ideas were gathered and incorporated into three conceptual plans. The City is currently taking additional community input on these concepts and will refine these concepts into a single plan that will be presented for consideration by the City Commission in late summer 2018.

The 2018-2019 Proposed Budget Estimates also include funding for a number of plans, including the 2020 Strategic Plan, the Storm Water Master Plan Update, a Phase 2 Impact Fee analysis and the Historic Resources Survey Update.

### **Housing Attainability Summit**

The desirability of the City of Decatur as a place to live, combined with limited available land, has resulted in increased housing prices, demolition of smaller, lower priced housing stock and development opportunities that have raised concerns about a decrease in housing diversity types that are attainable at a moderate price. In order to move forward on this issue, the 2018-2019 Proposed Budget Estimates include funding for a housing attainability summit that will be designed as a hands-on session for housing advocates, professionals and Decatur residents to engage in activities that will result in developing a common definition of affordable housing and set the framework for future actions to address housing type diversity and attainability.

### **Special Purpose Local Option Sales Tax (SPLOST)/Equalized Homestead Option Sales Tax (EHOST) and the Hotel/Motel Tax.**

In November, 2017 DeKalb County voters approved a referendum that established a six-year SPLOST for capital improvements and debt service and an EHOST that uses 100% of the proceeds from the former HOST one percent sales tax to fund homestead exemptions to be applied to the cost of services paid for at the same level by all county owner-occupied taxpayers to include the DeKalb County Maintenance and Operations (M&O) millage and the Hospital Authority Assessment (Grady Hospital) millage. The SPLOST and EHOST became effective on April 1, 2018.

The City of Decatur's portion of SPLOST funding is based on a formula established in the referendum which is estimated to be approximately \$20,529,000 over the six-year period. The City's SPLOST projects include \$5,900,000 for construction of improvements to the Atlanta Avenue intersection, \$13,400,000 for debt service for previously bonded capital improvement projects including the Decatur Recreation Center, Fire Station #1, the Public Works Building and the Beacon Municipal Center and \$1,200,000 for sidewalk maintenance and construction projects.

The distribution from the capital improvement portion of the county-wide Homestead Option Sales Tax (HOST) sales tax will cease with a one-time payment estimated to be \$1,162,240 from the HOST

proceeds that were collected between January – March, 2018, prior to the implementation of the new SPLOST and EHOST on April 1<sup>st</sup>.

The City was also able to secure local legislation through the Georgia General Assembly to increase the hotel/motel tax from 7% to 8%. It is anticipated that the City Commission will be asked to consider adoption of a new hotel/motel tax ordinance in June, 2018 that could then go into effect September 1, 2018. With the opening of the new Hampton Inn in early 2019, we anticipate a significant increase in hotel/motel tax revenue for the General Fund and also to support a robust program for the Decatur Tourism Bureau.

### **Program Improvements**

The 2018-2019 Proposed Budget Estimates include the addition of one new full-time position in the Solid Waste Division to enhance our streetsweeping program. Currently we have one full-time staff and one temporary staff assigned to streetsweeping. However, when we have staff vacancies on the residential collection route, full-time staff are reassigned because residential garbage collection is a priority. With an additional staff person assigned to streetsweeping we believe we can have more predictable and consistent streetsweeping service. We are also researching technology opportunities to provide timely information on routes and schedules to residents.

The 2018-2019 Proposed Budget Estimates anticipate reorganizing parking management services by contracting some of the parking management operations and staffing. In addition, it is recommended that the City Commission approve increasing the parking rate from \$2 per hour to \$3 per hour for metered parking Monday-Saturday, 8:00am – 6:00pm and allowing enforcement of the two hour limit after 6:00pm.

In response to requests from residents for sidewalk maintenance, repair and construction, it is recommended that the City Commission consider making a committing to a five-year, \$3,250,000 sidewalk maintenance, repair and construction program where we dedicate \$650,000 per year for five years using a combination of HOST fund balance, Capital Improvement funds and SPLOST funding. We believe this level of funding will enable the City to address identified needs, including priority Safe Routes to School within a scope that we should be able to schedule and implement over time and gain some efficiencies of scale.

### **Open Space and Greenspace Acquisition and Maintenance**

The City has been budgeting a token amount of resources, approximately \$50,000 per year for the purchase of open space and green space and has had success in acquiring tax parcels and donated parcels near or adjacent to existing City properties or along streams and creeks. The City Commission has also discussed the importance of open space and green space acquisition throughout the City. It is important to note that the Trust for Public Land ParkServe® website shows that 96% of residents of the City of Decatur live within a ten-minute walk of a park. The national average is 54%. We will continue to pursue options as resources allow. In order to make any major purchases or improvements, there would need to be a new source of funding.

In August, 2017 the City purchased the former Children's Home property and placed 22 of the 77 acres in a permanent conservation easement. In March, 2018 the City closed on the purchase of 2 parcels on Chevelle Lane near Dearborn Park for a total of \$60,000 to maintain as permanent natural space. The City is party to an eminent domain action to acquire 16 parcels adjacent to Dearborn Park. We expect resolution of the proceedings by the end of 2018. We have worked with the City Schools of Decatur (CSD) and the Decatur Housing Authority (DHA) to secure community

use of greenspace at the corner of West Trinity Place and Commerce Drive until CSD needs to construct a building and then we will have access to shared greenspace for the downtown community.

## **Millage Rate Adoption**

The 1999 General Assembly adopted O.C.G.A. § 48-5-32.1, known as the "Truth in Taxation" law. It requires every levying authority (i.e., the City) and every recommending authority (i.e., the City Schools) to take the percentage of the digest increase due to property reassessments and calculate the operations millage rate (debt service is not included) reduction due to the increased digest. To the extent that the recommended operations millage rate exceeds the "roll-back" rate, certain advertisements and public hearings are required. This requirement began with the certified 2000 digest. The current combined operation millage rate is 10.68 mills. The estimated combined operations millage is 11.17, an increase of .49 mills. However until we get a real property digest report from DeKalb County, we cannot calculate the roll-back millage rate and the millage rates are subject to change. We do expect to get a report by the end of May 2018 and believe that we can meet the requirements of the law for providing a legal advertisement, issuing a press release and holding three public hearings. It is recommended that the required public hearings be held on Monday, June 11, 2018 at 6:00pm and Monday, June 18, 2018 at 3:30pm and 7:30pm. In addition, we have scheduled an extended work session from 4:00pm – 6:30pm before your regular meeting on June 6, 2018.

## **Conclusion**

The City's objective is to provide quality services that reflect the community's goals and vision within reasonable fiscal limits. This means that we have to take a strategic approach that relies on and builds upon the City's strengths while preserving and protecting community financial resources. The City has taken steps to assure financial security and to support our ability to provide the high level of services expected by our community. The City is an organization that is positioned to take advantage of opportunities, capable of making appropriate investments in our employees and committed to offering superior services for the least possible costs. To that end, the 2017-2018 Revised Budget Estimates and the 2018-2019 Proposed Budget Estimates include funding for a number of programs and projects that are responsive to community needs and concerns but also position the City well for the future.

The 2018-2019 Proposed Budget Estimates assure that that City will maintain its capacity to offer the high-level, high-quality services desired by our residents. This budget also supports our continued commitment to making the necessary infrastructure improvements and investments that will benefit our community long into the future. We remain committed to our conservative fiscal policies that allow us to meet the needs of the community today while assuring future generations will have the same access to resources and quality of life we currently enjoy. Below is a summary of property tax millage rates since 2013 and the recommended estimated 2018 millage rates:

---

	2013	2014	2015	2016	2017	2018

Completion of the 2017-2018 Revised Budget Estimates and 2018-2019 Proposed Budget Estimates would not be possible without the assistance of Accounting and Personnel staff, the teamwork and support shown by City employees in all departments, the Narrative Teams and particularly without the work of Assistant City Manager Andrea Arnold and City Clerk Meredith Roark.

I will be glad to review the following budget proposals with you at your convenience.

# Budget Narrative

Budget FY 2018-2019

# Budget Narrative

**F**irst chartered as a municipality by the State of Georgia in 1823, the City of Decatur serves as the county seat of DeKalb County, a large, urban county in the Atlanta metropolitan area. After decades of population decline, Decatur's population has been on the increase since 1990 and with about 23,000 persons, it exceeds the previous highest population of 22,000 persons from the 1960 census count. The City currently occupies a land area of approximately 4.4 square miles, making it one of the most densely populated cities in the State of Georgia. However, the City's commitment to a long-range vision with balanced growth and development has resulted in a community well-known for its high quality of life, vibrant commercial districts and as a great example of Smart Growth in the region.

Decatur's central location in DeKalb County and proximity to the City of Atlanta and Emory University make the City of Decatur an attractive location for a wide range of professional service, legal, financial, medical and creative/technology businesses. Decatur is home to educational institutions like Agnes Scott College and Columbia Theological Seminary, as well as the headquarters for a number of non-profit organizations including the Task Force for Global Health. A number of locally-owned restaurants and retail businesses also make the City of Decatur a destination shopping and dining district in metro-Atlanta. The essential nature of these services and the stability of health and education related businesses provide a solid basis for the City's economic well being.

The City of Decatur centers on a thriving downtown business district that is surrounded by beautiful, historic neighborhoods reflecting a variety of architectural styles. The downtown business district offers a healthy mix of office, retail, restaurant and residential uses designed to encourage walking and an active lifestyle for persons of all ages. New buildings blend with historic commercial buildings and surround a traditional courthouse square that provides a link to the City's history. Downtown residents in mid-rise, mixed-use condominiums and apartments have created a new type of neighborhood providing an important housing option for empty-nesters and young professionals seeking an urban lifestyle. These residents contribute to the economic vitality of the downtown commercial district. Smaller neighborhood commercial centers scattered throughout the City also contribute to the sense of community and vibrancy of surrounding traditional, single-family neighborhoods by providing opportunities for residents to walk to a variety of shopping and dining options.

The City's well-regarded local public school system is attracting a healthy mix of young families back to the City's single-family neighborhoods. This influx of school-aged children has resulted in an increase in school enrollment and a long-term strategy to accommodate this growth. The City Schools of Decatur provide one city-wide early childhood education center, five neighborhood K-3 elementary schools, one system-wide 4-5 academy, one middle school and one high school. Major expansions of the middle school and high school

*The City of Decatur  
will assure a high  
quality of life  
for its residents,  
businesses and  
visitors both today  
and in the future.*

are complete and the school system is soon to break ground on a new academy school.

The City of Decatur is authorized to levy a property tax on both real and personal properties located within its boundaries, and the City provides a full range of municipal services to support its residents, businesses and visitors. These services include public safety, public works, planning and zoning, sanitation, engineering, municipal court, active living, children and youth services, a municipal cemetery and community and economic development. The City also owns a 280-space parking facility and a 25,000 square foot conference center. In addition to these traditional municipal services, the City of Decatur is committed to providing a high quality of life for its residents and supports a volunteer program, an award-winning after school program and a wide variety of special events and civic engagement activities.

The City has three MARTA transit stations and multiple bus routes within its 4.4 square miles, providing direct transit access to downtown Atlanta and Hartsfield-Jackson International Airport. In addition to public transit, the City supports and encourages a wide variety of alternative transportation options including walking, bicycling, the Clifton Corridor shuttle to Emory University, as well as the Go60+ Shuttle for senior citizens.

Decatur's tree-lined streets, strong sense of community, high quality services and nationally recognized public school system continue to draw residents to the City. The City of Decatur has evolved into a highly-livable, small urban city that values its history and enjoys the sophistication and excitement similar to a college town along with all the benefits of living in a major metropolitan area. This balance of urban amenities and small town character has made the City of Decatur an attractive option for creative business owners, entrepreneurs and individuals seeking an opportunity to reside and work in the same community.

## History

The City of Decatur, incorporated on December 10, 1823, is named in honor of Commodore Stephen Decatur, a U.S. Naval hero. Commodore Decatur died in 1820 and Congress decreed that his name be honored throughout the nation. As a result more than 40 cities and counties around the United States bear his name and show the western migration of the country during the early half of the 19th century. The City of Decatur, Georgia is the second oldest municipality in the Atlanta metropolitan area and the seat of DeKalb County. Decatur adjoins Atlanta's city limits and is six miles east of downtown Atlanta.

The courthouse square in downtown Decatur is located on a rise of land where two Native American trails once crossed. The Old Courthouse on the Square is the fourth courthouse building to occupy the square. Historically, the courthouse square served as the community gathering place. Today, it continues as the heart of the community, hosting festivals, special events, providing greenspace and an open space to meet and relax with family and friends. The historic commercial district is a successful example of transit-oriented development and is connected to the city's surrounding traditional, historic single-family neighborhoods by an expanding network of sidewalks, bicycle lanes and a regional trail system.

## Government

The City of Decatur operates under the commission-manager form of government. The City Commission determines the policies of the local government and enacts local laws necessary for the protection of public health, safety and welfare. The City Commissioners provide leadership in identifying community needs and developing programs to meet

*This painting of Captain Stephen Decatur, USN, by John Wesley Jarvis, is part of the U.S. Naval Academy Museum Collection.*

community objectives. There are five City Commissioners, elected in nonpartisan elections, for overlapping four-year terms. Two commissioners are elected from the north district, two from the south district and one commissioner is elected at-large, giving every voter in the City the opportunity to elect three of the five commissioners. Every year at its organizational meeting in January, the City Commission elects one of its members to serve as Mayor/Chair of the City Commission. Patricia Garrett was elected Mayor in 2016. She has been a member of the City Commission since 2009. Tony Powers was elected by his fellow commissioners to serve as Mayor pro tem in 2018 and has served on the City Commission since 2016. The other Commissioners are Scott Drake, who was first elected in 2013; Brian Smith, who was first elected in January 2016; and, Kelly Walsh, who was sworn in for her first term in January 2018. It is the responsibility of the Mayor to preside at all meetings of the City Commission. While the Mayor has no veto power, he or she retains the right to vote on all matters brought before the City Commission. The Mayor's vote carries the same weight as any other Commissioner.

The City Commission appoints the members of a number of volunteer boards and commissions who carry out responsibilities specified by State law, the City Charter, and local ordinances. These boards and commissions include the Decatur Housing Authority, the Zoning Board of Appeals, the Decatur Downtown Development Authority, the Planning Commission and the Historic Preservation Committee. Special advisory committees and task forces are also appointed by the City Commission to provide community input on issues and projects as needed. Currently, these boards include the Active Living Board, the Better Together Advisory Board, the Lifelong Community Advisory Board, the Decatur Youth Council and the Environmental Sustainability Board.

The City Commission appoints the Municipal Court judges and the City Attorney, who provides legal counsel for the government. The City Commission also appoints a city manager to provide professional management and direct the day to day operations of the City. The City Manager serves as the Chief Executive and Administrative Officer and is responsible for carrying out the policies and ordinances of the City Commission, for overseeing the day-to-day operations of the government, the appointment of all employees and serves at the pleasure of the commission. The appointment of department heads is subject to confirmation by the City Commission. The current city manager, Peggy Merriss, has served as manager since May 1993, and has been employed with the City since 1983.

## Vision

*The City of Decatur will assure a high quality of life for its residents, businesses and visitors both today and in the future.*

Successful organizations have a clear vision of where they are going and how they intend to achieve their mission. The City of Decatur has a long history of engaging residents in crafting a strategic vision for the City – most recently in 2000 and 2010. To support the vision, the City Commission holds an annual working retreat to reflect on past achievements, identify future goals, and discuss challenges to implementing those goals. With the community vision as a guide, City Commissioners must balance the needs of a diverse population, limited financial resources, federal and state mandates and unanticipated infrastructure costs.

*The Decatur City Commission (clockwise from bottom right); Mayor Patti Garrett, Mayor Pro Tem Tony Powers, and Commissioners Brian Smith, Kelly Walsh, and Scott Drake.*

In April 2010, the City kicked off the planning process to create the 2010 Strategic Plan for this current decade. An extensive effort was made to ensure broad participation by age, gender, race and geographical location in the planning process and participants generated over 8,000 ideas and comments about issues facing Decatur and hopes and dreams for the City's future.

Using this information, a plan was crafted that contained goals and tasks grouped into four primary principles that captured a shared vision for our community. These principles are:

**Principle A** Manage Growth While Retaining Character

**Principle B** Encourage a Diverse and Engaged Community

**Principle C** Serve as Good Stewards of the Environment and Community Resources

**Principle D** Support a Safe, Healthy, Lifelong Community

Ultimately more than 1,500 residents participated in the planning process from general Round Table discussions to Community Academies exploring specific topics to Open Houses where drafts of the plan were presented. Every comment was captured, analyzed and is included in the final report that was adopted in March 2011. The entire plan is available at [www.decaturnext.com](http://www.decaturnext.com) and includes four principles, 16 goals and more than 80 tasks that are incorporated into the City's annual work program. Also, the City's budget is directly linked to the principles and goals of the Strategic Plan to show residents how city resources are allocated to meet the community's vision and goals.

Now eight years into the implementation of the 2010 ten year plan, City staff is testing an on-line reporting system that will allow residents to track the successful completion of tasks and view the timeline for those that are in progress. The City will kick off the development of a new ten-year strategic plan in 2019 with expanded opportunities for community engagement and public input.

## Performance Management

A successful organization needs to know how well it is doing towards achieving its vision and goals. The City has developed quantifiable measurements to track how efficiently and effectively the organization is meeting its goals. Selective benchmarking is undertaken during the development of departmental budget requests. Performance measures are reviewed by an interdepartmental committee on a monthly basis to identify successful processes and work on areas that need improvement. Measures are included throughout the budget narrative to illustrate how the City is performing.

Between 2006 and 2016, the City participated in the International City/County Management Association's (ICMA) Comparative Performance Measurement Program (CPM). CPM provided performance measures in 16 service areas that the City used to evaluate exist-

ing services, to benchmark results with other communities and to exchange best practices within a group of participating jurisdictions. In late 2016, CPM transitioned from being a subscription based service to a being a program advisor. Beginning in 2017, the City has embarked on its own comparative program.

Additional information on the quality of services provided by the City is gauged through a biennial citizen survey. The last citizen survey was conducted in February and March 2018 to gauge satisfaction with the community and local government services. This was the City's seventh citizen survey. The full report is posted, along with the results from previous surveys, on the City's website at [www.decaturga.com](http://www.decaturga.com).

## Budget

The annual budget serves as the foundation for the City's financial planning and control. All work groups submit departmental budget requests by the first week of March. Utilizing the goals and tasks described in the Strategic Plan, the departmental requests are the starting point for developing the proposed budget. Once departmental budgets are submitted, department heads and senior staff meet collectively to review all requests.

The proposed budget is formally presented to the City Commission on the third Monday in May. The operating budget includes both proposed expenditures and revenues. The City publishes a summary of the proposed budget in the official legal organ (currently The Champion Newspaper), makes copies available to the residents of the City, provides copies to the local library and posts the proposed and revised budgets on the City's website. Public hearings on the proposed budget are held in June. The budget is then legally enacted through adoption of a budget resolution by the City Commission, normally on the third Monday in June but no later than June 30, the close of the fiscal year.

The budget document is a written plan that provides the financial basis for implementing the City's vision and related goals. It represents city departments' best efforts at achieving the vision within an environment of competing goals and limited resources.

More information on the budget and the budget process can be found in the Budget Guide under Appendix A.

## Vision Based Budgeting

As we move toward the completion of the 2010 Strategic Plan and the beginning of the 2020 Strategic Plan, the annual budget continues to serve as the primary implementation tool to bring the community's vision to life. The Vision Based Budget is a financial planning document that allows the City to connect the community's vision with the necessary resources (personnel, equipment and funding) required for implementation. It also describes in a narrative and with numbers, the programs, policies and projects identified in the Strategic Plan and each City department's relationship to them.

The following pages highlight the four principles outlined in the 2010 Strategic Plan plus an additional principle that aims to capture the internal work of the City. Under each principle is a description of how the goals and tasks of that principle are being implemented, past accomplishments, proposed projects for this fiscal year, performance measures and unique partnerships. For more specifics on the role of departments, city programs or partnerships visit [www.decaturga.com](http://www.decaturga.com).

## PRINCIPLE A: Manage Growth While Retaining Character

Accommodate commercial and residential growth while retaining Decatur's unique sense of place within an urban environment.

Four key goals are involved in managing this objective successfully:

- Goal 1** Retain and enhance the character of existing commercial districts and expand it to new districts
- Goal 2** Encourage a diversity of business types with particular focus on small businesses and businesses that provide daily needs
- Goal 3** Protect existing neighborhoods while promoting growth in desired areas and adopting standards that guide future growth
- Goal 4** Protect and encourage the creative reuse of historic buildings, structures, and places

Decatur residents have consistently voiced the importance of the City's strong sense of community and unique character. The City's commitment to balanced growth and development that builds on its historic character, encourages walkability and supports higher density around transit stations has put Decatur at the forefront of Smart Growth in the Atlanta region. The City continues to recruit businesses that fit the Decatur brand and works hard to support existing businesses throughout the center. In order to balance future growth and ensure Decatur's unique character remains, the City focuses on quality development and business recruitment that meet the community's vision for a variety of housing, commercial and retail options.

### A Focus on Housing Options

Diversity of housing options continues to be a major goal within the City of Decatur. The need for more affordable housing opportunities for families, senior citizens and younger residents requires a creative approach to support rental and ownership opportunities. Three recently developed apartment developments in downtown Decatur have provided the first new rental units added to the City in almost 20 years. These units have proven to be attrac-

tive to young professionals and empty nesters alike. Some families with school-aged children have also moved into these apartments but the taxable contribution these developments have made to the school system exceed the cost to educate the number of children enrolled.

The Decatur East development currently under construction on the Avondale MARTA station parking lot includes 92 units of affordable senior housing. The remainder of the project includes market rate rental and new retail adjacent to the Avondale MARTA station. In keeping with the City's commitment to Transit Oriented Development adjacent to transit stations, the City partnered with MARTA and the City of Atlanta to develop a long-term vision for the East Lake MARTA station which is the second most underutilized station in the MARTA system. Using a LCI (Livable Centers Initiative) grant from the Atlanta Regional Commission, the three partners selected a planning team to lead the community through an extensive visioning process that includes the development of mixed-use projects in the future.

The Cottage Court Pilot Project continues to get closer to construction. It will create an affordable, small-scale, neighborhood-friendly alternative to large-format, single-family infill housing. The Decatur Downtown Development Authority worked closely with surrounding neighborhoods to create a site plan and design for six small homes on a site adjacent to the downtown commercial district. To keep the housing affordable in perpetuity, the Decatur Land Trust will hold title to the land. The homes will be offered for sale to employees of the City of Decatur, City Schools of Decatur and the Decatur Housing Authority who meet income requirements. We anticipate that construction of the project will begin this summer.

### **A Unique Opportunity for Historic Preservation and Development**

The acquisition of the United Methodist Children's Home property provided the City with a unique opportunity to incorporate 77 acres and 22 historic buildings into the community. The City is currently working with a planning team led by Cooper Carey to develop a community driven vision for this property that incorporates a wide range of community interests from affordable housing, to greenspace, to creative spaces to recreational and sports facilities. Recognizing and honoring the legacy of the mission of the property and consideration for the cultural landscape and historical significance of many of the buildings is an integral part of this effort.

The Children and Youth Services division moved their offices into the existing Administration building on the property. The Decatur Book Festival and the Global Growers Network are now renting office space on the 2nd floor and the City plans to expand this leasing opportunity to other City non-profit groups to create a collaborative non-profit space on the site.

### **A Strong Sense of Place**

Unexpected surprises, unique experiences and public interaction are what make Decatur an authentic place. Collaborating with the Decatur Arts Alliance, the City was able to bring a third phase of the outdoor art gallery – five new sculptures – to the downtown area and five new sculptures will be installed in the Oakhurst business district in the 2018-2019 fiscal year.

The City worked closely with the Decatur Arts Alliance, the Decatur Tourism Bureau and local artists to update the popular hidden doors installation around the City and small, creative art pieces displayed on street lamps around downtown. Attention to details like landscaping around the square, hanging flower baskets and support of concerts, festivals and special events make Decatur a fun and inviting place to live and to visit. The City partnered with the Decatur Arts Alliance to create a pilot program for street performers and artists that balances the importance of street life with the need to keep a high quality of life.

### Making it Easier To Get Around Decatur

The City has worked closely with the Decatur Business Association to develop a “story map” that highlights and provides detailed information about local businesses. Additionally, the informational street and sidewalk signs that are located in the commercial districts are being streamlined to avoid clutter and confusion. Once an inventory of all the signs has been made, they will be updated, cleaned and replaced to improve the appearance of the community and reduce sign clutter. In 2017, the existing wayfinding signs were cleaned and new lettering was installed. In addition to directions, they now include the number of steps between locations to encourage more walking in downtown.

To further improve the pedestrian experience, sidewalks were mapped for defects with the help of CAPS members, other community volunteers and GIS. This allowed for a strategic prioritization of repairs that begins where they are needed most. In the upcoming year, the city will install eight sensors in the downtown district to track pedestrian, bicycle and vehicular counts. The information collected by the sensors will show the change in traffic patterns depending on the time of day and weather conditions. They will also be able to show the increase in pedestrian traffic as more downtown residential units are built. Having a clearer understanding of pedestrian flow will enhance the ability of Decatur to maintain its walkability as well as quantify potential customer traffic for businesses looking to open in downtown.

### Growing Our Businesses

City staff continues to maintain useful information on commercial properties and work closely with commercial property owners to recruit businesses and tenants that fit the Decatur brand. During the current year, the City secured Savi Market to occupy a 5,000 sf retail space in the heart of downtown Decatur, welcomed Steel City Pops’ 3,000 sf popsicle-making facility/storefront, and Sherwin Williams brought a brand new business and building downtown. The Decatur Market and the new Different Trains Art Gallery contributed to the expanding Old Depot Commercial District. Retail vacancy rates continue to be among the lowest in the metro area. The staff works closely with retail and restaurant owners to host quarterly update meetings, organize specific retail focused events, fund advertising and social media marketing efforts and produce and distribute over 50,000 Shopping, Dining and Services Guides each year.

In 2018-2019, the Community & Economic Development department will partner with the Decatur Downtown Development Authority and office building brokers and owners to fund a specific “bring your office to Decatur” campaign. The effort is designed to establish Decatur as an office location of choice in metropolitan Atlanta that builds on the City’s walkability, high quality of life and outstanding school system. Decatur truly does offer the best opportunity to live, work and play in metropolitan Atlanta.

### FY 2017-2018 Accomplishments:

- Recognized National Preservation Month and honored projects and individuals that promoted excellence in preservation, design, and sustainability (Task4E)
- Continued development of the Cottage Court Project (Tasks 4B and 15B)
- Amended the City Code to allow mobile food facilities in commercial zoned districts with permits and restrictions in place that create opportunities for food and beverage start-up businesses, and enhance quality of life (Task 2D)
- Partnered with the Decatur Arts Alliance on a pilot project to allow buskers to perform downtown with permits and restrictions in place (Task 2B)
- Painted signal boxes in Oakhurst (Tasks 1D and 1F)
- Improved railroad crossings, installed new streetscapes and green infrastructure along

the Trinity Place corridor and North McDonough corridor to provide a safe, healthy environment for pedestrians, bicyclists and motorists (Task 1C)

- Updated the City's wayfinding signage (Task 1B)
- Initiated a rezoning of the East Decatur district from C-3 to MU-Mixed Use development (Task 3B)
- Completed the development of a master plan for the East Lake MARTA station (Task 3C)
- Assisted Savi Market in an application for low-interest loan through the Georgia Cities Foundation (Task 2A)

### FY 2018-2019 New Projects, Programs and Policies

- Utilize geographical data points on WAZE to promote local businesses to application users (Task 2A)
- Complete the Master Plan for the Children's Home Property and begin to identify opportunities and partners to implement the plan (Task 4D, 4E)
- Complete the Callaway project to link together improvements on the eastern and western end of the Trinity Place corridor (Task 3B)
- Continue to find opportunities to replace under-performing asphalt parking lots with projects that add street life and extend streetscape improvements throughout the City's commercial districts (Task 1C)
- Complete the current Avondale MARTA redevelopment (Task 3B)
- Install pedestrian and bicycling motion sensors downtown (Task 2A)
- Complete the Cottage Court Project (Tasks 4B and 15B)
- Explore opportunities to expand the DeKalb Library parking deck (Task 1D)
- Partner with commercial property owners to develop an office marketing campaign (Task 2B)
- Implement a new food/vendor cart ordinance to enliven downtown sidewalks and public spaces (Task 2D)

## PRINCIPLE B: Encourage a Diverse and Engaged Community

Protect and expand diversity among Decatur residents, businesses, and visitors while promoting an innovative, engaged and informed community.

The Strategic Plan includes four goals related to encouraging a diverse and engaged community:

- Goal 5** Maintain and encourage diversity of race, ethnicity, income, culture, age, family type and other kinds of diversity
- Goal 6** Strengthen communication and involvement in and among neighborhoods, city government, volunteer boards and commissions, institutions, community organizations, local businesses and Decatur as a whole
- Goal 7** Support, expand and develop programs, services, events, and opportunities that respond to diverse interests, encourage community interaction, and promote a stronger sense of community
- Goal 8** Promote a culture of creative innovation and expression

There are varying definitions of community, but one that particularly describes Decatur would be: "Community – an interacting population of various kinds of individuals in a common location." It is one thing to have a group of people in a set location, but true community is built when the group of people includes a broad range of diverse residents, business owners, staff and visitors who interact, engage and passionately participate in building and nurturing a strong sense of place. In fact, the diverse and engaged members of our community are one of the most influencing components of the City's unique character. The City recognizes the importance of a diverse community with a strong sense of place and actively strives to make sure this community is open, inclusive and welcoming to all.

## Diversify Decatur

The City would not be what it is today without the ongoing efforts to be welcoming to people of all genders, ages, races, cultures, lifestyles and economic status. Efforts to expand employment opportunities and housing options in the city also support a diverse community. One of the many ways the City benchmarks its diversity efforts is through the statistically significant National Citizen Survey. This year the City had access to an opt-in version of the survey, allowing any resident to participate. Questions on the 2018 survey focused not only on demographics, but also asked for community input on issues like complete streets and affordable housing.

To expand the diversity of housing stock, the City is making it easier to build a mix of building types and sizes so that individuals and families of various incomes have the chance to own or rent in Decatur. Currently in the works, the Cottage Court Pilot Project is intended to show an affordable, small-scale alternative to large-format, single-family infill housing. The City has also worked with its Better Together Advisory Board on a wide range of projects related to diversity. Some of the Better Together highlights from the past year include: sponsoring the Welcoming America Interactive Reception, the successful Community Conversation Sunday Supper, the I Am Decatur art installation, and the MLK Community Reflection event.

## Planning for Our Future

Over the past year, the City embarked on numerous planning projects, including the 2018 Community Transportation Plan Update, the East Lake MARTA Station LCI Study, Reimagine West Howard, and the United Methodist Children's Home (UMCH) Master Plan. Public engagement and stakeholder involvement were key components of each of these planning projects, ensuring that every member of the community had a chance to voice their opinion and help shape the future vision of the City. In addition to the traditional public engagement practices, interested community members were able to add thoughts and comments to the 2018 Community Transportation Plan Update Wikimap, participate in the East Lake MARTA Walking Audit, tour the UMCH property, and host or attend Civic Dinners for the UMCH visioning process. In fact, over 400 community members came out on a rainy Sunday in February to attend and participate in the UMCH kick-off event.

## Staying Connected

One of the biggest roles that the City Commission and City Manager's Office play is to strengthen community relationships and connect community members to their government. The biennial Citizens Survey randomly selects 1,500 households and asks them to provide feedback on quality-of-life questions, service delivery questions and specific topic questions that change with each survey depending on current programs. The City Commission also initiated an "Open Office Hour" program allowing individual commissioners and the Mayor to address specific, timely topics and answer relevant questions from the community. These sessions are streamed on-line at the City's website making it easier for community members to share in the conversation.

With so much happening in Decatur, from construction projects to volunteer opportunities, the City realizes the need to keep its residents informed. New this year was an upgrade to the outdated new resident packet. The new resident packet, Hello: Welcome to Decatur!, provides useful information for both new and existing residents, from ways to get involved to understanding how the City budget, building permits, and various departments work. The City expanded its Decatur Makeover webpage to cover traffic disruptions city-wide. The DecaturNext website was updated and used extensively to engage community members with active planning efforts described earlier in this narrative. The City is active on traditional communications platforms and social media outlets. In fact, the Police Department

### Engaging the Next Generations

What better way to encourage an engaged community than to start with the children. As part of the “My Community and Me” learning expedition at Winnona Park Elementary and Clairemont Elementary schools, the Decatur Public Works department collaborated with students and teachers to upgrade the crosswalks in front of the schools. The crosswalk paintings encouraged the children to be active members of their community and helped the City integrate art into public infrastructure.

The City worked in numerous ways to engage its future leaders by supporting a petition from third-grade students to rename a tributary of Peavine Creek behind Westchester Elementary to Wolfpack Creek, hosting countless tours and birthday parties at the Police and Fire departments, continuing the successful Touch-A-Truck event, organizing and participating in community helper days with City Schools of Decatur, Junior Police Academy, Junior Firefighter Obstacle Course Challenge, Decatur Youth Council and Children and Youth Services Counselor in Training and Junior Counselor programs.

### MLK Service Project

Over 930 volunteers participated in the 2018 MLK weekend service day project. A total of 34 projects were completed during the three day event with 27 homes repaired and 7 more received yard cleanups. Senior homeowners benefitted

from porch repair, handicap ramp installation, weatherization, bathroom upgrades and yard and fence maintenance, to name a few. The MLK Service Project is the purest example of a diverse and engaged community at its finest – where residents, staff and other community members come together to support and ensure that elderly, low-income residents have the opportunity to age in place in a safe, comfortable home and remain an integral part of the community.

## FY 2017-2018 Accomplishments

- Hosted six sessions of Open Office Hour programs with the City Commissioners and City Manager (Task 6A)
- Updated the New Resident Packet (Task 6A)
- Expanded the Extreme Makeover website (Task 6A)
- Worked alongside Winona Park Elementary and Clairemont Elementary School Cross-walk Painting (Task 8C)
- Installed Foresight Augmented Reality (FAR) devices at Decatur City Hall, Decatur Recreation Center and Ebster Recreation Center (Task 5C, 6A, 8D)
- Produced and released recruitment videos for the Police department and Fire departments (Task 5D, 6A)
- Purchased the “Something We Had to Go Through” downtown art installation and completed of the 3rd phase of the Decatur Artway installation (Task 8A)
- Hosted the MLK Community Reflection, Better Together Community Conversation Sunday Supper and the “I am Decatur” art installation (Task 5C and 6B)
- Implemented the Decatur buskers program (Task 8B)
- Published the Get on Board resident board highlight in the Focus (Task 6A)
- Received a National Research Center’s Voice of the People Award for the 2016 National Citizen Survey responses (Task 5C)
- Approved sanitation and stormwater fee offset for low-income seniors (Task 5C)

## FY 2018-2019 New Projects, Programs, and Policies

- Redesign the City website (Task 6A)
- Host an Attainable Housing Summit (Task 5A)
- Implement a new city mobile app that includes civic engagement components and push notifications (Task 8D)
- Install the 4th phase of the Decatur Artway in Oakhurst (Task 8A)
- Begin the 2020 Strategic Plan process (Goal 8)

## PRINCIPLE C: Serve as Good Stewards of the Environment and Community Resources

Practice fiscal, environmental, and organizational stewardship to make efficient use of finite resources through collaboration and conservation.

Five goals were identified in the 2010 Strategic Plan as ways to sustain the City's natural and built environments and to protect the City's economic viability:

- Goal 9** Expand and diversify the City's revenue base
- Goal 10** Continue to provide quality services within fiscal limits acceptable to the community
- Goal 11** Assure the efficient use and coordination of all community facilities by strengthening community partnerships
- Goal 12** Foster environmental, social, and economic sustainability in all aspects of city life and government practice
- Goal 13** Protect and restore natural resources, support environmental health and ecological awareness

Understanding that our resources are finite and absolute, the goals within Principle C leverage innovation and technology to create a more sustainable and livable city. The goal of any "smart" city is to effectively use innovation and technology to improve the quality of public services and overall quality of life in the community. The City seeks ways to use technology in an effort to manage operating costs, protect the environment and better engage with residents. Advances in Smart Technology allow the City of Decatur to do many things like better understand traffic, grow our urban tree canopy, provide the best possible services for the least possible cost, and increase resiliency through thoughtful conservation of our natural and built environment.

## Diversifying Revenue Sources

The City of Decatur was successful in looking for and obtaining new ways to increase its revenue over the past year and will see the rewards of this work in the near future. The Special Local Option Sales Tax (SPLOST) was approved by DeKalb County voters in November 2017. It will greatly improve Decatur's ability to service bond debt and provide new funding to construct new large scale capital projects. SPLOST funds will be the primary monetary source for the re-design and construction of an improved Atlanta Avenue, West College and West Howard Avenue intersection. An increased hotel/motel tax rate will also go into effect during the 2018-2019 fiscal year. This increase will generate additional tax revenue from existing hotels as well as the new Hampton Inn and Suites under construction on Clairemont Avenue that is scheduled to open in the first quarter of 2019. This increased revenue will help fund the Decatur Tourism Bureau, provide funding for the maintenance of the Decatur Conference Center and generate additional revenue for the general fund.

## Acting on Opportunities

Fiscal responsibility means the City must use existing revenues efficiently, take advantage of grants and funding opportunities from outside sources and look for new sources of revenue for the future. New technologies and data collection and analysis within the City of Decatur will continue to be instrumental in creating a more sustainable City now and into the future.

When the United Methodist Children's Home property was purchased by the City of Decatur in 2017, 22 acres were funded through a low-interest loan from the Georgia Environmental Finance Authority conditioned on holding this area in a conservation easement. This loan meets two goals within Principle C in that it saves the city money on debt service as well as promoting the preservation of greenspace allocated for public use. In addition to the loan, the City of Decatur was also successful in obtaining an \$800,000 grant from DeKalb County for special projects within the 22 acre conservation area. This grant will allow the City, over a period of ten years, to do conservation improvements such as trails, invasive species removal, reforestation and water management. The visioning and master plan process for the Children's Home property will better assist the City in implementing the community vision for how the buildings, facilities and grounds will be used and shared how public/private/non-profit partnerships may be formed. The City has already leased space in the Administration Building to local non-profit groups as a pilot to test a future model as a non-profit administrative center.

## Utilizing Technology

The data collected and analyzed in this year's upcoming stormwater masterplan will be instrumental in shaping the future of our streets, storm sewer infrastructure, streams and creeks both within our community and the metro Atlanta region. Recently approved developments and rezoning actions, such as the planned City Schools of Decatur Academy School located on Talley Street and the current Mixed-Use rezoning proposal of the East Decatur Station district will address the City's goal to eliminate surface parking lots and better manage local traffic. A current proposal being developed to expand the parking deck behind the DeKalb Library also focuses on the reduction of surface parking lots and the creation of shared parking opportunities in centralized parking structures. Eliminating downtown surface lots allows for redevelopment opportunities that create a more active and inviting pedestrian experience, provide additional retail and residential options and connect existing retail and restaurant activity centers downtown.

The concept behind being a Smart City is simple, but the application is often misunderstood. With good data and a clear vision for sustainability, the City of Decatur can make informed and more accurate decisions that will support changes that will improve service delivery and quality of life. Whether it is updating existing technologies, structures and

strategies or the incorporation of new, smarter and more efficient ones, strengthening and improving the City of Decatur through the lens of fiscal and environmental stewardship will ensure stability now and well into the future.

### FY 2017-2018 Accomplishments

- Completed a study for a shared parking deck and redevelopment of commercial property in the 300 block of Church Street (Task 9A and 9C)
- SPLOST approved to increase revenue base for City of Decatur capital projects (Task 9D)
- Received an \$800,000 grant from DeKalb County to complete special projects within the conservation area at the Children's Home (Task 10B).
- Created the pollinator (bee) garden at Willow Lane and Superior Avenue (Task 12C)
- Purchased of the United Methodist Children's Home which contains existing community gardens and has 22 acres in a permanent conservation easement. (Task 12C and 13E)
- Recertified as a Bee City USA (Task 12C)
- Undertook a LCI (Livable Centers Initiative) study for the future re-development of the East Lake MARTA station (Task 9C )
- Awarded Partner of the Year by Southface Energy Institute for the City's continued efforts to promote High Performance Building Standards within the Unified Development Ordinance (Task 12B )
- Installed new LED Lighting at the Decatur Convention Center Parking Deck (Task 12F)
- Completed three mixed-use downtown projects adding \$142 million in value to the city tax digest – an 82% increase over the undeveloped property valuation (Task 9A)

## FY 2018-2019 New Projects, Programs, and Policies

- Install pedestrian counting sensors in downtown to collect data for pedestrian counts that may be used to promote social and economic viability to prospective businesses to locate to downtown Decatur (Task 9A)
- Implement use of electronic permitting and plan review technology to reduce vehicle trips, paper printing and archival storage related to construction permits (Task 10A)
- Begin design and improvement of the Church Street and Commerce Drive intersection for a cycle track with grant funds provided by Georgia Department of Transportation (Task 10B)
- Complete master plan activities for the Children's Home Property that identify community partnerships to assist in implementation and shared use (Task 11A and 11B)
- Complete a community-wide stormwater master plan (Task 13B)
- Acquire 3.5 acres of greenspace between Chevelle Lane and Dearborn Circle (Task 13E)

## PRINCIPLE D: Support a Safe, Healthy, Lifelong Community

Assure that housing, mobility and support services exist to provide everyone at every age a high quality of life.

Three key goals in the 2010 Strategic Plan address this principle:

- Goal 14** Enhance mobility options within and to Decatur
- Goal 15** Expand the variety of high quality housing options to meet the needs of a diverse community
- Goal 16** Provide programs and services that support and enhance a safe, healthy and active lifestyle

The goal of Principle D is to provide a high quality life for residents of all ages by expanding housing options and programs that support health and safety as well as physical activities for all ages and abilities, especially in under-served populations. Each City department and division follows the tenets of the 2010 Strategic plan in fulfilling their mission, vision and goals for the future. Principle D encourages an environment where housing and mobility services are provided, physical activity is accessible and programs support high quality living at all stages of life.

### Active and Engaged Seniors

Summer workshops for adults and seniors in Decatur include Gardening 101, flash writing and mystery field trips to the Atlanta Botanical Gardens and Fernbank Museum. Popular adult and senior programs include open yoga, flamenco dancing and lunch time board games. Celebration of National Senior Health and Fitness Day, a collaboration between the City and DeKalb County Library, took place in May 2017 with over 100 seniors in attendance.

Emory University medical students partnered with the City to allow students to earn course credit while also learning how adults and seniors can live an active, healthy lifestyle through recreation and leisure.

Decatur has many community gardens within the city limits, providing access to gardening for most residents. The City is

planning to transform the Scott Park garden to raised beds allowing for improved access to those with disabilities. The recent purchase of the Children's Home property could provide a much larger garden space than has been possible.

### Encouraging and Supporting Lifelong Activities

Residents and visitors alike have plenty of wellness opportunities while in the City. The Glenlake annual tennis tournament averages over 100 participants and continues to be the highlight of the tennis season. The Active Living division partnered with the Boys and Girls Club and Dynamo Pool Management to offer year-round indoor public swimming, swimming lessons and aquatics classes at the recently renovated Oakhurst Pool.

The City continues to host the annual Earn-a-Bike program and Bike Rodeo. These classes teach bike safety, maintenance and rules of the road for Decatur's youth. The new 'Women and Biking' class aims to encourage women to bike more frequently and to feel comfortable biking on the road. The City's "Bike to Work" day offers coffee and doughnuts to Decatur

cyclists on their way to work during May's Bike Month. Additional bike racks and a bike repair station were installed along the new North McDonough Street cycle track. The proposed Commerce Drive cycle track, Clairemont Avenue intersection improvements, Church Street cycle track, Howard Avenue improvements and purchase of property along the Dearborn Park trail will improve bicycle and pedestrian accessibility throughout Decatur.

### A Safe Space for Youth

Over 200 registered youth and teens participate in programming at Ebster Recreation Center. Free classes include science for fun, fashion and sewing, healthy cooking classes, arts and crafts and teen mentorship groups. These classes are offered in partnership with the Decatur Housing Authority to provide programs to low income families in Decatur. All nine afterschool programs offered by the Children and Youth Services (CYS) Division are accredited and serve over 600 participants. CYs will offer new summer camps in partnership with the Fire department and is preparing for expanded programs at the future City Schools of Decatur Academy School on Talley Street beginning in the 2019-2020 school year.

In collaboration with the Decatur High School football program, Active Living established the City's first ever youth tackle football program, with over 60 fourth through sixth graders participating. The new girls' basketball clinic, offered on Thursday afternoons, was created to meet the growing demand for female athletic programming in the area. As a branch of adult co-ed basketball, a league was created for women in Decatur.

Through improvements in infrastructure, increased youth and adult programming and staff wellness, the City of Decatur encourages a safe, healthy and lifelong community. Decatur residents can easily incorporate wellness into daily activities, such as walking to school, playing in sports leagues, attending an educational camp, or growing vegetables at a community garden.

### A Safe Space for All

The Fire and Police departments continue to offer public education classes as a way to get to know the community that they serve and improve safety and security. In recent years, child safety courses has been the top request from community members. In late 2017, the Police department established a relationship with local non-profit Revved Up Kids and began hosting Safety & Self-Defense workshops for children and teens and co-hosted a Child Safety event during Child Abuse Prevention Month at the Decatur Recreation Center with Revved Up Kids and the Georgia Center for Child Advocacy. To date, over 500 children and teens have participated in the Revved Up Kids workshops and approximately 125 attendees have attended the four Revved Up Kids parent seminars. Parents are excited about the next opportunities. In the next year, the Fire department will provide more than 20 public education programs to the community, including community CPR, human trafficking awareness and safety talks to residents living in high rises.

At least 295 women have completed the R.A.D. (Rape Aggression Defense) Women's Self-Defense program with since 2014. There are over 190 names on the "Future Participants" list waiting for a course that works with their schedules. Women who have completed the R.A.D. course are also signing up for other programs at the Police department and the city

such as Decatur 101, the Citizen's Police Academy, educational presentations and registering their children for the Junior Police Academy. Police staff have experienced the unintended but welcomed effect of R.A.D. alumnae reaching out to us with questions and to report issues in their neighborhood. The relationships built during the course carry on and help the department and the community well after the course ends.

Both departments enjoy working with residents involved in the CAPS (Citizens Assisting Public Safety) programs. The Fire CAPS program is a six week course that trains residents in a wide variety of skills ranging from CPR and blood pressure screenings to chain saw safety. Fire and Police CAPS members have been utilized in support roles for nonemergency and emergency incidents. Members continue to assist during inclement weather: winter storms, down trees, staffing warming and cooling stations, and assisting with festivals and events.

Police and Fire staff are working to expand the Smart911 Program. This program allows first responders to access medical information needed to treat patients needing assistance. The safety profile provides critical medical history and pertinent information needed. There will be greater focus on reaching more residents as well as providing information regarding additional features such as Smart Alert and Severe Weather Alerts.

### FY 2017-2018 Accomplishments

- Installed Adult fitness equipment at Scott Park (Task 16D)
- Participation in the Safe Routes to School program increased 3% overall in the current year and is up 77% at some schools (Task 14B and 16F)
- Funded the Reimagine West Howard improvements, which reduces the number of vehicular travel lanes and provides dedicated left turns and safer and more frequent pedestrian crossings (Task 14D)
- Installed new bike racks on Ponce de Leon Avenue, Trinity Place, and East Howard Avenue (Task 14C)
- Installed pedestrian hybrid flashing beacons on Clairemont Avenue near the Decatur YCMA and on S. Candler Street at E. Davis Street to designate safer pedestrian crossings (Task 14A)
- Received accreditation for all nine CYS programs (Task 16C)
- Removed sidewalk trip hazards along Adams Street, Ponce de Leon Avenue, Clairemont Avenue, Glendale Avenue, Avery Street, and Mead Road (Task 14A)

- Replaced sidewalks along the North McDonough parking loop that had been uprooted by trees (Task 14A)
- Replaced broken sidewalk and provided curb ramps along Adams Street (Task 14A)
- Designated 16 streets as Residential District Speed Zones to promote a safer environment in the neighborhoods for pedestrians (Task 14D)

## FY 2018-2019 New Projects, Programs, and Policies

- Install new signage in all parks (Task 16D)
- Construct field storage units at Ebster and McKoy Parks (Task 16D)
- Implement Reimagine West Howard improvements (Task 14A)
- Install a pedestrian hybrid beacon on Scott Boulevard at Westchester Elementary (Task 14A)
- Begin the design and construction bid phase of the Atlanta Avenue crossing improvements (Task 14A)
- Open 92 affordable dwellings for senior residents at East Decatur Station (Task 15C)
- Host an Attainable Housing Summit to discuss important issues related to housing diversity and affordability (Task 15A)
- Develop and implement the Explorers program in the Police department as a way to increase interaction with the city's youth (Goal 16)
- Implement shared bikes program with Atlanta Relay Bikes (Task 14G )
- Add two crossing guard position for the Safe Routes to School program (Task 14B)
- Implement on-street video technology to collect counts of vehicles, pedestrians and cyclists in the downtown area (Task 14G)
- Create new CYS programs for CSD Academy School on Talley Street. (Task 16C)
- Conduct an East Lake Drive/2nd Avenue Corridor study for traffic calming improvements (Task 14A)
- Fund first of five year plan to repair and build sidewalks throughout the City (Task 14A )

## PRINCIPLE E: Provide the Necessary Support within City Government to Achieve the Vision and Goals of the Community

Support an innovative and creative work environment that attracts the best employees, provides them with the tools needed to perform their work and sets an expectation of exceptional public service for the community.

Principle E was created by a committee of city employees to align the internal operations of the City with the principles and goals identified by the community in the 2010 Strategic Plan. Each year as part of the budgeting process, city departments develop their annual work programs and expenditure plans in response to specific goals and tasks included in the strategic plan. A large percentage of the City's budget is allocated to personnel and equipment as well as to internal administrative activities, but many of these expenditures do not easily relate to specific strategic plan goals. Principle E was designed to clarify this linkage and reinforce the important connection between what the City does as an organization and how staff accomplish their work.

- Goal I:** Recruit the best employees possible with knowledge and skills, a commitment to high performance and an appreciation for Decatur's unique character
- Goal II:** Retain the best employees by providing just compensation and benefits, the highest level of employee training possible and a commitment to developing leadership potential
- Goal III:** Provide and maintain the most efficient tools and equipment possible to allow staff to perform their work safely and effectively
- Goal IV:** Provide attractive, efficient, well-maintained public buildings, parks and facilities as a reflection of our resident's pride in their community and to provide a pleasant environment for people to enjoy and our employees to work
- Goal V:** Maintain the highest standards of financial accountability of public funds
- Goal VI:** Employ technology to provide the highest level of service possible to our residents

Principle E provides a link between the internal work program of the organization and the strategic plan. Principle E connects community members' goals and principles with the daily activities of city staff. Principle E is a key component to ensuring the city operates as a high performing organization. It supports the City's innovative and creative work environment in order to attract the best employees, provide the tools needed to perform excellent work, increase employee satisfaction and provide exceptional public service for the community.

### Efficiency Through New Technology

The link between City of Decatur employees and community members became streamlined and more efficient over the course of the past year with investments in new technologies. The City of Decatur has developed a customized special event notification program providing notice to residents directly impacted by a project or event. For example, in preparation for the annual Porchfest event, the residents of Oakhurst impacted by street closings were specifically notified.

City departments are using more unique data sets to achieve targeted tasks. For instance, the City is exploring motion sensor technology in downtown Decatur to collect data counts for bicyclists, pedestrians, and vehicles to get a better understanding of how new developments and infrastructure improvements impact modes of transportation and provide critical foot

traffic counts to prospective retail businesses. In an effort to increase the City's tree canopy, staff can now calculate and analyze canopy coverage data to test the effectiveness of current policies.

City departments are investing in new software that improves efficiency in their jobs and interactions with the citizens. The City is using a new software program that allows Decatur residents to view, print, and make payments for business licenses and property taxes. The City continues to add forms to SeamlessDocs in an effort to have more paperless processes and to make information more accessible and easier to use for external and internal customers. The City will convert existing application processes to an electronic permitting system for all development, permit, and inspection requests. The system will also link to the City's existing geographical information system (GIS) to provide a visual reference for activities around the City. The City utilizes an accounting program to post daily receipts, business licenses, cash collection, tax payments, monthly reports, and deposits with ease. It also uses a mobile data services plan so that employees can work on the go.

### Enhancing Tools of the Trades

Purchasing new equipment helps employees become increasingly efficient and responsive in meeting the daily requirements of their job. Staff members who are required to be in the field throughout the day are provided with iPads and laptops to improve communication and reporting. The Fire department purchased a "mini-pumper" to operate more effectively in an urban setting with narrow streets and larger buildings. Providing a safe, comfortable workplace and the tools necessary to accomplish required work have a direct impact on employee satisfaction. Over the past decade, the City has invested in renovations of all city facilities including work places and city-owned parks and recreational facilities. Most buildings include flexible work spaces and can accommodate community meetings. The City will increase office quiet zones to improve staff focus and productivity levels. The City's streetscape improvements, sidewalks, and growing network of bicycle lanes allow City staff opportunities to travel about Decatur in active and healthy ways and a growing number of staff members are taking advantage of this option.

### Hiring and Retaining the Best Staff Possible.

Employees are the most important asset for achieving an organization's goals. The City is working with film producers to create recruitment videos for departments and to produce video clips to give visitors the feel of Decatur and entice them to come visit. Decatur Fire hired part time employees to fill-in on shifts to maintain minimum staffing requirements while full-time staff are on leave. This has significantly decreased overtime costs. Com-

munity Risk Reduction continues to enhance the safety and awareness of potential hazards, fire, health and environmental issues for people living and working in the City. Station tours for school groups, car seat installations, inspections, and the increasing positive presence on social media outlets strive to cover all types of community risks, even internet safety. The Fire department's Facebook page has grown to 1000 subscribers, and videos on YouTube have over 1.5 million views and growing. Staff is working with students and teens in the area on posters and videos for possible public service announcements.

The City is committed to retaining the best employees by providing competitive and just compensation and benefits. Annual Retirement Statements are provided to employees in order to incorporate their retirement benefits into plans to adequately prepare for retirement. Technology upgrades have made completing timesheets more efficient. Direct on-line and phone access to the new payroll clerk makes it easier for employees to get payroll questions answered.

The City conducts biennial salary surveys to assure that salary ranges are comparable to other similar local governments. This effort allows the City to offer fair and reasonable salaries and attract qualified staff throughout the organization. For example, Children and Youth Services increased part-time pay scales by up to \$2/hr in order to attract and retain the best employees for part-time counselor positions. In order to minimize the financial impact to the City's general fund, CYS increased session fees for K-5 afterschool programs. This allowed funding of over-time for full-time staff, as well as the pay increase for part-time staff, through program funds instead of through taxes.

Once hired, the City invests in the personal and professional growth of employees through education and training opportunities, as well as providing robust health and wellness benefits. Several employees furthered their professional development by achieving higher education degrees, completing certification requirements and meeting continuing education requirements to maintain professional accreditation. City employees served on boards of associations and were recognized with awards for performances and projects which also benefitted the organization. These employees are instrumental in maintaining Decatur's national and international reputation as a city that values innovation and creativity. City employees attended a wide range of professional development conferences and workshops including: Aging in America, Creative Placemaking Leadership Summit; National Recreation and Parks Association meetings; Athletic Business, Georgia Recreation and Parks Association; Bike Summit; GA Walk Summit; Georgia Association of Women in Public Safety; Leadership DeKalb; National Trust for Historic Preservation; the International Downtown Association Conference; National Main Street Conference; International City and County Management Association Conference; and, Georgia City County Management Association. Staff members logged training hours and earned certifications through Crematory Monuments Training, American Public Works Association Courses, Certified Public Works Manager Courses and National Fire Protection Association Fire Inspector Certifications.

Changes in organizational work assignments also led to maintaining high standards and use of efficiency. The Engineering division combined two crews, Drainage and Streets, into one group that allows staff to cross train for knowledge and uniformity, making it easier to have one crew leader and one contact for each component of the department. Fire re-assigned community risk reduction and all fire marshal duties to the assistant chief and placed all operations under the deputy chief. A new payroll clerk position was created to meet the demands of a growing workforce. The Payroll & Benefits Coordinator position was re-titled to Heath & Wellness Coordinator, thus eliminating all payroll functions from that position and focusing on benefits and wellness.

## Healthy Employees Help Reduce Costs

When employees are healthy, they show up for work and provide quality performance. Overtime and temporary staff costs are reduced and health insurance costs are lowered. The City partners with Corporate Health Partners to encourage and support better health among all employees. Corporate Health Partners assists with annual biometric screenings and health risk assessments and all employees are encouraged to participate in this wellness program. The program enables employees to keep track of their wellness journey using the on-line “Healthy Trax” program and chart their progress from year to year. This program provides incentives for participation and improving health through reduced insurance costs. The wellness program will be expanded in the next fiscal year to include spouses. The Fire department has become a smoke free department with all previous smokers successfully kicking the habit.

The City continues to offer a variety of classes and programs throughout the year to encourage a healthy lifestyle for all employees. Programs include: diabetes education seminars; anti-stress training; health lunches programs; and organized walks during the day to enhance the well-being of City employees. The City wellness program is considering adding lunch carts in the upcoming year offer healthy dining options for those who routinely “work through lunch.”

## Smart City

City employees have worked with the community to identify what it means for the City of Decatur to be “smart.” The “smart city” concept is at risk of being a buzzword co-opted by private sector vendors selling technologies that may not address a community’s unique needs. We believe that Decatur can be “smarter” by using technology and data to be more effective, efficient and strategic as we work towards achieving the community’s vision. The application of new technology must be consistent with the strategic plan goals and must address identified community challenges. The City has applied for a grant to conduct a smart corridor to identify technologies that can improve mobility in and around Decatur. Predictive analytics will be applied by the Fire and Police departments and Human Resources division. The Fire and Police departments will use drone technology to assist with public safety activities. The parking industry has been transformed by technology and more innovation is anticipated with the City’s parking partners. The proliferation of technology applications brings with it cybersecurity vulnerabilities. While the City has performed an independent cybersecurity assessment, additional cybersecurity measures are planned in the next fiscal year including a cybersecurity incident response plan and penetration testing.

## Planning for the Future

Succession planning is a critical component of any healthy organization. The City provides internships at planning and zoning, fire, sanitation and the City Manager’s Office that often lead to bringing newer, younger employees into the organization. The E5 Academy, a 9 month course offered to City employees that have been with the city at least 2 years, is designed to create engaged, effective, excellent and evolving employees. The City has had 22 employees graduate, and has begun training with another round of employees. New City employees joined citizens in the city’s Decatur 101 program, an annual class designed

to create informed and involved citizens and put a “face” on government. It is open to the community and employees are encouraged to take it to learn more about the different departments in the city.

#### **FY 2017-2018 Accomplishments**

- Expanded employee wellness program to include activities to combat obesity and diabetes (Goal II)
- Upgraded telephone system in city facilities (Goal III and VI)
- Purchased a training simulator for use by the Police department (Goal III)
- Implemented recommendations from cybersecurity risk assessment (Goal IV)
- Continued staff involvement on interdepartmental teams and committees including the Technology Committee, Performance Management Committee, Complete Streets Team, Wellness Committee and Story Team (Goal II)

#### **FY 2018-2019 New Projects, Programs and Polices**

- Expand employee wellness program to include activities to combat women’s health issues (Goal II)
- Replace the fiber network connecting city facilities (Goal III and VI)
- Continue to implement recommendations and best practices from cybersecurity risk assessment (Goal IV)
- Develop and begin implementation of Decatur’s Smart City Initiative (Goal VI)

# Summary of Fund Budgets

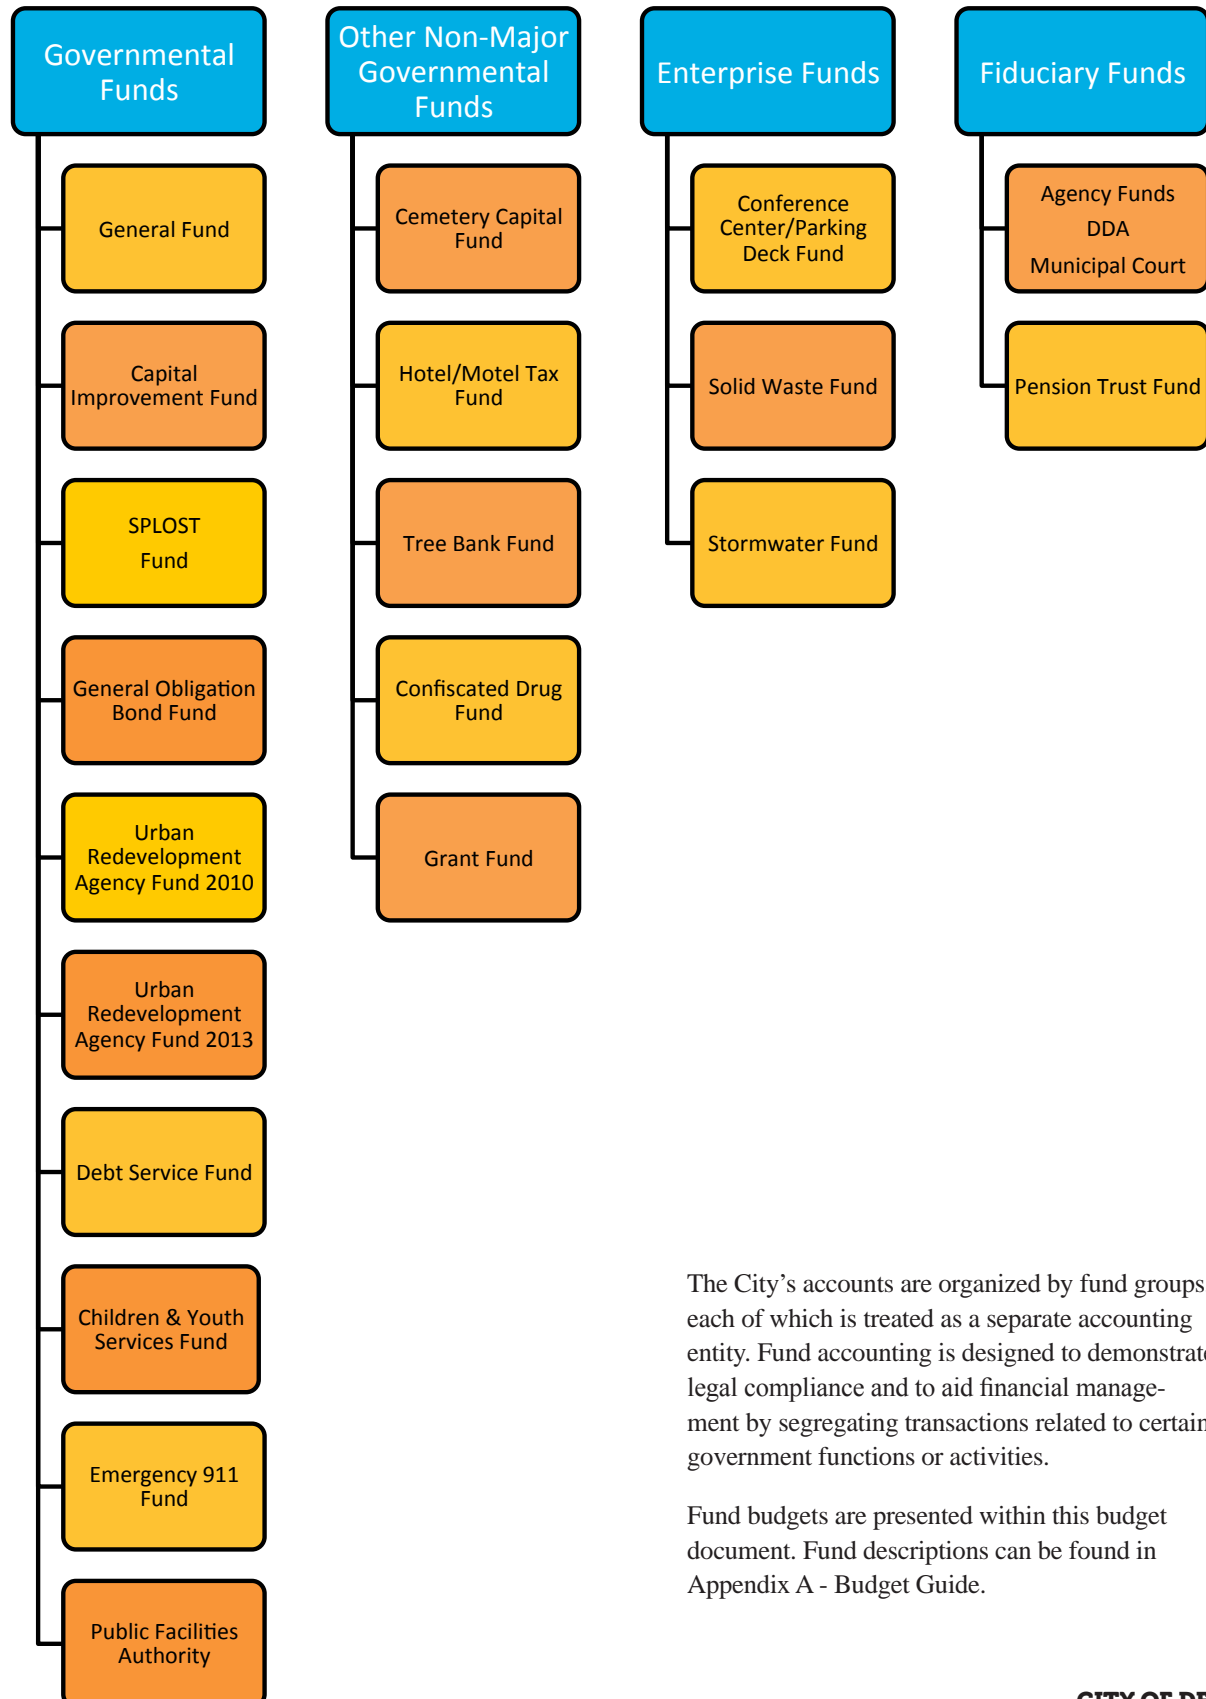

Budget FY 2018-2019

# CITY OF DECATUR

## Fund Organizational Chart

The City's accounts are organized by fund groups, each of which is treated as a separate accounting entity. Fund accounting is designed to demonstrate legal compliance and to aid financial management by segregating transactions related to certain government functions or activities.

Fund budgets are presented within this budget document. Fund descriptions can be found in Appendix A - Budget Guide.

## Fund Balance Summary - All Funds

<i>Fund Balance, end of FY 13-14</i>	\$5,501,604	\$18,553,224	\$349,059	\$6,383,974	\$156,069	\$800,730	\$5,289,992	\$37,034,652

<b>Estimated Ending Fund Balance:</b>							<b>\$7,331,162</b>

## Revenues & Expenditures

Georgia State law requires that municipalities adopt balanced budgets where expenditures do not exceed revenues. It is possible to achieve a balanced budget by using available fund balance or reserves. Fund balance should be used prudently and only in accordance with the city's fund balance policy. The 2018-2019 budget uses \$1,481,030 from fund balance. This will result in a fund balance of \$7,331,162 which is 27% of the city's operating budget. The city's policy states that the fund balance should be within 20-30% of the operating budget.

## Summary of Fund Budgets

# All Funds Overview

## 2017-2018 REVISED GENERAL FUND BUDGET ESTIMATE

The 2017-2018 Revised General Fund Budget Estimate is \$299,560 more than the approved 2017-2018 Budget Estimate, a 1% increase, and totals \$25,496,150. Overall personnel services expenditures decrease in the revised estimate by \$78,290. Specifically, there are decreases expected for full-time and part-time salaries and workers compensation. The salary savings are a result of vacancies because the approved budget funds all full-time positions as if they are filled throughout the entire fiscal year. The majority of the decrease is in the Police department. Since the City is partially self-insured for workers compensation, when employees suffer fewer and less serious on-the-job injuries the City's workers compensation expenditures are lower. Other areas in the revised budget with significant savings include contractual services, stormwater utility fees, electricity and motor fuels. Contractual services dropped over \$84,000 because the Children's Home master planning services were charged to the Capital Improvement Fund instead of the General Fund. Upon acquisition of the Children's Home property, it was determined that the amount budgeted for stormwater could be reduced. Uncertainty about the utility costs associated with the Children's Home property at this time last year resulted in a reduction in the electricity budget; but much of the savings was needed for other utilities such as water and sewer, natural gas and street lighting. Savings of over \$24,000 are expected in motor fuels which reflect lower than anticipated gasoline prices throughout the year.

Overtime increases approximately \$197,140 in the revised expenditure estimates. Most of the increase is in the Police department which has minimum staffing levels. The overtime is required when employees are sick, on approved leave and positions are vacant. While overtime increases, there are offsetting reductions in regular, full-time salaries. The City is reimbursed when police officers work overtime for non-City sponsored special events such as road races. In the current fiscal year, the Fire department instituted a new part-time firefighter program in an effort to curb overtime costs while still meeting minimum staffing requirements in a safe and effective manner. In fiscal year 2016-2017, the Fire department spent over \$275,000 in overtime. In the 2017-2018 revised budget, \$120,000 is budgeted for Fire personnel overtime and an additional \$50,000 is budgeted for part-time firefighters; a savings of over \$100,000.

Professional services increase by \$617,170 primarily due to increased costs associated with permitting and inspection services provided by a third party, Safebuilt. Construction activity was strong during this fiscal year including three significant commercial projects - the Avondale MARTA development, redevelopment of the site formerly occupied by the County Callaway building and a new downtown hotel and parking deck. A corresponding increase in development permit revenues is reflected in the revised budget.

Group insurance remains stable in the revised budget. As of March 2018, four participants exceeded the \$85,000 specific stop loss deductible. The City is self-insured up to the spe-

cific stop loss per member and the aggregate stop loss as a whole. The current budget is able to absorb the claims, but exceeding the stop loss will affect fixed costs associated with the stop loss coverage in the next fiscal year. The specific stop loss carrier has paid more than \$580,000 for claims over the stop loss while the City's stop loss premium is still well below the amount paid by the insurance carrier.

Utility usage has resulted in higher than expected expenditures. In particular, the City's overall budget for water and sewer from DeKalb County is increasing by \$30,000 to \$160,000 in the revised estimates. While water usage rates have increased, further study is needed to determine the exact cause of the growth in this area. The budget for natural gas is increasing by \$22,000 to \$55,000. Some of this increase can be attributed to the new Children's Home property. Street lighting is increasing by \$35,000 but part of the increase is due to the inclusion of a bill from the prior fiscal year.

The 2017-2018 Revised General Fund revenue estimates increase \$299,560 over the approved 2017-2018 budget. Before taking into consideration interfund transfers and use of fund balance, the revised revenue estimates are \$699,910 or almost 3% more than the approved 2017-2018 revenue estimates. Real estate property taxes are increased by \$380,400 primarily due to an increased billing after appeals were settled and balances paid in fiscal year 2017-2018. Development-related permit fees increase \$399,000 due to strong commercial and residential development activity. As noted earlier, there is a corresponding expenditure increase for permitting and inspection services. There are increases in other revenue categories including an increase of \$76,510 in the insurance premiums tax, \$50,000 in the public utilities tax due to a settled appeal and \$35,000 in reimbursements for public safety overtime which reflects an increase in special events security fees in the current fiscal year. An increase of \$75,630 in revenue associated with the Downtown Development Authority (DDA) Management Service Agreement reflects reimbursements for expenditures in the general fund related to DDA activities. Decreases include \$119,000 in lower revenue from penalties and interest on property taxes, a decrease of \$85,000 in parking meter fees, \$85,000 less in intangibles taxes and a reduction of \$57,500 in the electric utility franchise. Georgia House Bill 960 reduced the penalty amount for nonpayment of ad valorem taxes to five percent from ten percent and is not applicable until 120 days after the due date. During the current fiscal year, there have been fewer accounts to collect upon that fall within the new criteria. The parking meter fees are lower because the City's parking management vendor has been deducting their service fees from revenues instead of billing the City directly. We have requested reports from DeKalb County to explain the drop in the intangibles tax. According to Georgia Power, last year's mild seasons resulted in less energy usage and that translates into lower franchise fees. Most other revenue categories remain flat or change only slightly.

Other adjustments are shown for transfers between the Solid Waste Fund, the Stormwater Utility Fund, Public Facilities Fund, Hotel/Motel Tax Fund, E911 Fund and the Children and Youth Services Fund. The charges to the Solid Waste and Stormwater Funds reflect revised overhead costs as well as fee offsets for low-income seniors that were granted on the 2018 tax bills. The transfer to the Public Facilities Authority Fund reflects the amount needed to cover the first year of debt service for the Children's Home property. It increases from \$750,000 to \$850,000. The anticipated revenue from the Hotel/Motel Tax Fund drops slightly by \$16,800 based on current tax receipts. The transfer to the Children and Youth Services Fund was reduced by \$50,000 as that operation continues to reduce its financial dependency on the General Fund. The General Fund transfer to the E911 Fund remains at \$400,000.

There is a decrease in the amount needed from the fund balance. The 2017-2018 Adopted General Fund anticipated using \$1,180,030 from fund balance. The 2017-2018 Revised

General Fund anticipates using \$904,150 in fund balance. This will result in a fund balance of approximately \$8,812,192 or 33% of the 2018-2019 Proposed General Fund budget expenditures.

## 2018-2019 ADOPTED GENERAL FUND BUDGET EXPENDITURES

The 2018-2019 Adopted General Fund Budget Estimate of \$26,751,270 is \$1,554,680 or 6% more than the initial 2017-2018 Proposed General Fund Budget Estimate and \$1,255,120 or 5% more than the Revised General Fund Budget Estimate.

The Personnel Services category increases \$630,790 in the 2018-2019 Adopted General Fund Budget Estimate over the 2017-2018 Revised General Fund Budget Estimate. Within that category, full-time salaries increase \$536,210 and part-time salaries increase \$136,450. Much of this increase is due to full funding for all authorized positions and some job reclassifications.

A comprehensive salary survey was conducted in March 2017 which resulted in a 10% shift in salary ranges in the current fiscal year as well as a 5% market rate adjustment for all full-time employees. No across-the-board changes are recommended for the pay plan or pay ranges for fiscal year 2018-2019. Regular, full-time employees who are not at the top of their salary range are eligible for a 2.5% in-step merit increase on their anniversary within fiscal year 2018-2019.

There are some reclassifications being recommended based on job duties. A Personnel Specialist to Personnel Generalist - Range 7 to Range 8; an Accounting Clerk to Accounting Specialist - Range 4 to Range 5; and, a Senior Revenue Officer to Revenue Supervisor - Range 7 to Range 9. A Crew Supervisor to Grounds Crew Worker - Range 9 to Range 1. The Parking Attendant position classification is eliminated. The Accounts Payable Officer is retitled to Accounting Specialist with no range change. Two additional part-time school crossing guards are proposed, one for the mid-block crossing on Scott Boulevard in front of Westchester Elementary School and another position to serve as needed when other guards are absent.

The City estimates full funding for all positions in the adopted budget. Any salary savings due to unfilled positions are accounted for during the revised budget process. Because it can be difficult to predict the City's actual employee recruitment and retention rate and a schedule for filling vacancies, it is prudent to fund all positions and it does provide departments with some financial flexibility for unanticipated expenses during the budget year.

After salaries, group insurance is the single largest personnel services expenditure in the General Fund budget at \$2,533,920 or 9% of the overall budget. This is an increase of \$150,650 or just over 6%. Group insurance includes health claims, prescription drug costs, specific and aggregate stop loss fees, claims handling fees, Affordable Care Act reinsurance fees, dental and vision claims and fees, life insurance and short term disability insurance, and wellness program fees. After five years with a fully-insured health plan, the City returned to a partially self-insured health plan in fiscal year 2014-2015. The partially self-insured plan includes specific and aggregate stop loss coverage to limit the city's maximum liability. In the revised 2017-2018 estimates, the City's contribution towards health costs remains stable. Based on claims paid through March 2018, total health claims are estimated to be close to 99% of budgeted claims at the end of the fiscal year. The adopted budget includes an increase for health insurance coverage. The specific stop loss insurance rates for fiscal year 2018-2019 are increasing 31% or over \$152,151, primarily due to four claimants exceeding the specific stop loss deductible. The specific stop loss deductible remains at \$85,000 but sets the specific stop loss deductible for one plan member at \$175,000, a practice referred to as "lasering." There is an increase of 1.5% in the administration fees for

Blue Cross Blue Shield of Georgia (BCBSGA). Based on current information about the Affordable Care Act, the City's reinsurance payment decreases. The adopted budget estimates claims to be around 90% of the City's maximum claims liability. To put this in perspective, the City's actual expenditures on health claims were 80% of the maximum claims liability in fiscal year 2016-2017. The City's overall group insurance expenditures were about \$142,000 less than budgeted in fiscal year 2016-2017. This resulted in a cumulative amount of \$457,629 as assigned fund balance for the purpose of smoothing health costs. The assigned fund balance is useful for a self-insured health plan that can be sensitive to a number of high claims. The adopted fiscal year 2018-2019 budget uses \$75,000 in fund balance towards health costs.

The City's funding policy for health costs are calculated based on employee contributions funding 20% of the overall cost and the city paying the remaining 80%. Early retirees (pre-65) are offered a high deductible health insurance plan. In the adopted budget, employee-only contributions increase 7%. The surcharge for spouses that have access to coverage with another employer was added in the current fiscal year and remains in place. There are 34 employees paying the surcharge. Plan changes include an emergency room copay of \$500 if not admitted to the hospital, an increase in the out of pocket maximum from \$3,000 to \$3,500, a \$100 prescription drug deductible (excluding generics), maximum allowable costs (MAC) for prescription drugs, and an increase in specialty pharmacy coinsurance from \$200 to \$300. Many of the plan changes attempt to address the increasing costs associated with specialty or non-formulary prescription drugs.

Employees have the opportunity to reduce their insurance contribution by up to 30% through participation in the city's wellness program. The 7<sup>th</sup> full year of the city's wellness program will continue in the next budget year. The City partners with Corporate Health Partners (CHP) to provide wellness services. Based on the results of a biometric and health risk assessment, an employee meets with a health coach during the year to identify health risks and develop strategies for addressing the risks. Additional services provided by CHP include tobacco cessation classes and weight loss programs. The wellness program is being expanded to include employees' spouses. Over a three-year period, spouses make up 19% of the plan membership and account for 25% of the claims. The cost of the wellness premium discount plus the health coaching program is estimated to be around \$207,000. Studies consistently show that investment in employee wellness pays off with healthier, more productive employees.

The City's contribution to the City of Decatur Employees' Retirement System remains at 8% of payroll, the same rate as FY 2017-2018. The current contribution will fund the prorated cost-of-living adjustment approved by the Retirement Board of Trustees effective July 1, 2018. The previous retirement benefit adjustment was March 2001.

Professional services is the second largest expenditure, totaling \$2,561,690 in the adopted budget, a decrease of \$390,100. The majority of the decrease is due to an anticipated decrease in the permitting and inspections services provided by Safebuilt. Other professional services include legal services, IT support services, accounting services and services from other professional and technical fields. Legal fees are budgeted lower in the 2018-2019 fiscal year and information technology related services are higher in response to necessary improvements to the City's cybersecurity efforts and smart cities initiatives. Other specific projects that are budgeted in professional services include a housing policy summit, phase two of an impact fee study, an assessment and related services for a shared parking deck, and an economic development marketing and communications plans. Some of these fees will be reimbursed by the Downtown Development Authority. Contractual services total \$2,210,840, an increase of \$641,540. Included in this increase are a number of non-

recurring projects including updates to the community transportation plan, kickoff of the 2020 strategic plan, a new information technology strategic plan, an update to the historic resources survey and a retail analysis study. A proposal to contract for parking enforcement increases contractual services by \$166,250 and there is a decrease of \$36,930 in personnel services and an increase in anticipated revenue of \$275,000 dependent upon expanded enforcement hours and a \$1 increase in parking fees. The contractual services budget related to the City's pool services increases \$212,870 mostly due to the addition of a year-round, indoor pool.

Other new or increased expenditures include increased costs for additional operations at the Children's Home property, new permitting software, applicant assessment software, data visualization projects, Police Explorer's program for middle and high school students, pedestrian and bicycle metrics technology, and a new civic engagement mobile application. Expenditures continue for general operating items such as public safety education and prevention programs, safety equipment for fire and police personnel, CPR and First Aid training for City employees and community members, training and professional development for City employees, turf and park maintenance, invasive plant control, AEDs for city facilities, community-wide Active Living programs, creative business recruitment strategy, the Fire CAPS program, support of social equity and inclusion efforts, and continued emphasis on pedestrian and bicycle safety and environmental initiatives.

## 2018-2019 ADOPTED GENERAL FUND BUDGET REVENUES

The 2018-2019 Adopted General Fund revenue estimates are \$1,255,120 or 5% higher than the revised 2017-2018 General Fund revenue estimates.

The 2018-2019 Adopted General Fund real property tax estimate is \$480,600 higher than revised 2017-2018 based on an estimated 6% increase in the real property digest for 2018 and keeping the general fund millage rate at 9.24 mills. The total estimate for real property tax revenue is \$16,066,000 which is 60% of total anticipated revenues.

After real property taxes, the largest revenue category is franchise taxes which is expected to produce \$1,620,500 in General Fund revenue. Franchise tax categories include electric utility, cable, telephone, video service, natural gas and energy excise taxes. All of these are flat or declining revenue sources with the exception of the energy excise tax that started in fiscal year 2013-2014. The energy excise tax is a tax on the energy used in manufacturing. The insurance premiums tax is expected to generate \$1,350,000. Construction permits reflect strong development activity in the City. The revised 2017-2018 development-related fees are budgeted at just over \$1.3 million; a slight decrease from the \$1,597,979 received in fiscal year 2016-2017. The estimate for fiscal year 2018-2019 is a bit more conservative at \$1,035,500. Additional permitting is anticipated for the Avondale MARTA project, the Callaway project and the new downtown hotel. Fines and forfeitures are expected to be close to \$1,000,000, an increase of \$197,000. This is a combination of traffic fines, school bus stop arm violations, parking tickets and other court fees. These revenues are sensitive to staffing levels and patrol assignments. Parking meter fees and violations are expected to be close to \$975,000, an increase of \$275,000 if expanded enforcement hours and fees are approved.

Starting in fiscal year 2015-2016, the City began distributing 50% of net revenues from alcoholic beverage excise taxes, licenses and server permits to the City Schools of Decatur. In fiscal year 2016-2017, the actual transfer to the school system was close to \$330,000. The same amount is estimated for fiscal year 2018-2019 as alcoholic beverage revenues are expected to remain stable.

It is anticipated that other revenue sources will generally show modest or no changes based on estimates using historic and economic trends.

A transfer from the Solid Waste Fund to the General Fund is shown as revenue to cover the indirect costs of providing residential and commercial solid waste services minus the cost of services provided to the City of Decatur and to the City Schools of Decatur, the cost for street sweeping and the cost for emptying litter containers in the commercial district. A transfer from the Stormwater Utility Fund to the General Fund is shown as revenue to cover indirect costs of supporting stormwater activities. The Solid Waste and Stormwater funds are credited by the General Fund for the cost of the fee offset granted to low-income seniors in 2018.

A transfer from the Hotel/Motel Tax Fund is budgeted to be \$330,000 or \$57,800 greater than the revised 2017-2018 transfer. This change reflects the addition of a new hotel as well as an increase in the hotel/motel tax rate.

The E-911 Fund accounts for all the revenues and expenditures associated with operating the emergency public safety dispatch system. Fees from telephone lines as well as cellular phone service are dedicated to this purpose. However, a transfer from the General Fund is required to meet the balance of the expenditures not covered by the E-911 fees. The 2018-2019 Adopted General Fund estimate shows a \$400,000 transfer to the E-911 Fund, which is the same as the 2017-2018 Revised budget.

Children and Youth Services expenditures and revenues are budgeted in a special revenue fund that combines annual city support, grant revenues and fees to support the program. The original 2017-2018 budget estimate of \$150,000 is reduced to \$100,000 in the revised budget due to lower expenditures. For 2018-2019, there is a transfer from the General Fund to the Children and Youth Services Fund of \$100,000.

A transfer of \$850,000 is budgeted from the revised 2017-2018 General Fund to the Public Facilities Authority Fund to cover debt service costs for the purchase of the Children's Home property. A transfer of \$1,000,000 is budgeted from the adopted 2018-2019 General Fund to the Public Facilities Authority Fund to cover a portion of debt service for the Children's Home property. The balance of the debt service obligation will be covered by a transfer from the Capital Improvements Fund which will require a millage rate increase.

## **ENTERPRISE FUNDS**

The City Commission will also be asked to adopt 2017-2018 Revised and 2018-2019 Proposed Budgets for three Enterprise Funds. Enterprise Funds are used to account for operations that are financed and operated in a manner similar to private business enterprise where the intent is that the cost of providing goods or services to the general public on a continuing basis be financed primarily through user charges.

### **Conference Center/Parking Deck**

The City has entered into a long-term lease with the Decatur Downtown Development Authority (DDA) for operation and management of the conference center and parking deck. The DDA entered into a sub-lease with the Noble Investment Group for management and operation of the conference center. Hotel/motel tax collections for the upkeep and maintenance of the conference center are placed in a reserve account to be used for maintenance of the facility. That is the only public financial obligation for operation, maintenance and capital improvements for the conference center. A strong economy and the popularity of downtown Decatur as a destination for personal and professional travel contribute to the revenue available for facility maintenance and capital improvements.

The 2017-2018 Revised Budget includes a transfer of \$181,000 from the Hotel/Motel Tax Fund to cover maintenance costs. The 2017-2018 Revised Budget includes \$5,370 in expenditures.

The 2018-2019 Adopted Budget revenues include a transfer of \$170,000 from the Hotel/Motel Tax Fund for the capital maintenance reserve account. The City's cash from prior years' service fees will likely be depleted at the end of fiscal year 2017-2018 so there will be no expenditures in this fund for fiscal year 2018-2019. The funds in the capital maintenance reserve will be available to address future capital needs of the conference center. A maintenance reserve account has also been created with revenue from the parking deck management contract. The revenue in this account is available for maintenance and repairs for the parking deck.

## Solid Waste

Effective July 1, 2000, solid waste services began to be accounted for using an Enterprise Fund. Sanitation fees and income from refuse bag sales are shown in the Solid Waste Fund along with all operational expenses.

A transfer of \$112,730 will be made from the 2017-2018 Revised Solid Waste Fund to the 2017-2018 Revised General Fund Budget to cover the indirect cost of services paid for by the General Fund for solid waste management services minus a credit for the cost of street sweeping, the cost of collecting the downtown litter containers, a credit for services provided but not billed to the City and to the City Schools of Decatur and a credit for the cost of the fee offset granted in 2018 to low-income seniors.

An estimated transfer of \$146,000 will be made from the 2018-2019 Adopted Solid Waste Fund to the 2018-2019 Adopted General Fund Budget to cover the indirect cost of services paid for by the General Fund for solid waste management services minus a credit for the cost of street sweeping, the cost of collecting the downtown street cans, a credit for services provided but not billed to the City and to the City Schools of Decatur and a credit for the cost of the fee offset granted in 2018 to low-income seniors.

Using an estimate of total solid waste costs included in the 2018-2019 Adopted Budget, the 2018 recommended user fees for various sanitation services were calculated earlier this year and the City Commission adopted the following schedule of fees:

- Increased the annual assessment from \$278 to \$290 for residential properties.
- Increased the per cubic yard charge for dumpster service from \$4.05 to \$4.25.
- Increased the annual assessment from \$760 to \$800 per single 95-gallon cart for once a week pick-up, with fees increasing based on the number of carts and the number of pick-ups per week.
- Increased the annual assessment from \$1,140 to \$1,200 per 3 cubic yard dumpster collection with increased charges depending on the number of pick-ups per week.
- Retained the charges for the costs of residential garbage bags at \$1.35 per 30-gallon bag, \$0.65 per 15-gallon bag, and \$0.38 per 8-gallon bag to cover disposal costs.
- The City contracts with Latham Home Sanitation for residential recycling services. The recently adopted residential service fee should cover the increase in the fiscal year 2018-2019 recycling contract which increases based on trends in the recycling market and the City's requirement for separate glass collection.
- Total revenues for 2018-2019 are estimated to be \$2,776,900 and expenses prior to non-operating expenses like depreciation are estimated to be \$2,700,900.
- Capital expenditures in fiscal year 2018-2019 for solid waste operations include a front loader (\$248,000) to replace a 2006 front loader.
- A new Sanitation Equipment Operator I position is requested in order to meet the ongoing demand for regularly scheduled street sweeping services. The cost of the additional position was included in the fee calculation for the 2018 user fees.

## Stormwater Utility

The major activity of this fund has been the construction of downtown storm drainage improvements and construction of neighborhood storm drainage improvements. In June 2016, an increase in the stormwater utility charge was approved from the annual fee of \$75 per Equivalent Residential Unit (ERU) to \$100 per ERU in an effort to address the City's ongoing capital stormwater needs. The fee was previously updated in 2005.

Revenue from fees for the 2017-2018 Revised Storm Water Utility is \$1,328,600. Expenses, including transfers to other funds, indirect costs, depreciation and costs related to other post employment benefits (OPEB) are estimated to be \$1,814,410. Revenue from fees for the 2018-2019 Adopted Stormwater Utility is \$1,300,000 and expenses are estimated to be \$1,918,040. In the revised budget, \$500,000 is budgeted for Lockwood Terrace and for the final expenses for extending the downtown main storm sewer system to Barry Street. In the 2018-2019 Adopted Stormwater Utility Fund, \$450,000 is budgeted to cover the majority of the cost of a stormwater master plan, \$24,000 for a replacement vehicle for the Project Civil Engineer and \$100,000 for capital repairs. Upon the completion of the current capital stormwater projects and the master plan, there will be limited funding for major capital projects until the fund builds up reserves from year to year.

A transfer of \$314,490 will be made from the 2017-2018 Revised Stormwater Utility Fund to the 2017-2018 Revised General Fund Budget to cover the indirect cost of services paid for by the General Fund for storm water management plus a credit for the fee offset granted in 2018 to low-income seniors. A transfer of \$331,450 will be made from the 2018-2019 Stormwater Fund to the 2018-2019 Adopted General Fund Budget to cover the indirect costs including a credit for the fee offset granted in 2018 to low-income seniors.

## OTHER FUNDS

The City Commission will also be asked to adopt 2017-2018 Revised and 2018-2019 Proposed Budgets for the Capital Improvement Fund, the SPLOST fund, the 2007 General Obligation Bond Fund, the 2010 and 2013 Urban Redevelopment Agency Funds, the Cemetery Capital Improvement Fund, Children and Youth Services Fund, the Debt Service Fund, the Tree Bank Fund, the Emergency Telephone System (E911) Fund, the Community Grants Fund, the Confiscated Drug Fund and the Public Facilities Authority Fund.

## Capital Improvement Fund

The 2017-2018 Revised Capital Improvement Fund budget includes \$1,957,500 in tax revenue and \$1,882,100 in intergovernmental revenue. The intergovernmental revenue is Livable Centers Initiative (LCI) and MARTA funding for design and right-of-way acquisition for the Clairemont/Commerce and Church/Commerce intersection improvements, LCI funding for the North McDonough Streetscapes, Transportation Enhancement (TE) funding for the railroad crossings project and funding from the State of Georgia for street repair, patching and resurfacing under the Local Maintenance and Improvement Grant (LMIG) program. In 2017-2018, the City received \$4,762,120 from HOST, which is included in the 2017-2018 Revised Capital Improvement Fund budget.

Examples of capital outlay projects in the 2017-2018 Revised Capital Improvement Fund Budget Estimate include:

- Automated Parking Pay Stations
- Playground Equipment
- Recreation Facilities Improvements
- Zero-turn Mower

- Police Taser Equipment
- Rapid Flashing Beacon Traffic Devices
- Part-time Firefighter Equipment
- Sidewalk Construction & Repair
- Street patching, repair and paving
- Public Works and Public Safety Vehicles

The 2017-2018 Revised Capital Improvement Fund budget includes expenditures of \$559,260 for debt service to cover payments for previously purchased equipment. In the 2017-2018 Revised Capital Improvement Fund budget, HOST funds are designated for projects including the Boys & Girls Club Pool renovations (\$360,000), McDonough & Candler Railroad Crossings (\$733,760), North McDonough Streetscapes IV (\$403,160), Commerce Drive Bike Track (\$25,000), Public Art (\$10,000), West Howard Avenue Redesign Services (\$60,000), Property Purchase (\$60,000), Children's Home Master Planning (\$150,000), sidewalk construction and repair (\$175,000) and a grant match for a HAWK pedestrian signal on Scott Boulevard (\$55,000) and transfers of \$487,730 and \$1,476,110 to the 2010 URA and 2013 URA Funds, respectively.

The 2018-2019 Adopted Capital Improvement Fund budget includes \$3,361,400 in tax revenue and \$2,532,000 in intergovernmental revenue. The intergovernmental revenue is Livable Centers Initiative (LCI) and MARTA funding for design and right-of-way acquisition for the Clairemont/Commerce and Church/Commerce intersection improvements, from the PATH Foundation for the Commerce Drive cycle track and from the State of Georgia for street repair, patching and resurfacing under the Local Maintenance and Improvement Grant (LMIG) program.

HOST proceeds are budgeted to be \$1,000,000. Fiscal year 2018-2019 is the last year that the City will receive HOST proceeds. In a November 2017 referendum, the HOST was replaced with an EHOST (Equalized Homestead Option Sales Tax). The EHOST will apply 100% of its proceeds to homestead exemptions from DeKalb County property tax funds for maintenance and operations and the hospital authority in owner-occupied, single family residences. This eliminates the differential benefit among unincorporated and incorporated taxpayers under the HOST. At the same time, a six-year SPLOST was approved which will fund the debt service payments previously covered by HOST as well as finance improvements to the Atlanta Avenue/West Howard Avenue/West College Avenue intersection and other bicycle, pedestrian and traffic calming improvements.

Examples of capital outlay projects in the 2018-2019 Capital Improvement Fund Budget Estimate include:

- Skatepark Equipment
- Automated Parking Pay Stations
- E-permitting Software
- Fiber Network Upgrade
- Sidewalk Construction & Repair
- Quint Fire Engine
- Website Replacement
- Street patching, repair and paving
- Commerce Drive cycle track
- Children's Home Improvements
- Public Works and Public Safety Vehicles
- North Decatur Road Repair

The 2018-2019 Capital Improvement Fund Budget Estimate funds the first of a five-year plan to address sidewalk repairs and install new sidewalks throughout the City. The Capital Improvement Fund allocates \$450,000 per year for five years by dedicating \$250,000 per year from non-HOST tax revenues and \$200,000 per year from HOST and HOST fund balance. An additional \$200,000 per year will be allocated from SPLOST proceeds for a total of \$650,000 per year or \$3,250,000 over five years for sidewalk repair and construction.

The 2018-2019 Adopted Capital Improvement Fund budget includes expenditures of \$744,990 for debt service to cover payments for previously purchased equipment. HOST funded projects include construction of storage buildings at Ebster and McKoy fields (\$95,000), Clairemont/Church/Commerce Bike & Pedestrian Improvements (\$194,000), Commerce Drive Cycle track (\$775,000), Sidewalk Construction and Repair (\$200,000), balance of the Master Planning effort for the Children's Home property (\$50,000), Public Art (\$10,000), Avondale MARTA match (\$300,000), West Howard Avenue Redesign (\$190,000), and Building B Buildout & Shelving (\$235,000).

The debt service associated with the purchase of the Children's Home is paid out of the Public Facilities Authority Fund. It is recommended that the Capital Improvement Fund generate the revenue and transfer to the Public Facilities Authority Fund the amount needed for annual debt service. Of the roughly \$2.1 million needed for annual debt service, \$1 million will be provided in fiscal year 2018-2019 from the General Fund's fund balance. A millage rate increase will be needed to fund the remaining balance. An increase of .49 mill will generate an additional \$1.3 million which will be transferred to the Public Facilities Authority Fund. In fiscal year 2019-2020, the Capital Improvement Fund will need to budget a transfer for the full amount of debt service due from the Public Facilities Authority since the General Fund transfer is not meant to be a recurring expenditure. This will likely require another millage rate increase in fiscal year 2019-2020.

It is recommended that the levy for capital improvement purposes increase from 1.06 mills to 1.55 mills.

### **Special Purpose Local Option Sales Tax (SPLOST) Fund**

The Special Purpose Local Option Sales Tax (SPLOST) Fund accounts for the revenue generated from the tax and the project expenditures as approved by voter referendum in November 2017. Collections from the tax were effective April 1, 2018. The fund will receive approximately \$20,529,000 over the six-year period of the tax. Of that amount, about \$13,400,000 will cover debt service payments for the URA 2010 and URA 2013 bond projects - Fire Station #1, Decatur Recreation Center, Leveritt Public Works Building and the Beacon Municipal Center. Another \$5,900,000 will fund the improvements to the Atlanta Avenue/West Howard Avenue/West College Avenue intersection. This is the last remaining intersection improvement project from the 2007 Community Transportation Plan. The five-year sidewalk maintenance and construction program will be funded at \$200,000 per year or \$1,000,000 for five years.

The 2017-2018 SPLOST Fund estimates \$825,000 in revenues and no expenditures.

The 2018-2019 Adopted SPLOST Fund budget estimates \$3,400,000 in tax revenue. Transfers of \$752,090 and \$1,479,180 will be made to the 2010 URA and 2013 URA Funds, respectively. There is \$200,000 dedicated to the five-year sidewalk maintenance and construction program. The adopted budget assumes borrowing \$4,800,000 for the Atlanta Avenue intersection project and using the SPLOST proceeds to pay the debt service over six years.

## General Obligation Bond Fund

The General Obligation Bond Fund accounts for the approved general obligation bond fund projects that are being financed primarily through a 2007 GO Bond issue. Additionally, Department of Transportation funding for these projects has been included in this fund.

The 2017-2018 General Obligation Bond Fund projects include Oakhurst Streetscapes and Downtown Streetscapes – Phase V. The 2017-2018 Revised General Obligation Bond Fund project expenditures total \$301,180. The remaining cash balance is transferred to the Capital Improvements Fund as a reimbursement of HOST funds spent on the Downtown Streetscapes-Phase V.

In the absence of revenues and expenditures in fiscal year 2018-2019, the account will be closed.

## 2010 Urban Redevelopment Agency (URA) Fund

The 2010 URA Fund accounts for bonds that were issued by the URA in December 2010. The bond revenue was used for construction and renovation of Fire Station #1, Decatur Recreation Center and the Public Works facility.

The 2017-2018 Revised 2010 URA Fund budget includes a federal rebate of \$297,000 on the interest paid on the bonds. Other revenues include \$121,600 in rent revenue from the City Schools of Decatur for their part of the joint maintenance facility on Talley Street. These funds are applied towards the 2010 URA debt service.

The 2017-2018 Revised 2010 URA Fund budget accounts for the debt service on the bond proceeds. HOST proceeds are budgeted as a transfer from the Capital Improvement Fund for the debt service (\$487,730). Accumulated fund balance of \$263,376 is applied to reduce the amount of the transfer from the Capital Improvement Fund.

The 2018-2019 Adopted URA Fund budget includes revenue of \$289,150 for the federal rebate on the interest paid by the City on the bonds. Other revenues include \$121,600 from the City Schools of Decatur for rent for their use of the joint maintenance facility on Talley Street.

Expenditures for the 2018-2019 Adopted URA Fund budget include debt service payments in the amount of \$1,162,840 prior to the interest rebate, and will be paid with funds transferred from the SPLOST Fund.

## 2013 Urban Redevelopment Agency (URA) Fund

The 2013 URA accounts for the revenue bonds that were issued by the URA in April 2013. The revenue from these bonds was used for construction and renovation of the Beacon Municipal Center.

The 2017-2018 Revised 2013 URA Fund budget accounts for the debt service for two URA bond series, Series 2013A and 2013B. Series 2013A includes the City portions of the project and series 2013B includes the City Schools of Decatur portion of the project.

HOST proceeds are budgeted as a transfer from the Capital Improvement Fund in the amount of \$1,476,110 for debt service. The school system is responsible for \$402,730 in debt service.

The 2018-2019 Adopted URA Fund expenditure budget accounts for the debt service on the revenue bonds. Debt service totals \$1,479,180 for the Series 2013A bonds and \$401,580 for

the Series 2013B bonds, the latter of which is the financial responsibility of the school system. A transfer of \$1,479,180 will be made from the SPLOST Fund proceeds for the City's portion of the debt service.

### **Cemetery Capital Improvement Fund**

The 2017-2018 Revised Cemetery Capital Improvement Fund reflects revenue of \$25,000 that is mainly revenue from sales of lots. Expenditures are estimated at \$10,800 for routine cemetery operations and maintenance.

The 2018-2019 Adopted Budget includes \$25,000 in revenues from lot sales which reflects the limited supply of available grave sites. Adopted expenditures total \$100,000 and include landscaping & signage at the entrances, cemetery wall repair, interior driveway repairs and other miscellaneous repairs. In order to fund the total project budget for major cemetery improvements, a transfer was made by the Capital Improvement Fund to the General Obligation Bond Fund to cover some of the costs of the cemetery project. For several years, the Cemetery Capital Improvement Fund will transfer funds back to the Capital Improvement Fund and Stormwater Fund. In FY 2017-2018 and FY 2018-2019 transfers of \$18,000 to the Capital Improvement Fund and \$12,000 to the Stormwater Utility Fund are budgeted. At the end of fiscal year 2018-2019 the ending fund balance is expected to be \$51,783.

### **Debt Service Fund**

The 2017-2018 Revised Debt Service Fund Budget shows \$1,721,000 in tax revenue to retire debt on the 2007 general obligation bond issue. There is a \$1,048,000 interest payment and a \$820,000 principal payment for the bonded debt. At June 30, 2018 it is estimated that there will be approximately \$844,460 in fund balance for the City's 2007 general obligation bonds.

The 2018-2019 Adopted Debt Service Fund Budget shows \$1,830,000 in tax revenue to retire debt on the 2007 bond issue. There is a \$1,031,000 interest payment and an \$865,000 principal payment for bonded debt included in the 2018-2019 Proposed Debt Service Fund Budget. At June 30, 2018 it is estimated that there will be approximately \$778,470 in fund balance for the City's general obligation bonds.

In December 2012, the City issued \$5,400,000 in general obligation sales tax notes on behalf of the City Schools of Decatur. The City Schools of Decatur funds repayment of the notes with special purpose local option sales tax revenues. The principal and interest payments are reflected in the Debt Service Fund budget. In fiscal year 2017-2018, the school system will make the last principal and interest payments on the 2012 sales tax notes.

In February 2016, the City issued \$75,000,000 in general obligation bonds for the City Schools of Decatur capital projects. The 2017-2018 Revised Debt Service Fund Budget shows \$4,000,000 in tax revenue for debt service on the 2016 school general obligation bonds. At June 30, 2018 it is estimated that there will be approximately \$3,119,530 in the 2016 school general obligation bonds fund balance.

The 2018-2019 Adopted Debt Service Fund Budget shows revenues of \$3,820,000 in tax revenue for debt service on the 2016 school general obligation bonds. A \$2,565,750 interest payment and a principal payment of \$1,165,000 for bonded debt are included in the 2018-2019 Adopted Debt Service Fund Budget for debt service on the 2016 school general obligation bonds. At June 30, 2019 it is estimated that there will be approximately \$3,208,780 in fund balance for the 2016 school general obligation bonds.

It is recommended that the levy for the 2016 school general obligation bonds remain at 1.91 mills and that the levy for the 2007 general obligation bonds remain at .90 mill for a total debt service levy of 2.81 mills.

### **Tree Bank Fund**

The Tree Bank Fund was established to receive payments from property owners in lieu of planting replacement trees required for compliance with the city's tree ordinance. Fees are used to purchase and plant trees in public parks, rights of way and other public properties, the purchase of green space, funding tree care educational programs and similar activities associated with maintaining and improving the city's public tree canopy.

The 2017-2018 Revised Tree Bank Fund Budget shows \$25,000 in revenues and \$120,000 in expenditures. The balance in the tree bank as of June 30, 2017 was \$194,194. At the end of fiscal year 2017-2018, the Tree Bank Account balance is estimated to be \$99,194.

The 2018-2019 Adopted Tree Bank Fund Budget shows tree bank contributions of \$25,000. There are expenditures of \$75,000 for tree plantings and downtown tree maintenance. The balance in the tree bank as of June 30, 2019 is estimated to be \$49,194.

### **Emergency Telephone System Fund**

The City collects \$1.50 per land phone line, cell phone line and voice over IP account in the City for provision of E-911 emergency telephone services. This is the maximum amount allowed by State law. In August 2011, the City Commission approved a resolution to impose a 911 charge on prepaid wireless services to be paid directly from the State to the City.

The City is required to maintain a separate Emergency Telephone System Fund to account for the revenues from E-911 fees and to account for the expenditures for provision of the service. Therefore, all E-911 fees and all E-911 expenditures are accounted for in this fund. Because it costs the City more to provide E-911 services than is collected through fees, a transfer from the General Fund covers the balance.

Revenues for the 2017-2018 Revised Emergency Telephone System Fund total \$545,000 and expenditures are estimated to be \$1,020,980. Revenues for the 2018-2019 Proposed Emergency Telephone System Fund total \$555,000 and expenditures are estimated to be \$1,029,880. The 2017-2018 revised budget includes the last annual lease payment of \$28,600 for the E911 call handling system. The 2018-2019 adopted budget includes a lease payment of \$10,000 for the E911 call recording system.

A transfer of \$400,000 will be made to the 2017-2018 Revised Emergency Telephone System Fund from the 2017-2018 Revised General Fund Budget to cover the cost of providing E-911 not covered by E-911 fees. A transfer of \$400,000 is estimated from the 2018-2019 Adopted General Fund Budget to the 2018-2019 Adopted Emergency Telephone Fund for the same purpose. In the absence of additional revenues and/or reduced expenditures, the E911 fund balance will be nearly depleted in three years.

Two new classifications are being recommended for the E-911 division without changing the number of positions. Communications Team Leaders will be responsible for oversight of the two day shift and two night shift teams. Two existing employees would be eligible for promotion into this classification. A Communications Officer II classification will be created for employees that meet specific training and certification requirements including the designation as a terminal agency coordinator (TAC).

House Bill 751 was approved in the 2017-2018 Georgia General Assembly session and was signed by the Governor on May 7, 2018. It establishes the Georgia Emergency Communications Authority (GECA), housed within the Georgia Emergency Management and Home-

land Security Agency. GECA includes within its membership all local governments that operate or contract for the operation of an E-911 system. Starting on January 1, 2019, all E-911 fees will be submitted directly to the State as opposed to individual E-911 agencies. GECA, through a contract with the Department of Revenue (DOR), will disburse the funds to each local government. GECA will be authorized to contract with DOR to audit telecommunications service providers to ensure proper payment of E-911 fees.

### **Children and Youth Services Fund**

Upon the completion of the 21<sup>st</sup> Century Learning Center grant, the City established a special revenue Children and Youth Services Fund to account for grants, program fees, accumulated fees, contributions from other partners and a transfer from the General Fund for support of children and youth services which includes after-school programs and summer camps.

Revenue for the 2017-2018 Revised Children and Youth Services Fund is anticipated to be \$2,024,760 and expenditures are estimated to be \$2,176,830. A transfer of \$100,000 will be made from the 2017-2018 Revised General Fund Budget to cover the cost of providing children and youth services not covered by other revenue sources. This is \$50,000 less than the original 2017-2018 budget. The remaining difference will be covered by the accumulated reserve resulting in an ending fund balance of approximately \$1,141,149.

Revenue for the 2018-2019 Adopted Children and Youth Services Fund is expected to be \$2,031,570 and expenditures are estimated to be \$2,502,270. The adopted budget includes a new Program Supervisor. Currently, there is one Program Supervisor who oversees nine Site Directors. An additional Program Supervisor will provide better support to the Site Directors and each after-school program as well as prepare for the addition of a tenth site with the opening of the new 3-5 academy in the fall of 2019. The budget includes a three-tiered structure for the Site Director role to allow for career development and advancement opportunities. The division will pursue after-school re-accreditation for all nine programs within the next two fiscal years. Costs associated with accreditation are included in the budget proposal. A one-time capital outlay request of \$80,000 is included for furniture for fourteen offices. The Children and Youth Services employees have moved into the administration building at the Children's Home property and need furniture for the new work spaces. A transfer of \$100,000 is budgeted from the 2018-2019 Adopted General Fund Budget to cover the costs of providing children and youth services not covered by other revenue sources. The remaining difference will be covered by the accumulated reserve resulting in an ending fund balance of \$770,449.

The transfer from the general fund has decreased from a high of \$450,000 in 2008-2009 to \$100,000 in the current fiscal year. The goal is for the program to be financially self-supporting while remaining affordable and accessible.

### **Confiscated Drug Fund**

The purpose of this fund is to account for monies and goods confiscated when the Police department makes an arrest and obtains a conviction in a drug-related case. Funds are made available to the department when the case has been successfully prosecuted. Expenditures from this fund can only be made for law enforcement purposes.

The 2017-2018 Revised Confiscated Drug Fund Budget shows revenues of \$4,080 and expenditures of \$570. It is estimated that the fund balance at June 30, 2018 will be \$15,603. The 2018-2019 Adopted Confiscated Drug Fund Budget Estimate shows revenues of \$10 and expenditures of \$1,000. It is estimated that the fund balance at June 30, 2019 will be \$14,613.

## Hotel/Motel Tax Fund

The purpose of this fund is to account for monies collected pursuant to the imposition of a hotel/motel tax on rooms rented by hotels and motels within the City. Expenditures from this fund can only be made for purposes defined in state law, including the support of a conference center, support of a tourism bureau and for general purposes.

The 2017-2018 Revised Hotel/Motel Tax Fund Budget shows revenues of \$635,000 and expenditures of \$181,400 for the support of the Decatur Tourism Bureau; a transfer of \$181,400 to the Conference Center Fund; and a \$272,200 transfer to the General Fund.

The 2018-2019 Adopted Hotel/Motel Tax Fund Budget Estimate shows revenues of \$850,000. Expenditures include \$350,000 for the support of the Decatur Tourism Bureau; a \$170,000 transfer to the Conference Center Fund; and a transfer of \$330,000 to the General Fund.

The 2018-2019 Adopted Hotel/Motel Tax Fund Budget Estimate assumes an increase in the hotel/motel tax from 7% to 8% starting in the fall of 2018. In the 2017-2018 session, the Georgia General Assembly passed enabling local legislation to increase the rate from 7% to 8%. The next steps require the City Commission to amend the City's hotel/motel tax ordinance and then the rate change will be effective no sooner than the first day of the second month after adoption of the City's ordinance. Under the new formula, the eight cents is distributed as follows: three cents to the City's General Fund, three and one-half cents to the City's "designated marketing organization" which is the Decatur Tourism Bureau, and one and one-half cents towards "tourism products development" which is satisfied with a transfer to the Conference Center Fund's capital reserve. The estimated revenue conservatively assumes that the Hampton Inn will be in operation by January 2019.

## Public Facilities Authority Fund

The City of Decatur Public Facilities Authority (PFA) was created by the Georgia General Assembly in 2017. The fiscal year 2017-2018 Revised Public Facilities Authority Fund Budget Estimate reflects the issuance of the PFA Series 2017 revenue bonds in the amount of \$29,625,000 and a low-interest loan from the Georgia Environmental Finance Authority (GEFA) in the amount of \$11,452,000 for the purchase of the seventy-seven acre Children's Home property. The GEFA loan funds the purchase of twenty-two of the seventy-seven acres for the purpose of conservation. The property was purchased from the United Methodist Children's Home of the North Georgia Conference, Inc. in August 2017. This property will provide valuable greenspace and recreational facilities for the community. The long-term future of the property will be determined through a community-wide master planning process which commenced in early 2018.

The two budgetary accounts shown in the fund are the 1.) Capital Account and 2.) Operating Account. The Capital Account reflects the proceeds from the debt issuances, related issuance costs and the property acquisition. About \$572,000 remained in the capital account subsequent to the property purchase. These funds are available for property improvements. The Operating Account includes rent from property tenants and reflects funding from DeKalb County to undertake certain projects in the conservation area on the Children's Home property such as trail construction, pond improvements and removal of invasive species. The annual debt service payments are accounted for in the Operating Account.

At the end of fiscal year 2017-2018, the Capital Account will end with a fund balance of approximately \$459,640 restricted for property improvements and the Operating Account will end with a fund balance of approximately \$849,230, of which \$800,000 is restricted for conservation area improvements and \$49,230 is restricted for future debt service.

The fiscal year 2018-2019 Adopted Public Facilities Authority Fund Budget Estimate anticipates spending most of the funds in the Capital Account for property improvements. The fiscal year 2018-2019 Adopted Public Facilities Authority Fund Budget Estimate for the Operating Account reflects \$13,400 in revenue from rent and \$80,000 in expenditures towards improvements in the conservation area. Debt service payments will total \$2,072,550 which include \$878,820 in principal and \$1,193,730 in interest payments. A non-recurring transfer of \$1,000,000 is budgeted from the General Fund and a transfer of \$1,300,000 is budgeted from the Capital Improvement Fund to cover the debt service obligations of the PFA. An additional \$1,000,000 will be needed from the Capital Improvement Fund in fiscal year 2019-2020 because the General Fund transfer is not intended to continue. As stated previously, this will require an increase in the Capital Improvement Fund millage. At the end of fiscal year 2018-2019, the Operating Account is anticipated to end with a fund balance of \$1,010,080, of which \$720,000 is restricted for conservation area improvements and \$290,080 is restricted for future debt service.

Budget FY 2018-2019

# General Fund Revenue Summary

The City of Decatur has 6 broad revenue categories: taxes, licenses and permits, intergovernmental revenue, charges for services, fines and forfeitures, and miscellaneous revenue. The majority of revenues are collected directly by the Revenue division of the Administrative Services department. The Revenue division collects taxes and fees in accordance with all relevant federal, state, and local laws.

Revenue estimates are developed using conservative forecasting techniques especially with the more elastic revenue sources.

## **Taxes**

Taxes are the city's largest revenue category, accounting for \$20,950,000 or 81% of total general fund revenues, excluding transfers. This percentage has remained consistent over the past ten years with slight variations from year to year. Within this category, there are a variety of tax sources including property, public utilities, utility franchises, excise and insurance premiums.

## **Real Property Taxes**

Taxes on real property make up 77% of all taxes collected by the city. The assessed values of real property within the city are determined by the DeKalb County Property Appraisal department. Residential and commercial values as a percentage of the overall property values total 86% and 14%, respectively. The 2016 collection rate for real property taxes was 99.9% by October 2017. The 2017 real property digest increased about 8% over the 2016 digest. In the absence of any data from DeKalb County, the proposed budget estimates a 6% increase in the digest. This increase is consistent with the City's data about new construction, redevelopment and property sales over the past year. An increase in the millage rate is recommended for the capital improvement fund from 1.06 to 1.55 mills to cover a portion of the debt service due from the Public Facilities Authority for the seventy-acre Children's Home property that was purchased in August 2017. It is recommended that all other millage rates remain unchanged.

New and expanded homestead exemptions were approved by referendum in November 2016 and became effective in the 2017 first installment billing. The negative impact of the new and expanded homestead exemptions in the 2018 1st installment billing on general fund tax revenue was approximately \$420,000.

### **Franchise Taxes**

Franchise taxes are a significant revenue source for the city. Franchise agreements establish the terms under which a utility may use the municipal right of way. One of the terms in the franchise agreement is the amount paid by the utility for use of the right of way. The city collects over \$1.5 million in franchise taxes from electric, natural gas, cable and telephone utilities.

### **Insurance Premiums Tax**

One of the largest single revenue categories for the city is the insurance premiums tax. The tax generated \$1,350,000 in fiscal year 2018. Insurance premiums taxes are collected by the Georgia Commissioner of Insurance and distributed to municipalities based on premiums allocated on a population ratio formula.

### **Construction Permits**

From fiscal years 2008 to 2009, the revenue from construction permits dropped by 50% to around \$300,000. Revenues have rebounded and reached \$1,597,979 at the end of fiscal year 2017, the highest amount recorded in this category. Based on current revenues and construction activities, revenues are expected to be just over \$1,300,000 for fiscal year 2018. Construction permits are anticipated to decrease slightly in fiscal year 2019 dependent upon the timing of several development projects. Permitting activity continues for the Callaway project, a downtown hotel and the Avondale MARTA project. Additional commercial redevelopment and mixed use developments are anticipated in fiscal year 2019. The City contracts with a private vendor for permitting and inspection services. A percentage of construction permit revenues is used to pay for those services. A corresponding expenditure is budgeted in the Design, Environment and Construction division budget.

### **Fines from Code Violations**

During the latter part of fiscal year 2011, the City implemented new court-related fines to make them consistent with similar fines in metro-Atlanta area jurisdictions. The city collected just over \$700,000 from code violation fines in fiscal year 2016 and just over \$800,000 in fiscal year 2017. The city expects to collect \$1,000,000 in code violations which are mostly traffic related. The fluctuations in fine revenue reflect how sensitive these revenues are to staffing levels and patrol assignments. Through an agreement with the school system and American Traffic Solutions (ATS), the City is enforcing school bus stop arm violations through the use of an automated camera system. Revenues from the school bus camera program are shared with the school system and ATS.

### **Parking**

In May 2014, the City implemented a new parking management system including new parking meters that accept multiple forms of payment including credit cards. In addition to the updated parking meters, the City partners with a vendor to collect delinquent parking fees. Meter fees are expected to generate approximately \$975,000 and parking violations may generate another \$65,000. The increase in parking fees is attributed to a proposal to extend the hours of enforcement from 6 p.m. to 9 p.m. and increasing the hourly rate for parking from \$2 to \$3.

### **Recreation Fees**

Fees are charged for a variety of recreation activities ranging from team sports to special interest classes. The re-opening of the Decatur Recreation Center in February 2013 allowed for increased programming within the facility. The re-opening of Ebster Recreation Center, gym, and pool at the Beacon Municipal Center offers even more opportunities for

recreation activities. Additional revenue will be generated through the year-round operation of the Boys and Girls Club indoor pool which started in fiscal year 2018. As the City's school age population increases, program revenues increase accordingly. The Active Living division will generate around \$690,000 during the next fiscal year plus another \$110,000 for recreation facility rentals. Since fiscal year 2009, revenues from recreation fees have increased around 80%.

### **Motor Vehicle Tax**

Legislation passed in 2012 eliminates the annual ad valorem tax and sales tax on the purchase of vehicles after March 1, 2013 and replaces it with a one-time title fee or Title Ad Valorem Tax (TAVT) of up to 7%. The city currently receives around \$450,000 annually from the ad valorem tax or about 2% of general operating revenues. The legislation is designed to make local governments whole for ad valorem collections through the end of the fiscal year. This revenue source will not increase in future years. Because the funding formula depends on income from the title fee, there is also the possibility that revenue will decrease. In fact, this revenue has decreased on average by \$40,000 per year for the past three years.

### **Sales and Excise Tax**

With the addition of a SPLOST for capital improvements effective April 1, 2018, the City has an 8% sales tax rate: statewide 4% sales tax, 1% education sales tax (e-SPLOST), 1% equalized homestead option sales tax for 100% funded homestead exemptions for County maintenance and operations and the hospital authority taxes (EHOST), 1% MARTA public transit tax and 1% SPLOST for city and county capital projects. The City does not have a local option sales tax for general operations.

The City collects sales and excise tax from wholesale and retail sales of alcohol. Revenue from alcohol sales has increased over 90% since fiscal year 2006 and historically has not been negatively impacted during economic downturns.

Starting in fiscal year 2016, one half of the net revenues related to alcoholic beverage sales were distributed to the City Schools of Decatur. Close to \$330,000 was distributed to the school system in fiscal year 2018.

### **Penalties and Interest**

Georgia House Bill 960, effective July 1, 2016, changed the annual interest rate that can be charged by cities and counties for delinquent taxes. The annual interest rate is now the bank prime rate plus 3 percent. The new law also set the penalty for non-payment at 5 percent of unpaid taxes for every 120 days of delinquency, not to exceed a total penalty of 20 percent. The impact of this law is a reduction of \$120,000 in revenues from penalties and interest.

### **Occupation Taxes**

All businesses in the city are required to pay an occupation tax annually. The City uses profitability ratios to determine the rate paid by each business as opposed to assessing the tax on actual gross receipts. Occupation taxes have increased steadily since fiscal year 2009. The fiscal year 2018 revised occupation tax revenues are expected to increase \$25,000 over the original budget. The majority of this increase is due to increases in the occupation taxes paid by financial institutions which are calculated on the bank's gross receipts. The City anticipates revenue of \$584,000 from occupation taxes in fiscal year 2018.

## REVENUE-OTHER FUNDS

### Hotel/Motel Taxes

State law allows hotel/motel taxes to be collected and distributed to the City's tourism bureau, conference center/parking deck fund and general fund. This revenue source has increased over 100% since fiscal year 2010 and is anticipated to be \$850,000 in fiscal year 2019 which is an increase of about \$200,000 over fiscal year 2017. Two factors contribute to the anticipated increase in hotel/motel tax revenue. First, the Georgia General Assembly approved an increase in the City's hotel/motel tax rate from 7% to 8% of the taxable room rental which should go into effect in the fall of 2018. The second factor is the construction of a new downtown hotel which should be operational in January 2019.

### Sanitation Fees

The City's Solid Waste enterprise fund is dependent upon sanitation service fees for its operation. The Sanitation Service division provides commercial and residential collection services and contracts for residential recycling. In 2018, the single-family residential fee increased from \$278 to \$290 per unit. The primary driver for the fee increase is the additional cost associated with the separate glass recycling collection process as well as volatility in the recycling market. Commercial rates were also increased in 2018. The rate for 95 gallon carts increased from \$760 to \$800 per cart for weekly service, a 5.2% increase. The annual charge for 3 cubic yard containers was increased from \$1,140 to \$1,200, also a 5.2% increase. The per cubic yard fee for dumpsters increased from \$4.05 to \$4.25, an increase of 5%. The Solid Waste fund has budgeted to collect over \$2.7 million in residential and commercial sanitation fees and solid waste bag sales. Sanitation fees are billed in April for the calendar year service and due in June of each year. The residential fee is included on the tax bill and commercial sanitation fees are billed separately. The collection rate to date for 2016 is 99.5%.

### Stormwater Fees

All developed properties are assessed a stormwater fee. In June 2016, an increase in the annual fee was approved from \$75 per equivalent residential unit (ERU) to \$100 per ERU. Residential properties pay an annual fee of \$100 and non-residential properties pay based on their impervious surface. The fee remains unchanged for the next year. The fee will generate just around \$1.3 million each year. The stormwater fee is included on the tax bill. Starting in fiscal year 2015, the stormwater utility began to receive revenue from participants in the regional stormwater facility that is part of the Beacon Municipal Center project. The Beacon detention vault was designed to store stormwater generated from properties in their developed condition in the upper Peavine basin. Properties being developed in the upper Peavine basin have the option to use the Beacon detention facility to store stormwater in lieu of on-site water storage.

### Fees-General

Annually, fees are reviewed by each department and a fee schedule is adopted. The fee schedule includes fees for alcoholic beverage licenses, cemetery fees, development fees, parking fines, recreation program and rental charges and special events permits, to name a few. Fees are compared to cities and counties in the metro Atlanta area. Some fees have a differential based on residency.

## ACTIVE LIVING DIVISION

ADOPTED 2018-2019 BUDGET ESTIMATE

The Active Living division promotes a healthy and active lifestyle through holistic services and programming. Recreational and educational activities, offered by division staff and community partners, enhance the quality of life for all Decatur residents. Through its programming, the Active Living division helps create a community where residents and visitors can participate in physical activity, regardless of physical limitations, in addition to offering traditional recreation programming.

### Mission Statement:

It is the mission of the Decatur Active Living division to provide physical and educational opportunities that contribute to the quality of life of the citizens of Decatur. Decatur Active Living is committed to enhancing the lives of individuals and families by contributing to the City's economic development, preserving and promoting our greenspaces and celebrating diversity while bringing the community together.

### Citizen Satisfaction Survey responses:

#### Recreational opportunities

2006: 67% rated as excellent/good  
2008: 80% rated as excellent/good  
2010: 74% rated as excellent/good  
2012: 85% rated as excellent/good  
2014: 79% rated as excellent/good  
2016: 80% rated as excellent/good  
2018: 80% rated as excellent/good

#### Used a Decatur recreation center or service in the past 12 months

2006: 44% at least once  
2008: 45% at least once  
2010: 49% at least once  
2012: 46% at least once  
2014: 54% at least once  
2016: 58% at least once  
2018: 58% at least once

### Performance Measures:

#### Total attendance at city pools

Summer 2014: 35,934  
*Residents – 60.1%*  
Summer 2015: 39,404  
*Residents – 56.6%*  
Summer 2016: 42,987  
*Residents – 55.5%*  
Summer 2018: 34,659  
*Residents – 55.3%*

#### Safe Routes to School Participation

FY 2014: 3,698 students and parents  
FY 2015: 3,515 students and parents  
FY 2016: 4,208 students and parents  
FY 2017: 3,929 students and parents

Recreational Opportunities

Pool Attendance

### Priorities for FY 2018-2019:

- Support staff by providing training opportunities
- Play an active role in the master planning process for the Children's Home.
- Maintain all Active Living assets including parks, pools, landscaping, pavilions, recreation centers, tennis courts, skate park and fields at a high standard

# ACTIVE LIVING DIVISION

## CHILDREN AND YOUTH SERVICES DIVISION

ADOPTED 2018-2019 BUDGET ESTIMATE\*

The Children & Youth Services (CYS) division provides after school and summer camp programming designed to help children and youth develop into healthy, productive, lifelong learners.

### Mission Statement:

The mission of the Children and Youth Services division is to work with community partners to promote the development of Decatur's children and youth into healthy, productive, lifelong learners.

### Citizen Satisfaction Survey responses:

#### Decatur as a place to raise children

2008: 93% rated as excellent/good  
2010: 90% rated as excellent/good  
2012: 95% rated as excellent/good  
2014: 96% rated as excellent/good  
2016: 97% rated as excellent/good  
2018: 96% rated as excellent/good

#### Availability of affordable, quality childcare

2008: 52% rated as excellent/good  
2010: 50% rated as excellent/good  
2012: 55% rated as excellent/good  
2014: 76% rated as excellent/good  
2016: 60% rated as excellent/good  
2018: 59% rated as excellent/good

### Priorities for FY 2018-2019:

- Prepare for 2019-20 changes/ expansion into K-2nd/3rd-5th structure and new school
- Accreditation Process for 3 afterschool sites: Oakhurst, Clairmont and Ebster
- Review and revise CYS goals and outcomes through a stakeholder input process

\* For budget estimate detail, see page 136

### Performance Measures:

#### Number of children provided with care

FY 2014: 919  
FY 2015: 1,228  
FY 2016: 1,256  
FY 2017: 1,279

#### Homeless children provided with care

FY 2014: 24  
FY 2015: 13  
FY 2016: 6  
FY 2017: 16

#### Percentage of subsidized summer camp spots

FY 2014: 13%  
FY 2015: 19%  
FY 2016: 9%  
FY 2017: 18%

## ADMINISTRATIVE SERVICES DEPARTMENT

### ADOPTED 2018-2019 BUDGET ESTIMATE

The Administrative Services department includes accounting, elections, information technology, municipal court, personnel, records management and revenue divisions. Most of the City's resources, such as employees, finances and technology, are directly supported by this department. Much of the department's work supports the goals of other city departments but the department also provides many public facing functions such as municipal court and tax billing. The Administrative Services Department also budgets for the City's property and liability insurances and utilities such as electricity and natural gas.

#### Mission Statement:

Members of the Administrative Services department are committed to delivering exceptional services, consistent with the city's vision and values, in finance, human resources, court, records and technology management. We strive to promote a collaborative environment that cultivates progressive thinking, strategic planning and innovative practices.

#### Citizen Satisfaction Survey responses:

##### Value of services for taxes paid

2006: 63% rated as excellent/good  
 2008: 64% rated as excellent/good  
 2010: 65% rated as excellent/good  
 2012: 72% rated as excellent/good  
 2014: 74% rated as excellent/good  
 2016: 66% rated as excellent/good  
 2018: 70% rated as excellent/good

##### Contacted the City for help or information in the last 12 months

2006: 53% reported as yes  
 2008: 61% reported as yes  
 2010: 57% reported as yes  
 2012: 54% reported as yes  
 2014: 51% reported as yes  
 2016: 52% reported as yes  
 2018: 55% reported as yes

#### Performance Measures

##### Number of settled property tax appeals

FY 2015: 1,138  
 FY 2016: 694

##### Number of associated refunds

FY 2015: 516  
 FY 2016: 402

##### Most adjudicated cases in Municipal Court

FY 2013: Speeding – 1,325  
 FY 2014: Speeding – 2,426  
 FY 2015: Speeding – 1,017  
 FY 2016: Speeding – 826

## Priorities for FY 2018-2019:

- Continue recruiting efforts in order to become fully staffed.
- Expand the types of community education classes offered to residents.
- Implement year two action items from Department's three year strategic plan.

## POLICE DEPARTMENT

ADOPTED 2018-2019 BUDGET ESTIMATE

The Police department ensures the safety of Decatur residents and visitors through proactive patrolling, crime prevention and investigation. Employees of the Police Department also provide information and general assistance to the public.

### Mission Statement:

The mission of the City of Decatur Police department is to promote the quality of life in Decatur by providing police services with integrity and a spirit of excellence, in cooperation with the community.

### Citizen Satisfaction Survey responses:

#### Quality of Police services

2008: 91% rated as excellent/good

### Priorities for FY 2018-2019:

- Increase awareness of street cleaning schedule
- Continue to improve pedestrian safety through our ongoing sidewalk improvement program
- Continue to support goals and tasks in Principle C

## PUBLIC WORKS DEPARTMENT

ADOPTED 2018-2019 BUDGET ESTIMATE

The Public Works department keeps Decatur beautiful through progressive refuse and recyclables collection, street cleaning services and the careful maintenance of city buildings, grounds and cemetery using well maintained fleet and motorized equipment.

### Mission Statement:

The mission of the City of Decatur Public Works department is to provide the highest quality public works services to the community and other City departments, balanced with efforts to maintain a cost effective operation and to provide these services in a responsible and efficient manner. This mission is accomplished through the prudent use of resources, technology, innovations, teamwork and coordination with other departments and community partners.

### Citizen Satisfaction Survey responses:

## Priorities for FY 2018-2019:

- Install the City's first online permitting software system for development with a corresponding all digital plan review system.
- Continue bike/ped-friendly complete streets improvements citywide and expand infrastructure investment with a robust street resurfacing program along with one new major road reconstruction program at North Decatur Road
- Launch and complete an innovative and comprehensive Stormwater Master Plan Update.

## DESIGN, ENVIRONMENT & CONSTRUCTION DIVISION

ADOPTED 2018-2019 BUDGET ESTIMATE

The Design, Environment & Construction division handles development and land-use regulation and services through plan review, construction, property inspection, and code enforcement. Staff is also responsible for the administration, planning, maintenance, construction management and technical engineering of the City's infrastructure. The department also operates the Stormwater Utility, which is responsible for the maintenance of the City's stormwater system.

### Mission Statement:

The mission of the Design, Environment and Construction division is to protect the city's environment and maintain its infrastructure through regulation, capital improvements, education and is to ensure that the physical development of the community is accomplished according to the codes, ordinances, and plans adopted by the City Commission.

### Citizen Satisfaction Survey responses:

#### Quality of Sidewalk Maintenance

2006: 44% rated as excellent/good  
 2008: 58% rated as excellent/good  
 2010: 53% rated as excellent/good  
 2012: 55% rated as excellent/good  
 2014: 51% rated as excellent/good  
 2016: 42% rated as excellent/good  
 2018: 45% rated as excellent/good

#### Quality of Code Enforcement

2006: 48% rated as excellent/good  
 2008: 58% rated as excellent/good  
 2010: 54% rated as excellent/good  
 2012: 55% rated as excellent/good  
 2014: 62% rated as excellent/good  
 2016: 59% rated as excellent/good  
 2018: 60% rated as excellent/good

### Performance Measures:

#### Linear feet of sidewalk installed or repaired

FY 2014: 502 linear feet  
 FY 2015: 186 linear feet  
 FY 2016: 300 linear feet  
 FY 2017: 275 linear feet

#### Number of potholes repaired

FY 2014: 30  
 FY 2015: 43  
 FY 2016: 35  
 FY 2017: 30

#### Number of building permits issued

Calendar Year 2014: 962  
 Calendar Year 2015: 719  
 Calendar Year 2016: 703  
 Calendar Year 2017: 681

# Capital Projects

Budget FY 2018-2019

# Capital Projects Narrative

**The Capital Projects Funds are used to account for financial resources to be used for the acquisition or construction of major capital facilities and capital outlay.**

Capital investments are critical to the maintenance and sustainability of public assets. Deferred maintenance may be a cost-cutting option but as many local governments have learned, this shortsighted view results in major problems and expensive solutions later on. The City of Decatur takes its responsibility as a trustee of community resources seriously. By identifying long-term capital investment needs and budgeting for these expenses, the City makes certain that public buildings and infrastructures are well maintained. Over the past decade, the City has completed major renovations or replacements of all city facilities and invested in upgrades to all city parks. This work represents the most extensive capital investment made by the City since the late 1950s. As a result of this work, the City has ensured that these assets will serve the public for the next 50 years. Many of the more recent projects also respond directly to goals listed in the City's Strategic Plan.

## **The Children's Home**

In August, 2017, the City Commission purchased the 77-acre United Methodist Children's Home on South Columbia Drive for \$40 million. Acquisition is being financed through the Decatur Public Facilities Authority and other sources. Annexation of the property into the City of Decatur is expected to take place in the near future. A comprehensive master planning process for the property is underway and should be completed by August, 2018.

## **In Planning**

### **Commerce Drive Cycle Track**

The PATH Foundation of Atlanta and Kaizen Collaborative have completed design of a new "cycle track" on East Trinity Place and Commerce Drive between North McDonough Street and Church Street. Cycle tracks are physically separated from the vehicle roadway and are also known as protected bicycle lanes. The Commerce Drive cycle track will connect protected bicycle lanes on North McDonough Street and Church Street, extending the City's bicycle network and providing opportunities for persons of all ages and skills to use bicycles as a safe and healthy way to get around Decatur. A project budget of \$3 million has been established for design and construction. Construction is expected to begin in the summer of 2018.

## **Pedestrian Safety Improvements at Clairemont Avenue and Commerce Drive and at Church Street and Commerce Drive; Church Street Bicycle Lanes**

Acquisition of temporary construction easements is underway for pedestrian safety improvements at the intersections of Clairemont Avenue and Commerce Drive and Church Street and Commerce Drive and a cycle track on Church Street. The improvements are designed to improve pedestrian accessibility and safety at these two busy intersections in downtown Decatur and to provide protected bicycle lanes and traffic calming features on Church Street from downtown Decatur to the northern city limits. The project is based on the elements of Decatur's 2007 Community Transportation Plan. Design is funded through the MARTA offset program. About \$5.3 million in construction funding has been secured through the City's HOST fund and from the Georgia Department of Transportation through the Atlanta Regional Commission's (ARC) Livable Centers Initiative (LCI) program. A design team led by Development Planning and Engineering, Inc. of Buford and including Alta Planning and Design of Charlotte is designing the improvements.

## **Under Construction**

### **Railroad Crossing Improvements**

Construction of the Railroad Crossing Improvements at Candler and McDonough Streets is almost complete. The project improves pedestrian accessibility and safety around and across two CSX railroad crossings at the intersections of College Avenue, Howard Avenue, Candler Street and McDonough Street. Advanced traffic control technology provided by the Georgia Department of Transportation will allow additional protected left turns for vehicles at several legs of both crossings as well. The project is based on recommendations in Decatur's Community Transportation Plan. The total project budget is \$2.7 million, with \$1.2 million provided by the HOST fund and other local sources and about \$1.5 million from the Georgia Department of Transportation's Transportation Enhancement Program. The project was designed by AECOM (formerly URS Corporation) of Atlanta.

## **Recently Completed**

### **North McDonough Streetscape Improvements**

Construction of the North McDonough Streetscape Improvements is complete. The primary goals of the North McDonough Streetscape Improvements are to improve safety and accessibility for pedestrians, bicyclists and others using North McDonough Street. The project is based on Decatur's 2007 Community Transportation Plan which encourages healthy lifestyles and active living in Decatur.

The project has a budget of \$2.9 million. Design was funded through the MARTA offset program. Construction is funded by the City's HOST fund and other local sources and a \$2.3 million grant from the Georgia Department of Transportation through the Atlanta Regional Commission's (ARC) Livable Centers Initiative (LCI) program.

The improvements reduce North McDonough to two vehicle lanes, widen sidewalks on both sides of the street, and add a 2-way "cycle track" on the west side of the street, along with traditional streetscape improvements and on-street parking. The project also features a significant investment in "green infrastructure" to improve storm water quality. The project was designed by AECOM (formerly URS Corporation) and Sprinkle Consulting, a nationally recognized design firm that specializes in bicycle and pedestrian planning.

## Downtown Decatur Storm Drainage Improvements

Phase 2 of downtown Decatur's storm drainage improvements was completed in 2017 and includes new storm drainage improvements that begin at Decatur Fire Station No. 1, run easterly along East Trinity Place and East Howard Avenue then finish on Barry Street. The project included renewal of a failing sanitary sewer system and construction of streetscape improvements in the same community. The project was originally planned almost 40 years ago and replaces some of the oldest infrastructure in metro Atlanta. This phase cost \$2.1 million and concludes the major planned improvements to the upper Peavine section of the downtown drainage system. Astra Grading and Pipe was the general contractor.

Work was completed in 2014 on the first phase of the downtown Decatur's storm drainage improvements, replacing one of the oldest storm water systems in DeKalb County. The first phase improvements started on North McDonough Street in front of the Decatur High School Gym, ran under East Maple Street and through the properties at 215 Church Street and 231 East Trinity Place. This part of the system terminates in front of Decatur Fire Station No. 1. An additional storm line starts in the 300 block of Church Street and runs south to East Howard Avenue. The southern part of this line replaced an old storm drainage system that runs under several properties on the east side of Church Street. The general contractor was Reeves Contracting Company of Sugar Hill.

The project is funded by the City's Storm Water Utility and was designed by Atkins North America (formerly PBS&J) of Atlanta.

## Lockwood Terrace Storm Drainage Improvements

This project mitigates recurring localized flooding at the intersection of Lockwood Terrace and Fairview Street. Construction was completed in late summer, 2017. McFarland Dyer & Associates designed the improvements. Autaco Development of East Point was the general contractor.

## Downtown Decatur Streetscape Improvements – Phase V

Construction of Phase V of the downtown Decatur Streetscape Improvements was completed in early 2016. The project area included the south side of East Trinity Place from North McDonough Street to Church Street, both sides of East Trinity Place from Church Street to just past the Fire Station, and Church Street from East Trinity Place south to East Howard Avenue. The purpose of the project was to improve accessibility and safety for pedestrians and to reduce conflicts between pedestrians and motorists. The project expands the downtown streetscape network to the south of the Courthouse Square. Improvements included new sidewalks, crosswalks, curb ramps, street trees, pedestrian scale lights, and trash receptacles. The improvements were similar to the earlier phases of the downtown Decatur streetscape program. The developer of the ARLO mixed-use development paid for streetscape improvements around this project allowing the City to focus public funding along areas where no development is anticipated. The streetscape network will be extended along West Trinity Place with a similar investment by Cousins Properties and AMLI Residential.

The total project budget was \$1.2 million, with \$1 million provided by the Capital Projects Bond Fund and about \$600,000 from the Georgia Department of Transportation's Transportation Enhancement Program. The project was designed by Atkins North America of Atlanta. The general contractor was GS Construction, Inc. of Lawrenceville.

## Park Pavilions and Concession Buildings

Construction has been completed on new pavilions and concession buildings at McKoy and Oakhurst Parks. The new buildings include all-season restrooms and replacement of outdated park amenities that were originally built in the 1970s. The total cost was about

\$1.3 million. The improvements were designed by Lyman Davidson Dooley Architects. The general contractor was BM&K Construction of Braselton.

## Ongoing Investments:

### Greenspace Acquisition and Improvement

An all-weather trail has been completed in the greenway south of Dearborn Park. The City also is continuing its program to remove and control invasive plants in various locations around Decatur. This program is focused on the eradication of kudzu, English ivy, privet and similar invasive plants that harm native plants and reduce habitat in the City's greenspaces.

Previously, a community-based master plan for Hidden Cove Park was completed and approved by the City Commission. New footbridges and park furniture were installed, removal of invasive plants was started and additional trees were planted to begin implementation of the master plan. Acquisition of additional properties to the City's greenspace inventory also is being considered.

### Sidewalk Improvement Program

Construction was completed on Phase 2 of the sidewalk improvement program in spring of 2012. Sidewalk improvements were initiated considering priorities from the Community Transportation Plan, providing logical connections and reducing gaps in the sidewalk system, providing sidewalks where there is a substantial amount of existing pedestrian traffic, and providing sidewalks in areas with high volumes of vehicular traffic. Many of the sidewalk improvements were designed to enhance the City's active Safe Routes to Schools program. Almost 3½ miles of new sidewalk were included in Phase 2, along with enhanced crosswalks at key intersections in downtown Decatur and on streets with high volumes of pedestrian use. Agnes Scott College also funded flashing beacons at new, highly visible crosswalks on East College Avenue and South Candler Street.

The City Commission continues to appropriate funding each year for improvements to the City's sidewalk, pedestrian and bicycle facilities and for traffic calming improvements to discourage speeding and make walking and biking safer in Decatur. Recent sidewalk and traffic calming efforts include sidewalk improvements on Clairemont Avenue, Kirk Road, Maxwell Street and Westchester Drive. A new system of medians, roundabouts and similar traffic calming features were implemented in the Ponce de Leon Terrace and Decatur Heights neighborhoods and a new pedestrian bridge was completed over Shoal Creek in the Winnona Park neighborhood.

On-going sidewalk and pedestrian improvements completed in 2016-17 include the Olympic Place pedestrian trail, a sidewalk extension on Harold Byrd Drive and new decorative crosswalks in downtown Decatur.

## Decatur Cemetery

Work was completed in 2012 on Phase 1 of the Decatur Cemetery Improvements. The Decatur Cemetery is the City's largest publicly owned open space and is adjacent to Glenlake Park, the City's largest public park. The City Commission approved a master plan for the Decatur Cemetery in September 2008, after a comprehensive public planning effort. The master plan included a landscape improvement and tree replacement program; improvements to the storm water system; new walkways, drives and other infrastructure elements with an emphasis on pedestrian amenities; a "pond side" park; repairs to the historic Old Cemetery; a maintenance plan to address erosion and stream restoration; and, development of a more dignified and park-like entrance at Church and Bell Streets. Trees Atlanta is continuing a multi-year restoration program of the woodland section on the eastern side of the Cemetery. The master plan was prepared by the firm of Edward L. Daugherty, FASLA. Ed Castro Landscape, Inc. of Atlanta was the general contractor for the Phase 1 improvements.

Work was completed in 2010 on restoration of the Cemetery Office building using sustainable construction methods. Improvements to the Cemetery Office building were designed by Brian Randall, Architect, of Decatur. The general contractor was Ward General Contractors of Kennesaw.

Phase 2 of the Decatur Cemetery Improvements include development of a prominent entrance at Bell Street, restoration of the Old Cemetery, and additional pedestrian and landscape improvements.

# Capital Projects Summary

## Capital Improvement Program

A Capital Improvement Program (CIP) is a planning process that identifies the capital investments a local government intends to make over a period of time. Capital includes the facilities and materials needed to perform the City's functions and to produce and deliver the services expected of it.

The following guidelines determine what a capital project is:

- Relatively high monetary value (at least \$5,000)
- Long life (at least two years)
- Results in creation of a capital asset, or the revitalization of a capital asset

Included within the above definition of a capital project are the following items:

- Construction of new City facilities
- Remodeling or expansion of existing facilities
- Purchase, improvement, and development of land
- Street construction, reconstruction, resurfacing, or road improvements
- Sidewalks, drainage, and stormwater projects
- Vehicles, heavy equipment, computers, and other machinery & equipment
- Planning and engineering costs related to specific capital improvements

The City develops and updates a five-year Capital Improvement Program (CIP) annually. The capital budget is the first year of the CIP and provides the basis for control of expenditures for the acquisition of significant City assets and construction of all capital facilities. As capital improvement projects are completed, they are capitalized and the operations and maintenance are funded in the annual general fund operating budget.

## The FY 2019-2023 Capital Improvement Program

The FY 2019-2023 capital improvement program totals \$34,914,570. A summary of the plan is as follows:

	<b>FY 2019 Adopted</b>	<b>FY 2020 Proposed</b>	<b>FY 2021 Proposed</b>	<b>FY 2022 Proposed</b>	<b>FY 2023 Proposed</b>	<b>Total</b>
Capital Improvements Fund	5,610,900	4,023,810	2,525,810	2,086,000	2,611,500	16,858,020
HOST projects	2,049,000	790,000	200,000	200,000	200,000	3,439,000
SPLOST Fund	914,480	3,457,980	2,559,950	1,828,130	1,126,880	9,887,420
PFA Fund	489,000	80,000	80,000	80,000	80,000	809,000
Cemetery Capital Improvements Fund	100,000	87,000	15,000	15,000	15,000	232,000
Solid Waste Fund	268,330	257,230	207,430	157,120	118,320	1,008,430
Stormwater Fund	601,700	353,000	412,000	504,000	454,000	2,324,700
E911 Fund	10,000	0	82,000	82,000	82,000	256,000
Children & Youth Services Fund	80,000	0	0	10,000	10,000	100,000
<b>Totals</b>	<b>10,123,410</b>	<b>9,049,120</b>	<b>6,091,990</b>	<b>4,962,250</b>	<b>4,697,700</b>	<b>34,914,570</b>

The projects included in the Proposed FY 2019-2023 Capital Improvement Program are listed on the following pages.

## FISCAL YEAR 2018-2019

# Capital Projects Debt Service Summary

**Capital Projects Funds are used to account for financial resources to be used for the acquisition or construction of major capital facilities and capital outlay.**

Historically, the City has utilized debt cautiously, conservatively and sparingly. Until the City issued general obligation bond debt in 2007, it had not issued long-term debt since the 1950s, instead relying on pay-as-you-go financing and short-term financing mechanisms. Advantages of issuing long-term debt as opposed to pay-as-you-go financing include the ability to complete more capital projects in a shorter amount of time and an allocation of the project costs to the citizens that benefit from the projects.

In March 2017, the City of Decatur Public Facilities Authority (PFA) was created as part of an effort to acquire a seventy-seven acre property owned by the United Methodist Children's Home, Inc. In July 2017, the PFA issued revenue bonds in the amount of \$29,625,000 and secured a low-interest loan from the Georgia Environmental Finance Authority in the amount of \$11,452,000 for the purchase of the property.

### City Direct Debt

*as of June 30, 2017*

General Obligation debt	\$107,553,000
Revenue Bonds	\$42,311,000
Capital Leases	\$425,000
Notes Payable	\$1,852,000
Certificates of Participation	\$2,830,000
<b>Total direct debt</b>	<b>\$154,971,000</b>

As of June 30, 2017, the City had just over \$154,970,000 in debt outstanding. This is a reduction from the prior year's outstanding debt of approximately \$164,800,000. This includes \$107,553,000 in general obligation bond debt for city and school capital projects from the 2007 bond issuance and the general obligation bond debt for school capital projects from the 2016 bond issuance. In December 2010, the City issued \$13,760,000 in Recovery Zone Economic Development Bonds to cover the cost of construction of improvements to the Decatur Recreation Center, Fire Station #1 and the Decatur Public Works facility. In December 2012, the City issued \$5,415,000 in sales tax bonds on behalf of CSD which have been paid in full. In April 2013, the Urban Redevelopment Agency issued \$29,290,000 in revenue bonds for the construction of the Beacon Municipal Complex to include the police department, E911 operation, municipal court and an active living facility as well as a large stormwater project on the site. The City Schools of Decatur (CSD) is financially responsible for \$5,360,000 of the overall bond issue for the School's administrative facility on the site. In December 2014, the Downtown Development Authority borrowed \$1,785,000 to purchase the historic Scottish Rite hospital property in the Oakhurst neighborhood. Revenue from property rentals are expected to cover the debt service payments. In November 2015, Decatur voters approved a \$75 million general obligation bond issuance for City Schools of Decatur capital improvements projects. A separate millage rate was approved by the City Commission in March 2016 to generate the revenue needed to make the debt service payments on the school bonds.

Other debt includes Certificates of Participation in the amount of \$3,254,853 for the renovation and addition of City Hall, the Georgia Municipal Association lease pool agreement and capital leases for equipment.

Many of the bond funded projects are described in the Capital Projects Narrative.

Under state law, the City's outstanding general obligation debt should not exceed 10% of total assessed property value. As of June 30, 2017, the City's general obligation debt equaled 5.6% of total assessed property value which remains within the legal debt limit.

## Debt Refinancing

In February 2015, the City negotiated a decrease in the interest rate on the certificates of participation that were issued in 2005 for the renovation and addition of City Hall. The reduction will result in a net present value savings of approximately \$132,000 over the term of the loan.

In April 2015, in an effort to take advantage of favorable interest rates, the City completed an advance refunding of the outstanding series 2007 general obligation bonds. The refunding will result in a net present value savings of approximately \$2,600,000 or \$155,000 per year over the term of the bonds.

## Schedule of Debt Service Payments

A summary of scheduled debt service payments for FY 2018-2019 is provided below:

2018-2019 PAYMENTS	Interest	Principal	Ending Balance	Final Maturity
Certificates of Participation (Capital Improvements Fund)	35,490	150,000	1,215,000	2026
General Obligation Bonds (2007) (Debt Service Fund)	1,030,681	865,000	28,210,000	2037
School General Obligation Bonds (2016) (Debt Service Fund)	2,565,744	1,165,000	68,590,000	2042
Scottish Rite (DDA)	72,220	85,000	1,485,000	2030
Urban Redevelopment Agency Revenue Bonds (2010 URA Fund)	742,410	420,418	11,352,690	2038
Urban Redevelopment Agency Revenue Bonds (2013 URA Fund)	1,200,750	680,000	26,055,000	2044
Public Facilities Authority GEFA Loan (PFA Fund)	188,759	298,819	10,941,207	2047
Public Facilities Authority Revenue Bonds (PFA Fund)	1,004,969	580,000	29,045,000	2047

## Bond Ratings

The City's bond ratings reflect its financial strength as evaluated by the bond rating agencies. When the City issues general obligation debt or other securities, rating agencies analyze the City's current and future ability to repay debt. The City's current bond ratings are AA+ from Standard & Poor's (S&P) Ratings Services and Aa1 from Moody's Investors Service. These are relatively high ratings for a mature city of this size. A positive bond rating reduces the City's cost of borrowing thus saving money for the City taxpayer.

Positive contributing factors to the City's bond ratings include:

- Very strong economy
- Financial stability bolstered by conservator budgeting
- Diverse employment base
- Good management policies and practices
- Healthy fund balance levels
- Strong socioeconomic indices
- High-density development, including transit-oriented development
- Very strong budgetary flexibility and financial liquidity
- Recent significant tax base growth
- Strong wealth and income levels

# Appendix A **Budget Guide**

**Budget FY 2018-2019**

# Budget Guide

**T**he city's charter requires the City Manager to prepare an annual budget on the basis of estimates submitted by the directors of departments and approved by the City Commission. The budget document is the result of months of planning. The budget allocates the city's limited financial resources to provide services based on organizational and community priorities. The resulting document becomes the plan that guides departments' operations throughout the fiscal year.

The budget period is the city's fiscal year which begins on July 1 and ends on June 30. While budgeting is an ongoing process, departments officially submit budget requests to the City Manager, or her designee, in February. The budget is scheduled for adoption by the City Commission on the third Monday in June. A detailed budget schedule is attached.

Georgia state law requires that the operating budget be balanced with current revenues and other financing sources, including unreserved fund balance. Any unencumbered appropriations lapse at year-end and do not carry forward into the next fiscal year.

Throughout the year, the City Manager and department heads are provided with periodic financial reports of revenues, expenditures and encumbrances compared with the adopted budget. These reports allow staff to monitor and manage the budget as authorized by the City Commission.

## **Process**

In January, departments are notified in writing of the budget schedule including budget due dates and departmental budget hearings. Any necessary forms related to the budget, performance measures and capital improvements planning are provided at this time.

Departments use prior and current year expenditure information to determine the resources necessary to maintain the current level of service. Based on City Commission and community priorities, estimates may be developed for a change in service level. While departments use past expenditures to develop their budgets, the budget process is a form of zero based budgeting because departments must justify each account request annually (i.e. a budget allocation in one year does not guarantee a continued allocation in the following year.)

Department budget requests are submitted to the City Manager, Assistant City Manager and Budget Manager for review in late February. All department heads meet as a group with budget staff to present their work plans and discuss their budget requests for the next year. This meeting is held in March. In April, department heads present their final budget requests to the City Manager. During this time, vision-based budgeting teams are convened to prepare the narratives and document the resources being allocated towards each strategic plan principle.

Proposed and revised budget documents are presented to the City Commission at the second commission meeting in May. Work sessions are held with the City Commission and public hearings are held prior to the final adoption of the budget in June. Additional public forums occur during March, April and May to provide opportunities for the public to participate in the budgeting process.

## Budgetary Funds

The City's accounts are organized by fund groups, each of which is treated as a separate accounting entity. Annual operating budgets are approved for the following funds:

**General Fund:** The general operating fund of the city. It accounts for resources traditionally associated with government that are not required to be accounted for in another fund.

**Capital Improvement Fund:** Established to account for the receipt and expenditures of money from major capital projects. This fund is general in nature and may be used to finance any capital project that the City Commission designates.

**SPLOST Fund:** Established to account for the receipt and expenditures of money from the Special Purpose Local Option Sales Tax (SPLOST) that was approved by voters in November 2017. This fund will be used to finance debt service, construction of the Atlanta Avenue transportation project and other transportation projects.

**General Obligation Bond Fund:** Established to account for the receipt and expenditures of money from the general obligation bond issued in 2007.

**Urban Redevelopment Agency Funds:** Established to account for the receipt and expenditures of money from the bonds issued by the Urban Redevelopment Agency of the City of Decatur in 2010 and 2013.

**URA Callaway Fund:** Established to account for the debt service on the October 2013 bonds issued to purchase the Callaway Building property in downtown Decatur for redevelopment purposes.

**Cemetery Capital Improvement Fund:** Established to account for the financing and expenditure activity of a capital nature occurring within the cemetery. Financing is provided by one-half of the proceeds from cemetery lot sales. This fund is intended to provide for the capital needs of the cemetery into perpetuity.

**Tree Bank Fund:** Established for collecting fees in lieu of planting replacement trees required for compliance with the tree ordinance. Fees are used to purchase and plant trees on public parks, rights of way and other public properties, the purchase of green space, and similar activities associated with maintaining and improving the city's public tree canopy.

**Conference/Parking Deck Fund:** Established to account for the activity of the conference center and parking deck.

**Stormwater Utility Fund:** Established to account for the collection of fees for repairs, maintenance and construction of stormwater drains and other related expenses.

**Solid Waste Enterprise Fund:** Established to account for the collection of fees for residential and commercial sanitation service.

**Debt Service Fund:** Established to account for the accumulation of resources and payment of long-term obligations.

**Grant Fund:** Established to account for grants received from the U.S. Dept. of Education.

**Confiscated Drug Fund:** Established to account for the use of confiscated drug money and/or assets by the city's Police Department.

**Emergency Telephone System (E911) Fund:** Established to account for funds received for all emergency 911 charges and wireless enhanced charges.

**Hotel/Motel Tax Fund:** Established to account for the hotel/motel taxes collected as required by general law.

**Children & Youth Services Fund:** Established to account for the collection of participation fees and grants and expenditures related to the city's after-school and summer programs.

**Public Facilities Authority Fund:** Established to account for the financial activities of the City of Decatur Public Facilities Authority including debt issuance and debt service payments.

## Basis of Budgeting

All fund budgets described above, with the exception of the stormwater, solid waste and conference/parking deck funds, are prepared on a modified accrual basis meaning that expenditures are budgeted if the obligation will be incurred that fiscal year and revenues are budgeted if they are measurable and available. For example, an outstanding purchase order is an example of an incurred expenditure. “Measurable” means the amount of the transaction can be determined and “available” means collectible within the budgeted fiscal period or soon enough thereafter to pay liabilities of that fiscal period. For example, real property tax bills that are billed in April and due in June are budgeted as revenue in the billing year.

The remaining funds are enterprise funds which are budgeted on a full accrual basis. Expenditures are recognized when a commitment is made and revenues are recognized when they are obligated to the city (i.e. stormwater fee bill is generated).

The basis of accounting refers to the time at which revenues and expenditures or expenses and the related assets and liabilities are recognized in the accounts and reported in the financial statements. In the city, the basis of budgeting and the basis of accounting are the same with the exception that the budget does not reflect depreciation expenses or compensated absences. The city’s comprehensive annual financial report (CAFR), which is prepared in conformity with generally accepted accounting principles (GAAP), provides the specific information for depreciation and compensated absences.

## Fund Balance

The accounting definition of fund balance is the difference between assets and liabilities on the balance sheet. If revenues exceed expenditures at the end of the fiscal year, the remainder is identified as ‘fund balance’. The practice of conservative revenue estimates and carefully monitored expenditures may result in a fund balance. The city’s financial policies recommend an unassigned, formerly ‘unreserved’, fund balance between twenty and thirty percent of the operating budget. The city does not budget for contingencies and therefore, must rely on the fund balance for emergency expenditures. In some years, the city may budget to use fund balance for one-time, non-recurring expenditures while remaining within the acceptable level for fund balance.

In June 2011, the City Commission amended the city’s financial policies to reflect new fund balance requirements under the Governmental Accounting Standards Board (GASB) Statement 54. The five classifications of fund balance can be found in the financial policies in Appendix C.

In the fiscal year ending June 30, 2017, the general fund balance totaled \$9,716,342 or 38% of the 2017-2018 revised operating budget. This was an increase of \$1,295,872 from the previous year’s fund balance. In the Revised 2017-2018 budget estimates, the city has budgeted to use \$904,150 of fund balance. In the FY 2018-2019 budget estimates, the city has budgeted to use \$1,481,030 of fund balance. The City has identified expenditures totaling just over \$1,482,000 that are one-time, non-recurring expenditures which is a proper use of fund balance and consistent with the City’s fund balance policy. The use of fund balance includes a non-recurring transfer to the Public Facilities Authority fund to be used for debt service. Fund balance is estimated to be \$7,331,162 at the end of FY 18-19 or 27% of the adopted operating budget.

## Budget Revisions

Since the legal level of budgetary control is at the departmental level, each department head has the authority to recommend budget transfers within the department budget to the City Manager for approval. State law prohibits transfers within the 'salaries' line-items without approval of the governing body.

Concurrent with the budget process for the next fiscal year, revisions to the current year's budget are developed. The current year revised budget is adopted with the next year's proposed budget. In the case that unanticipated budget revisions are necessary before the end of the fiscal year, the budget may be amended with the approval of the City Commission.

## Performance Measures

The city incorporates performance measures and objectives into the budget document. For each department, there are at least three years of actual performance data. The city will continue to improve upon the performance measurement program and make it a substantive part of the budget development process.

## Strategic Planning

In the fall of 1998 the city sponsored a community forum known as the Decatur Roundtables which involved 500 community members. A report of key concerns and action teams developed from this process. This report and recommendations from the action teams guided many of the City's activities. Over 200 stakeholders helped develop a ten-year strategic plan based on the work of the Roundtables project. The strategic plan was completed in the summer of 2000. Three core principles emerged from the plan:

- A. Manage Growth While Retaining Character
- B. Encourage Community Interaction
- C. Provide Quality Services Within Fiscal Limits

In the spring and summer of 2010, the process was repeated with 1,500 stakeholders and the 2010 Strategic Plan was adopted in March 2011. The three core principles from the 2000 plan were updated and a fourth was added. For internal purposes, city staff developed a fifth principle that recognizes the need for a city organization to support and achieve the other strategic plan principles.

- A. Manage Growth While Retaining Character
- B. Encourage a Diverse and Engaged Community
- C. Serve as Good Stewards of the Environment and Community Resources
- D. Support a Safe, Healthy, Lifelong Community
- E. Provide the Necessary Support within City Government to Achieve the Vision and Goals of the Community

The plan identifies goals and specific tasks for each principle. The plan is reviewed annually in conjunction with the budget to ensure the budget supports the plan's principles and tasks and incorporates community input into the budget process.

## Community Engagement

Each budget season, the city invites interested citizens to participate in discussions of the budget process. These community budget gatherings were first held in 2002. Because of the success and contribution of these meetings to the budget process, the city continues to invite active citizen participation in the budget process through these community gatherings.

The goal of the community budget gatherings is to provide relevant budget and financial information in an informal environment so that participants can better understand the city's budget process including how revenue and expenditure recommendations are made.

Starting in 2013, the city has held an annual Budget Expo or ‘Touch a Budget’ event. At this event, structured much like a science fair or vendor expo, city staff set up stations representing each strategic plan principle and display equipment, documents and other materials that are in the proposed budget and support each strategic plan principle. The public is invited to attend and visit each principle area to learn more about the budget requests and how they support the city’s overall strategic vision. This offers an informal setting for citizens to meet employees from all departments and engage in a dialogue about City services and programs.

## Budget Reporting

State law requires that the budget be posted on the Tax and Expenditure Data (TED) website maintained by the Carl Vinson Institute of Government. In addition to complying with that State law, the city also posts the budget on the city website and makes hard copies available at multiple locations within the city.

## Budget Schedule Fiscal Year 2018-2019

January 27	Budget Memo and Schedule to Departments
February 21	Monthly Staff Meeting
February 23	Department Proposed Budget Requests and BVE Worksheets due by 5 pm
March 2	CIP Requests and VBB-Strategic Plan Principles due
March 7	Budget Review Meeting-Department Heads
March 14	Strategic Plan Principles Narrative Teams begin working
March 19	City Commission Adopts Billing Ordinance
March 20	Budget Expo
March 21	Monthly Staff Meeting
March 23	Personnel Estimates Due
March 30	Revised Budget Requests and BVE Worksheets due by 5 pm
April 1	Tax Bill Mailing Deadline
April 3	Revenue Projections Due
April 3	Prepare Notice for Decatur Focus
April 11	Budget Request Follow-up and 10-Year Capital Plan Drafting
April 12	Strategic Plan Principles Narratives Due
April 18	Monthly Staff Meeting
April 20	Draft Proposal to City Manager (tentative)
April 27	Preliminary Budget Complete
May 9	Monthly Staff Meeting
May 10	Public Hearing Announcements to Legal Organ
May 16	Budget delivered in City Commission packet
May 15	Presentation of Budget to Commission and Adoption of Tentative 2018 Millage Rates
May 17, 24, 31	Public Hearing Ads Published in Legal Organ
June 4	Work Session and Public Hearing on Budget and Millage Rate
June 11	Public Hearing on Budget and Millage Rate (if necessary)
June 18	Public Hearing on Budget and Millage Rate, Adoption of FY 2018-2019 Budget and Revised 2017-2018 Budget, and Adoption of Final 2018 Millage Rates

# Appendix B Glossary

Budget FY 2018-2019

# Glossary

The following is an abbreviated list of the specialized governmental budgeting and accounting terms used in this budget:

**ACCOUNT NUMBER** – A line item code defining an appropriation.

**ACCOUNTS PAYABLE** – A liability account reflecting amounts on open account owing to private persons or organizations for goods and services received by a government.

**ACCOUNTS RECEIVABLE** – An asset account reflecting amounts owing on open account from private persons or organizations for goods and services furnished by a government.

**ACCRUAL ACCOUNTING** – A basis of accounting in which revenues are recognized in the accounting period in which they are earned, and expenses are recognized in the period in which they occur.

**AD VALOREM TAXES** – Commonly referred to as property taxes, are levied on both real and personal property according to the property's valuation and the tax rate.

**AMORTIZATION** – The reduction of debt by regular payments of principal and interest sufficient to retire the debt by maturity.

**ANNUAL BUDGET** – A budget applicable to a single fiscal year.

**APPROPRIATION** – A legal authorization granted by a legislative body to make expenditures and to incur obligations for specific purposes. An appropriation is usually limited in amount and as to the time when it may be expended.

**ASSESSED VALUATION** – A valuation set upon real estate or other property by a government as a basis for levying taxes.

**ASSETS** – Resources owned or held by a government which have monetary value.

**BALANCED BUDGET** – A budget in which planned revenues available equals planned expenditures.

**BASIS OF ACCOUNTING** – A system used by an individual government to determine when revenues have been realized and when expenditures have been incurred. The City uses the modified accrual method.

**BASIS OF BUDGETING** – A system used by an individual government to determine when budgetary revenues have been realized and when budgetary expenditures have been incurred. The City uses the modified accrual method.

**BOND** – A written promise to pay a specified sum of money, called the par value or principal, at a specified date or dates in the future, together with periodic interest at a specified rate.

**BONDED DEBT** – That portion of indebtedness represented by outstanding bonds.

**BUDGET** – A service plan for a given period embodying estimated expenditures for providing services and the proposed means of financing them. A balanced budget limits expenditures to available resources.

## AAAG

### ACRONYMS AT A GLANCE:

<b>CIP</b>	Capital Improvement Program
<b>CSOD</b>	City Schools of Decatur
<b>DOT</b>	Department of Transportation
<b>FTE</b>	Full-time equivalent
<b>GAAP</b>	Generally Accepted Accounting Principles
<b>GASB</b>	Governmental Accounting Standards Board
<b>GMA</b>	Georgia Municipal Association
<b>LARP</b>	Local Assistance Road Program
<b>LMIG</b>	Local Maintenance & Infrastructure Grant Program
<b>OPEB</b>	Other Post-employment benefits
<b>PFA</b>	Public Facilities Authority
<b>SPLOST</b>	Special Purpose Local Options Sales Tax
<b>URA</b>	Urban Redevelopment Agency

**BUDGET AMENDMENT** – A revision of the adopted budget that, when approved, replaces the original provision and increases or decreases the budget appropriation.

**BUDGET CALENDAR** – The schedule of key dates that a government follows in preparation and adoption of the budget.

**BUDGET ORDINANCE** – The governmental action which appropriates revenues and fund balances for specified purposes, functions, or activities for a budget period.

**BUDGET PERIOD** – The period for which a budget is proposed or a budget ordinance is adopted. Normally coincides with the fiscal year.

**BUDGET TRANSFER** – A procedure utilized by City Departments to revise budget appropriations within the departmental operating budget accounts. Transfers monies from one account to another and does not increase or decrease the overall budget appropriation for the department.

**BUDGETARY CONTROL** – The control or management of a government or enterprise in accordance with an approved budget for the purpose of keeping expenditures within the limitations of available appropriations and available revenues.

**CAPITAL ASSETS** – Assets of significant value and having a useful life of several years. Capital assets for the City of Decatur have a purchase cost of \$5,000.00 or over and have a useful life of more than one year. See also Fixed Assets.

**CAPITAL OUTLAY** – Expenditures for the acquisition of capital assets.

**CAPITAL PROJECT** – A project that results in the purchase or construction of capital assets. Capital projects may encompass the purchase of land, construction of a building or facility, or purchase of a major piece of equipment.

**CAPITAL IMPROVEMENTS FUND** – A fund established to account for the receipt and expenditures of money from major capital projects.

**CHART OF ACCOUNTS** – A numbering system that assigns a unique number to each type of transaction and to each budgetary unit in the organization. The City of Decatur utilizes the Uniform Chart of Accounts for Local Governments in Georgia as mandated by the Georgia Department of Community Affairs (DCA).

**CIP** – Capital Improvement Program.

**COMPREHENSIVE ANNUAL FINANCIAL REPORT (CAFR)** – The report that summarizes financial data for the previous fiscal year in a standardized format.

**CSOD** – City Schools of Decatur, the City's independent school district.

**DEBT** – An obligation resulting from the borrowing of money or from the purchase of goods and services over a period of time. Debts of government include bonds, time warrants, notes, and floating debts.

A. *General Obligation Debt* is secured by the pledge of the issuer's full faith, credit, and taxing power.

B. *Revenue Debt* is a bond, debt, or obligation for which principal and interest are payable exclusively for the earnings of a government enterprise. This term can refer more broadly to any state or local government debt that is not a general obligation.

**DEBT LIMIT** – The maximum amounts of gross or net debt that is legally outstanding debt.

**DEBT SERVICE** – Payment of principal and interest to lenders or creditors on outstanding debt.

**DEBT SERVICE FUND** – A fund that is established to account for the accumulation of resources for the payment of long-term obligations.

**DEFICIT** – The excess of an entity’s liabilities over its assets or the excess of expenditures or expenses over revenues during a single accounting period.

**DEPRECIATION** – Expiration in the service life of capital assets attributable to wear and tear, deterioration, action of the physical elements, inadequacy or obsolescence.

**DOT** – Department of Transportation.

**ENTERPRISE FUND** – Enterprise Funds are used to account for operations that are financed and operated in a manner similar to private business enterprise where the intent of the governing body is that the cost of providing goods or services to the general public on a continuing basis be financed primarily through user charges. Services accounted for in enterprise funds are tangible, and it is possible to determine the extent to which they benefit individual service consumers.

**EXPENDITURES** – Decreases in net financial resources. Expenditures include current operating expenses, which require the current or future use of net current assets, debt service, and capital outlays.

**EXPENSES** – Decreases in net total assets. Expenses represent the total cost of operations during a period regardless of the timing of related expenditures.

**FIDUCIARY FUND** – Those trust and agency funds used to account for assets held by a local government in a trustee capacity or as an agent for individuals, private organizations, other governmental units, or other funds.

**FINANCIAL INDICATORS** – Comparison of planned vs. actual expenditures, cost, obligations, receipts, allocations or losses.

**FISCAL YEAR (FY)** – The accounting period for which an organization’s budget is termed the fiscal year. In Decatur, the fiscal year runs from July 1 to June 30 of the following year.

**FIXED ASSETS** – A financial resource that is tangible in nature, has a useful life of more than one year, is not a repair part or supply item and has a value equal to, or greater than, the capitalization threshold of \$5000. See also Capital Assets.

**FTE** – Full-time equivalent-in reference to personnel.

**FUND** – A fund is an independent financial and accounting entity. It has a balanced set of accounts and records, cash and other resources together with all related liabilities and residual equities or balances which are segregated for the purpose of carrying on specific activities or attaining certain objectives in accordance with special regulations, restrictions or limitations. Though funds are independent entities with the financial records of a government, there need not be physical segregation of assets.

**FUND ACCOUNTS** – All accounts necessary to set forth the financial position and results of operations of a fund.

**FUND BALANCE** – The difference between assets and liabilities on the balance sheet.

**GAAP** – See Generally Accepted Accounting Principles.

**GASB** – See Governmental Accounting Standards Board.

**GENERAL FUND** – This fund accounts for the revenues and activities not required by law or administrative decision to be accounted for in a special fund. Ordinarily, the General Fund has a great variety of revenues and is used to finance many more activities than any other fund. The General Fund provides general-purpose governmental services.

**GENERAL OBLIGATION (GO) BONDS** – Bonds that are secured by the issuer's full faith and credit pledge. Most GO bonds are backed by the issuer's ability to level an ad valorem tax in an amount sufficient to meet debt service requirements.

**GENERAL REVENUE** – The revenue of a government other than those derived from and retained in an enterprise. If a portion of the net income in a Proprietary or Enterprise Fund is contributed to another non-enterprise fund, such as the General Fund, the amount transferred constitutes general revenue to the government.

**GENERALLY ACCEPTED ACCOUNTING PRINCIPLES (GAAP)** – Uniform minimum, standards used by state and local governments for financial accounting, recording and reporting, encompassing the conventions, rules and procedures that define accepted accounting principles; established by the Governmental Accounting Standards Board (GASB).

**GMA** – Georgia Municipal Association, organization representing municipalities in Georgia.

**GOVERNMENTAL ACCOUNTING STANDARDS BOARD (GASB)** – The body that sets accounting standards specifically for governmental entities at the state and local level.

**GOVERNMENTAL FINANCE OFFICERS ASSOCIATION (GFOA)** – Professional association of state/provincial and local finance officers in the United States and Canada dedicated to the sound management of government financial resources.

**GRANTS** – A financial gift, donation or award that is made from a funding source, usually a governmental entity, to the City for the acquisition of goods, services or land. The grant award agreement defines the City's responsibilities and duties to be exchanged for the grant. Grants are often earmarked for a specific purpose of program.

**INTERNAL SERVICE FUNDS** – A fund used to account for the financing of goods or services provided by one department to other departments within the City on a cost-reimbursement basis.

**INVESTMENTS** – Securities and real estate held for production of revenue in the form of interest, dividend, rentals or lease payments. The term does not include fixed assets used in governmental operations.

**LEVY** – To impose taxes, special assessments or service charges for the support of governmental activities.

**LINE-ITEM BUDGET** – A budget format in which departmental outlays are grouped according to the items that will be purchased, with one item or group of items on each line.

**LMIG** – Local Maintenance & Infrastructure Grant Program – Grant program sponsored by the Georgia Department of Transportation.

**LONG-TERM DEBT** – Debt with a maturity of more than one year after the date of issuance.

**MAJOR FUND** – Funds with revenues, expenditures, assets or liabilities that make up at least 10 percent of the total for the fund category or type and at least five percent of the aggregate amount of all governmental and enterprise funds. The general fund is always considered a major fund.

**MILLAGE RATE** – The rate used in calculating taxes based upon the value of property, expressed in mills per dollar of property value.

**MISSION** – The reason or purpose for the organizational unit’s existence.

**NET INCOME** – Enterprise Fund in excess of operating revenues, non-operating revenues, and operating transfers-in over operating expenses, non-operating transfers-out.

**NON-MAJOR FUND** – A fund in which the revenues, expenditures, assets or liabilities do not make up at least 10 percent of the total for the fund category or type and at least five percent of the aggregate amount of all governmental and enterprise funds.

**OBJECTIVES** – The specified end result expected and can include the time at which it will be achieved.

**OPEB** – Other Post-employment benefits.

**OPERATING EXPENSES** – Enterprise Fund expenses that are directly related to the fund’s primary service activities.

**OPERATING INCOME** – The excess of Enterprise Fund operating revenues over operating expenses.

**OPERATING REVENUES** – Enterprise Fund revenues that are directly related to the fund’s primary service activities. They consist of user charges for services.

**PFA** – Public Facilities Authority.

**PROPRIETARY FUND** – Used to account for a government’s ongoing organizations and activities that are similar to those often found in the private sector (enterprise and internal service funds). All assets, liabilities, equities, revenues, expenses and transfers relating to the government’s business and quasi-business activities – where net income and capital maintenance are measured – are accounted for through proprietary funds.

**REVENUES** – Increases in governmental fund type net current assets from other than expenditure refunds and residual equity transfers.

**SPLOST** – Special Purpose Local Options Sales Tax.

**TAX DIGEST** – The total assessed value of all real estate property, motor vehicles, mobile homes, timber and heavy-duty equipment in the City of Decatur, Georgia.

**TAX RATE LIMIT** – The maximum rate at which a government may levy a tax. Overall tax rate limits usually restrict levies for all purposes and of all governments, state or local, having jurisdiction in a given area. Taxes are levied via a Tax Levy Ordinance.

**TAXES** – Compulsory charges levied by a government for the purpose of financing services performed for a common benefit. This term does not include specific charges made against particular persons or property for current or permanent benefits such as special assessments.

**UNIFORM CHART OF ACCOUNTS** – State mandated financial reporting format for governments. See “Chart of Accounts.”

**URA** – Urban Redevelopment Agency.

# Appendix C **Financial Policies**

**Budget FY 2018-2019**

# Financial Policies

## I. Purpose and Objective

The City of Decatur has a responsibility to carefully account for public funds, to manage municipal finances wisely, and to plan for the provision of public services. Sound financial policies are necessary to carry out these objectives responsibly and efficiently.

The City of Decatur's financial policies set forth below are the basic framework for its overall financial management. These policies incorporate long-standing principles and traditions that have served the City well in maintaining a sound and stable financial condition.

The broad purpose of the following financial policies is to enable the City of Decatur to achieve and maintain a long-term positive financial condition. The key values of the City's financial management include fiscal integrity, prudence, planning, accountability, honesty, and openness. Specifically, the purpose is to provide guidelines for planning, directing, and maintaining day-to-day financial affairs.

## II. Operating Budget

### A. Preparation

Budgeting is an essential element of the financial planning, control, and evaluation process of municipal government. The "operating budget" is the City's annual financial operating plan. The annual budget includes the operating departments of the general fund, special revenue fund, debt service fund, capital project fund, enterprise funds, and other approved funds that may be established as needed. The budget encompasses a fiscal year that begins on July 1 and ends on June 30. The budget is prepared by the City Manager with the cooperation of all City departments, on a basis that is consistent with generally accepted accounting principles.

1. Proposed Budget – A proposed budget shall be prepared annually by the City Manager with participation of all City Departments consistent with provisions of the City Charter and state budget laws.
  - a. The budget shall include (1) revenues, (2) personnel costs, (3) operating and maintenance supply costs, (4) general services costs, and (5) capital and other (non-capital) costs.
  - b. The budget review process shall include public hearings. At the time the proposed budget is transmitted to members of the City Commission by the City Manager, a copy will be made available for public inspection at

City Hall and advertised in a local newspaper of general circulation. No earlier than seven days after the proposed budget is transmitted to the City Commission and at least seven days in advance of budget adoption, a public hearing takes place to give the public an opportunity to comment on the proposed budget. Notice of public hearing must be advertised at least seven days in advance of the public hearing.

- c. The City Commission, prior to the first day of the fiscal year, will adopt an annual budget at a public meeting. The annual budget shall be advertised at least one week prior to the meeting. The proposed budget is prepared by the City Manager and transmitted to members of the City Commission for its review with sufficient time given for the City Commission to address policy and fiscal issues.
2. Adoption – The budget shall be adopted by the approval of a budget resolution that specifies the anticipated revenues by appropriate categories, the proposed expenditure totals for each department, each non-departmental expense, and for each fund covered by the budget. Amendments to the budget must be approved by resolution. The budget shall be adopted at the fund/department level, which is the legal level of budgetary control. The current year's budget may be adjusted to reflect changes in local economy, changes in priorities or services needs, receipt of unbudgeted revenues and for unanticipated expenditures.

## **B. Balanced Budget**

The operating budget will be balanced with anticipated revenues, including appropriated unencumbered surplus, equal to proposed expenditures. All funds within the budget shall also be balanced.

## **C. Planning**

The City will utilize a decentralized budget process. All departments will be given an opportunity to participate in the budget process and submit funding requests to the City Manager.

## **D. Reporting**

Periodic financial reports will be prepared and distributed to the City Manager and Department Heads. These reports allow Department Heads to manage their budgets and enable the City Manager to monitor and control the budget. Summary financial and budgetary reports should be presented by the City Manager to the City Commission monthly.

## **E. Control and Accountability**

Each Department Head is responsible for ensuring that his/her department expenditures do not exceed budgeted funds. Departments cannot exceed appropriations described in the budget. Failure to achieve budgetary control will be evaluated and investigated by the City Manager.

## **F. Performance Measures**

The City integrates performance measures and objectives into the budget document. The City will also develop a system to monitor performance in meeting these objectives.

### **G. Budget Transfers**

Contingent upon remaining within the confines of the total department budget, each Department Head has the authority to recommend budget transfers to the City Manager. Funds within departmental budget line items can be transferred upon the recommendation of the Department Head and with approval of the City Manager.

## **II. Capital Budget Policies and Capital Improvement Plan**

### **A. Scope**

A capital projects plan will be developed and updated annually. A five-year Capital Improvement Program will assist in the planning, acquisition, and financing of capital projects. A major capital project is generally defined as a non-recurring capital expenditure that has an expected useful life of more than 10 years and an estimated total cost of \$25,000 or more. Examples include parks improvements, streetscapes, computer systems, trucks, loaders, and expansion of facilities.

Major capital projects will be budgeted in the Capital Improvement Fund reflecting all available resources. With the involvement of responsible departments, the City Manager will prepare the capital budget annually. The City's capital budget will be adopted with the operating budget.

### **B. Control**

All capital expenditures must be approved as part of each department budget or in the Capital Improvement Fund. Before committing to a capital improvement project, the City Manager or his/her designee must verify fund availability.

### **C. Program Planning**

The capital budget provides annual funding for long-term capital projects identified in the Capital Improvement Program (CIP). During the annual budget process, each department submits its budget request including operating and capital needs. Upon review of the requests, major capital projects are placed in the capital improvements fund. Other capital outlay is placed in the department's operating budget. Capital outlay is generally defined as an individual item of excess of \$5,000 with a life expectancy of more than two years but less than 10 years.

Citywide capital improvements are assessed and prioritized based on the City's objectives and goals, the City's comprehensive work plan, and the City's strategic plan.

### **D. Timing**

At the beginning of the fiscal year, the City Manager or his/her designee will work with Department Heads to schedule the appropriate timing of capital purchases to ensure the availability of funds.

### **E. Reporting**

Periodic financial reports will be provided to enable the City Manager to monitor and control the capital budget and to enable the Department Heads to manage their capital budgets.

## **IV. Debt**

### **A. Policy Statement**

Debt results when one borrows from an individual or an institution. The borrower receives funds to acquire resources for current use with an obligation for repayment later. The debt from borrowing generally must be repaid with interest.

The City of Decatur recognizes that to maintain flexibility in responding to changing service priorities, revenue inflows, and cost structures, a debt management strategy is required. The City strives to balance service demands and the amount of debt incurred. The City realizes that failure to meet the demands of growth may inhibit its continued economic viability, but also realizes that too much debt may have detrimental effects as well.

The goal of the City's debt policy is to maintain a sound fiscal position and to protect the credit rating of the City. When the City of Decatur utilizes debt financing, it will ensure the debt is financed soundly and conservatively.

### **B. Conditions for Using Debt**

Debt financing of capital improvements and equipment will be done only when one or more of the following four conditions exist:

1. When non-continuous projects (those not requiring continuous annual appropriations) are desired;
2. When it can be determined that future users will receive a benefit from the improvement;
3. When it is necessary to provide basic services to residents and taxpayers;
4. When total debt, including that issued by overlapping government entities, does not constitute an unreasonable burden to residents and taxpayers.

### **C. Sound Financing of Debt**

When the City utilizes debt financing, it will ensure that the debt is soundly financed by:

1. Taking a prudent and cautious stance toward debt, incurring debt only when necessary;
2. Conservatively projecting the revenue sources that will be used to pay the debt;
3. Insuring that the term of any long-term debt incurred by the City shall not exceed the expected useful life of the asset for which the debt is incurred and shall be limited to capital improvements only;
4. Determining that the benefits of the improvement exceed the costs, including interest costs;
5. Maintaining a debt service coverage ratio which ensures that combined debt service requirements will not exceed revenues pledged for the payment of debt;
6. Analyzing the impact of debt service on total annual fixed costs before bonded long-term debt is issued; and,
7. Maintaining total debt service for general obligation debt that does not exceed 10 percent of the net operating revenues. Net operating revenues are all general fund revenues available after accounting for transfers between other City funds.

#### D. Post-Issuance Tax Compliance for Tax-Exempt Debt

The City shall comply with all federal and state laws, rules and regulations related to the issuance of debt.

1. **Responsibility** – The City Manager shall be responsible for reviewing the requirements and responsibilities of the City under the Policy with bond counsel on or before the closing date of any Debt issued by the City.
2. **Dissemination and Training** – The policy shall be disseminated to all relevant personnel in the City and to the auditor. Appropriate training will be provided to all personnel directly involved in the administration of tax-exempt debt to ensure they comply with the provisions of the Policy. The City Manager shall consult as appropriate with qualified attorneys with respect to the content of such training.
3. **Review** – The policy shall be reviewed and revised annually by the City Manager and redistributed to all relevant personnel in the City and to the auditor as needed. The City Manager shall annually conduct a due diligence review of all Debt currently outstanding to ensure proper compliance with each of the provisions of the Policy. If the City Manager discovers non-compliance with any provisions of the Policy, steps necessary to correct the noncompliance will be taken within ten (10) business days of the conclusion of the annual due diligence review. Records of all corrective action taken shall be retained in accordance with the Policy.
4. **Provisions**
  - a. **Record Keeping** – All records relating to the Debt needed to comply with Section 6001 of the Internal Revenue Code of 1986, as amended (the “Code”) shall be maintained. These records shall be kept in paper or electronic form and shall include, among other things, (i) basic records relating to the transaction (including the bond documents, the opinion of bond counsel, etc.), (ii) documents evidencing the expenditure of the proceeds of the Debt, (iii) documentation evidencing the use of Debt-financed property by public and private entities (e.g., copies of management contracts, leases and research agreements) and (iv) documentation pertaining to any investment of Debt proceeds (including the purchase and sale of securities, SLG subscriptions, yield calculations for each class of investments, actual investment income received from the investment of the proceeds of the Debt, guaranteed investment contracts and rebate calculations. Such records must be maintained as long as the Debt is outstanding, plus three years after the final payment or redemption date of the respective Debt.
  - b. **Use of Proceeds** – A list of all property financed with the proceeds of the Debt shall be created and maintained. The use of such property shall be monitored to ensure that such use does not constitute “private business use” within the meaning of the Code. Without limiting the foregoing, each contract, including but not limited to management contracts and leases, relating to such property shall be reviewed by legal counsel prior to the execution of such contract. The list of property shall be reviewed at least annually to ensure that none of the property has been sold.
  - c. **Remedial Action**- In the event that property financed with the proceeds of the Debt is used in a manner that constitutes “private business use” or the property is sold, the remediation provisions of Treasury Regulation §

1.141-12 shall be carried out in consultation with bond counsel.

- d. Yield Restriction- If bond counsel advises that a fund or account needs to be yield restricted (i.e., not invested at a yield in excess of the Debt), the moneys on deposit in such fund or account shall be invested in United States Treasury Obligations – State and Local Government Series, appropriate “yield reduction payments” shall be made if permitted by the Code or the City Manager shall establish other procedures to ensure that such fund or account is yield restricted.
- e. Rebate- At the time the Debt is issued, the City Manager shall determine if he or she reasonably expects that one of the arbitrage rebate exceptions will be satisfied. If the arbitrage rebate exception relates to the time period over which the proceeds of the Debt are spent, the City Manager shall verify that the appropriate expenditures have been made at each milestone. If one of the milestones is not satisfied or the City Manager does not reasonably expect that one of the arbitrage rebate exceptions will be satisfied, an outside arbitrage rebate consultant shall be retained unless the City Manager has determined that positive arbitrage will not be earned.

## **V. Accounting, Audits, and Financial Reporting**

The City shall maintain a system of financial monitoring, control, and reporting for all operations and funds in order to provide effective means of ensuring that overall City goals and objective are met.

### **A. Accounting Records and Reporting**

The City will maintain its accounting records in accordance with state and federal laws and regulations and in a manner to facilitate an efficient audit process. The City will report its financial condition and results of operations in accordance with state regulations and Generally Accepted Accounting Principles (GAAP) described in Governmental Accounting, Auditing, and Financial Reporting (GAAFR). The City’s accounts shall be kept in such a manner as to show fully the financial conditions of the City. In addition, the books shall be open to the public during business hours.

The City will maintain a Chart of Accounts that complies with requirements of the State of Georgia and is in accordance with generally accepted accounting principles.

### **B. Auditing**

An independent auditor or auditing firm will annually perform the City’s financial audit. The auditor must be a Certified Public Accountant (CPA) that can demonstrate that s/he has the capability to conduct the City’s audit in accordance with generally accepted auditing standards. The auditor’s opinions will be supplemented in the City’s Comprehensive Annual Financial Report (CAFR). A copy of the audit will be sent to the State Auditor who will respond with comments regarding compliance. Results of the annual audit shall be provided to the City Commission in a timely manner.

### **C. Simplified Fund Structure**

The City will attempt to minimize the number of funds. Funds will be categorized in accordance with generally accepted accounting principles (GAAP) for reporting purposes.

## D. Financial Reporting

As a part of the audit, the auditor shall assist with the preparation of the required Comprehensive Annual Financial Report (CAFR). The CAFR shall be prepared in accordance with generally accepted accounting principles. The CAFR will be presented in a way to communicate effectively with citizens about the financial affairs of the City. The CAFR shall be made available to the elected officials, creditors, and citizens. In addition, two sets are maintained with the City's records.

Internal financial reports will be prepared that are sufficient to plan, monitor, and control the City's financial affairs. Monthly accounting reports are meant to transmit information regarding the financial situation of the City. These regular reports are made available to the City Commission, City Manager, Department Heads, and other staff as necessary.

## VI. Revenues

### A. Characteristics

The City shall strive for the following characteristics in its revenue structure:

1. **Simplicity** – The City shall strive to maintain a simple revenue structure in order to reduce compliance costs for the taxpayer and/or service recipient. A corresponding decrease in the City's cost of collection and a reduction in avoidance to pay should result.
2. **Equity** – The City shall make every effort to maintain equity in its revenue system. The City shall seek to minimize subsidization between entities, funds, service, customer classes, and utilities.
3. **Adequacy** – The City shall require that a balance in the revenue system be achieved. The revenue structure's base shall have the characteristics of fairness and neutrality as it applies to cost of service, willingness to pay, and ability to pay.
4. **Administration** – The benefits of a revenue source shall exceed the cost of levying and collecting that revenue. The price of collection shall be reviewed periodically for effectiveness as a part of the indirect cost of service analysis.
5. **Diversification and Stability** – The City shall maintain a diversified and stable revenue structure to shelter it from short-term fluctuations in any single revenue source. The revenue mix shall combine elastic and inelastic revenue sources to minimize the effect of economic downturns.
6. **Conservative Estimates** – Revenues will be estimated realistically and prudently. Revenues of a volatile nature will be estimated conservatively. Conservative revenue estimates based on prior year collections may be used for revenue projections.
7. **Aggressive Collection Policy** – The City shall follow an aggressive policy of collecting revenues. As a last resort, real property will be sold to satisfy non-payment of property taxes.

## B. Issues

The following considerations and issues will guide the City in its revenue policies concerning specific sources of funds:

1. **Non-Recurring Revenues** – One-time or non-recurring revenues shall not be used to finance current ongoing operations. Non-recurring revenues should be used only for non-recurring expenditures and will not be used for budget balancing purposes.
2. **Property Tax Revenues** – All real and business personal property located within the City shall be valued at 50% of the fair market value for any given year based on the current appraisal supplied to the City by the DeKalb County Board of Tax Assessors.
3. **User-Based Fees and Service Charges** – For services associated with a user fee or charge, the direct and indirect costs of that service shall be offset by a fee where possible. There will be an annual review of fees and charges to ensure that the fees provide adequate coverage of cost.

The City Commission shall set schedules of fees and charges.

4. **Intergovernmental Revenues (Federal/State/Local)** – These revenue sources will be expended only for the intended purpose of grant aid. It must be clearly understood that operational requirements set up as a result of a grant or aid could be discontinued once the term and conditions of the project have terminated.
5. **Revenue Monitoring** – Revenues received shall be compared to budgeted revenues. Significant variances will be investigated by the City Manager or designee.

## VII. Purchasing

### A. Intent

The purpose of this policy is to provide guidance for the procurement of goods and services in compliance with procurement provisions of the City and the State of Georgia. The goal of this policy is to establish, foster, and maintain the following principles:

1. To consider the best interests of the City in all transactions;
2. To purchase without prejudice, seeking to obtain the maximum value for each dollar expenditure with maximum quality standards;
3. To subscribe to and work for honesty and truth in buying.

### B. Vendors

The City will make every effort to obtain high quality goods and services at the best possible price. All procurement procedures will be conducted in a fair and impartial manner with avoidance of any impropriety. All qualified vendors have access to City business. No bidder will be arbitrarily or capriciously excluded. It is the intent of the City that competition be sought to the greatest practical degree. The conditions of the contract shall be made clear in advance of the competition. Specifications shall reflect the needs of the City.

1. **Solicitation of Vendors and Submission of Bids**

When a purchase for a single good is expected to exceed \$10,000, competition is required to the extent that it exists. Each department must attempt to obtain a minimum of three bids from different sources. If three sources are not possible, the seeker of the bid must attempt to obtain as many vendors as possible. Each department head shall document the competitive bidding process with records of the vendor and bids received.

Each department has full authority to determine and obtain professional and contractual services as provided for in the budget. When possible and practical, competitive quotes for professional and contractual services should be obtained. If competitive quotes are not possible, the City Manager must be notified in writing. Each department head shall document the process.

2. **Interest of City Officials in Expenditure of Public Funds**

No official of the City of Decatur will be interested directly or indirectly in any transaction with, sale to, work for, or contract of the City or any department of government or service involving the expenditure of public funds in violation of the City's "Ethics Ordinance." The City shall not use a vendor who is a member of the immediate family of a City Commissioner, City Attorney, City Manager, Assistant City Manager, a Department Head, Personnel Officer, or Payroll Clerk. The City shall not use a vendor for services in an operating department who is a member of the immediate family of an employee of that operating department.

3. **Request for Proposal**

It is suggested that, whenever appropriate, a Request For Proposal (RFP) process be used for procuring products and services. The RFP should specify the service, evaluation criteria, and terms and conditions required by the City. Large purchases should be advertised in the legal organ and other venues as time and advertising funds allow.

4. **Award of Bids**

Bids are awarded to the lowest responsive and responsible bidder. A responsive bid is one that conforms in all material respects to the need of the City. Responsible means a bidder who has the capability to perform the requirements.

5. **Local Bidder Preference**

If all other relevant factors are met, each department is authorized to negotiate with and select a local vendor if the local vendor's bid is within 10% of the lowest offer. A current City of Decatur business license is required to be considered as a local vendor.

6. **Equal Opportunity**

The City of Decatur will provide an equal opportunity for all businesses to participate in City contracts regardless of sex, race, color, religion, national origin, political affiliation, age, handicapped status, sexual orientation, sexual preference, or transgender status. The City will actively seek to ensure that minority-owned and operated firms have the opportunity to participate in the purchasing process, including bidding, negotiations and contract awards. The City will not knowingly conduct business with contractors that discriminate or permit discrimination against persons because of sex, race, color, religion, national origin, political affiliation, age, handicapped status, sexual orientation, sexual preference, or transgender status.

#### 7. **Ineligible Vendors**

Any person, firm, or corporation who is in arrears to the City for taxes, or otherwise, will not be qualified to bid on any purchase until their lien to the City has been cleared. No requisition will be approved for such vendors.

#### 8. **State Contracts**

The City is authorized to use state contracts in lieu of issuing bids to vendors or buying locally when it is to the economic advantage of the City or deemed appropriate by the City Manager. The state contract price may be used to establish the maximum price for a good or service.

#### 9. **Back-up Policy and Emergency Purchases**

The City should strive to decrease dependency on single-source vendors in order to achieve maximum efficiency in its purchases. In order to achieve the City's fiscal independence, it is strongly suggested that each department have back-up vendors for each recurring and/or large purchase.

In cases of emergency, a contract may be awarded without competitive bidding, but the procurement shall be made with as much competition as the circumstances allow (i.e., informal quotes). An emergency is defined as a threat to life or property, or an unforeseen situation that curtails or greatly diminishes an essential service as determined by the City Manager. In the event of an emergency, the City Manager shall be contacted.

### **C. Decentralization of Purchasing Authority**

#### 1. **Purchasing of Goods**

Each department head shall have the authority to purchase individual goods costing less than \$1,000 each as long as costs remain within the approved budget. Each department head is responsible to ensure that internal control procedures, including those issued by the City Manager, are followed.

For individual goods costing over \$1,000, the department shall make every effort to solicit a minimum of three competitive prices. To the extent that an emergency condition exists or an item is supplied by only one source, the Department Head shall inform the City Manager and make the appropriate notation on the purchase order.

#### 2. **Monitoring of Purchases**

Although authority may be delegated, the ultimate responsibility rests with the City Manager. Purchases must be monitored to assure compliance with City policy.

### **D. Purchase Order (PO)**

A "Purchase Order" (PO) cannot be issued unless sufficient funds are available in the budget. The following is the established City procedure for use of purchase orders:

1. An item or service is required and sufficient funds exist in the approved budget to cover the cost of the item or service.
2. The item or service is ordered by a department.
3. The item or service is received and verified by the department.
4. The department is invoiced by a vendor for the required item or service.
5. A PO is prepared and the invoice is attached. The departmental purchasing authority must certify that funds are available to cover the cost of the purchase.

6. The PO is approved by the departmental purchasing authority.
7. The invoice and PO are reviewed by the bookkeeper or designee.
8. The invoice and PO are reviewed and authorized by the City Manager and or his/her designee.
9. Payment to the vendor is generated.

## E. Petty Cash

Petty cash is used to make small cash disbursements for those purchases that must be made quickly and without prior notice on a contingency basis.

Each department has a petty cash expense account. Petty Cash is incurred as an expense for each department. The petty cash account must be replenished by a Purchase Order (PO) for the individual department. Departments are monitored at least twice a year to verify account balances.

The following is the City's policy on petty cash distributions:

1. Under \$50 – cash is distributed at the department level with department head approval.
2. Over \$50 – cash distribution must be approved by the City Manager.

The following is the City's procedure for petty cash:

1. Petty cash request form is completed. The Petty Cash request form contains details of the request and documented account numbers.
2. The petty cash request is approved by the department head.
3. Petty cash is then received by the requesting party.
4. Once the purchase is made, a receipt must be obtained.
5. The receipt is then attached to the request form and returned to the petty cash box.
6. On a regular basis, a PO must be issued for the department's purchases and cash box replenished and balanced.

## F. City Credit Cards

1. General

For the purpose of this policy, the term 'credit card' equates to 'financial transaction card' as defined by O.C.G.A. § 16-9-30.

Each City Commissioner and the City Manager will be issued a city credit card. Per City Manager approval, management level employees will be issued a city credit card. The credit card is to be used for **City business only** to purchase goods, services, or for specific expenditures incurred under approved conditions. All purchases utilizing a city credit card must be in accordance with city policy and state law. The cardholder is the only person authorized use the credit card.

Before being issued a city credit card under this policy and state law, all authorized cardholders shall sign and accept an agreement with the city that the cardholder will use the city credit card only in accordance with the policies of the city.

## 2. Regulations of Use

The established monthly credit card limit per card for City Commissioners is \$3,000. The City Manager is authorized to approve credit limits for city employees.

City credit cards may not be used for the following:

- a. Any purchases for personal use.
- b. Cash refunds or advances.
- c. Items specifically restricted by this policy, unless a special exemption is granted by the City Manager.
- d. Purchases or transactions in violation of purchasing policy, transactional limits or state law.

City credit cards may be used for official city business to purchase goods and/or services that are not prohibited by this policy or state law.

## 3. Roles and Responsibilities

The City Clerk is designated as the administrator of the city's credit cards. The administrator's responsibilities are determined by the City Manager and shall include, but not be limited to:

- a. Serve as liaison between the city's cardholders and the issuer(s) of such cards.
- b. Maintain the cardholder agreement for all cardholders.
- c. Provide instruction, training, and assistance to cardholders.
- d. Upon receipt of information indicating fraudulent use or lost/stolen cards, report such incident to the appropriate parties, including the issuer, in a timely manner.
- e. Conduct monthly review and audit of credit card transactions.
- f. Recommend the credit card issuer and system for documenting credit card transactions by cardholders.
- g. Make available for public inspection those documents related to purchases using city credit cards in accordance with O.C.G.A. § 36-80-24(b).

Employees designated as credit card approvers are responsible for reviewing the monthly credit card statement of each employee for whom they have been assigned as an approver. Responsibilities include reviewing all transactions for compliance with the city policy and state law, ensuring each transaction is coded correctly and that receipts have been produced for each transaction.

The credit card holder is responsible for documentation and safekeeping of the credit card during the employee's issuance. A receipt for each transaction must be obtained by the employee when a purchase is made using the City credit card. This receipt shall be dated and a description of the service or item purchased and account codes shall be written on the back of every receipt or otherwise documented during the monthly statement reconciliation process. Each month, the credit card holder must submit on a timely basis documentation of credit card purchases with the credit card statement. Late submittal of credit card documentation may result in credit card privileges being cancelled.

4. Violations

Violation of the city's credit card policy or state law regarding the use of government-issued credit cards may result in suspension or revocation of city credit card privileges. Violation of the city's credit card policy may constitute a violation of the city's Personnel Rules and Regulations and cardholder may be subject to disciplinary action including, but not limited to, reprimand, suspension, demotion, or termination.

Nothing in this ordinance shall preclude the City Manager from referring misuse of a credit card for criminal prosecution.

In the event that a cardholder inadvertently makes a transaction in violation of city policy, the cardholder must report the transaction to the card administrator within 10 business days of receipt of the card transaction statement. The cardholder will be responsible for reimbursing the City the full amount of the unacceptable transaction.

## **G. Expense Reimbursements**

Receipts for City business related expenses requiring reimbursement from the City of Decatur must be submitted to the accounting office with an expense reimbursement within 60 days of the date the expense was incurred. Each receipt shall be dated and contain a description of the service or item purchased and account codes shall be written on the back of every receipt. Each expense reimbursement form must be approved by the appropriate departmental supervisor. Failure to submit the required documentation will result in forfeiture of the reimbursement.

## **H. Travel Expenses**

When City business travel requires advance payment to the employee for estimated travel expenses, a travel expense/reimbursement form shall be submitted to the accounting office no less than two weeks before the travel date. Within 60 days of the final day of travel, all receipts with dates and a description of the service or item purchased will be submitted to accounting for verification purposes. If documented expenses exceed the travel advance, a reimbursement will be provided to the employee. If documented expenses are less than the travel advance, the employee will provide the City with the difference between the advance and actual expenses. Failure to provide the appropriate documentation will result in the advance being reported as income on the employee's W-2 and may result in disciplinary action.

# **VIII. Investments**

## **A. Scope**

This investment policy applies to all funds under the City of Decatur's control; excluding the City's pension funds which are invested at the direction of the City of Decatur Employees' Retirement System Board of Trustees.

## **B. Objectives**

The following investment objectives shall be met with this policy:

1. Safety – Preservation of principal shall always be the foremost objective in any investment transaction involving City funds. Those investing funds on the City's behalf must first ensure that capital losses are avoided by limiting credit and interest risk. Credit risk is the risk of loss due to the failure of the security issues or backer. Interest risk is the risk that market value portfolios will fall due to an increase in general interest rates.

2. Liquidity – The second objective shall be the maintenance of sufficient liquidity within the investment portfolio. The City’s investment portfolio shall be structured such that securities mature at the time when cash is needed to meet anticipated demands (static liquidity). Additionally, since all possible cash demands cannot be anticipated, the portfolio should maintain some securities with active secondary or resale markets (dynamic liquidity).
3. Return on Investment – The third objective shall be the realization of competitive investment rates, relative to the risk being assumed. However, yield on the City’s investment portfolio is of secondary importance compared to the safety and liquidity objectives described above.

### **C. Delegation of Authority**

The overall management of the investment program is the responsibility of the City Manager. Responsibility for the daily investment activities will be assigned by the City Manager. The City Manager may designate an employee or employees to assist with the management and implementation of the City’s investment program.

Responsibilities to fulfill this authority include: opening accounts with banks, brokers, and dealers; arranging for the safekeeping of securities; and executing necessary documents.

A system of internal controls over investments is established and approved by the City’s independent auditors. The controls are designed to prevent losses of public funds arising from fraud, error, misrepresentation by third parties, unanticipated changes in financial markets, and/or imprudent action by staff and City officials. No person may engage in an investment transaction except as provided for under the terms of the policy.

### **D. Authorized Investments**

All investment activity is required to be in compliance with Chapter 83 of Title 36 of the Official Code of Georgia, which establishes guidelines for local government investment procedures.

The City of Decatur may invest funds subject to its control and jurisdiction in the following:

1. Certificates of Deposit (CD’s) issued by banks insured by the Federal Deposit Insurance Corporation (FDIC). Deposits in excess of FDIC coverage must be collateralized by securities with a market value equal to at least 110% of the deposit. Only those securities described in Georgia Code 50-17-59 can be pledged as collateral;
2. Certificates of Deposit (CD’s) issued by savings and loans associations insured by the Federal Savings and Loan Insurance Corporation (FSLIC). Deposits in excess of the FSLIC coverage must be collateralized by securities equal to at least 110% of the deposit. Only those securities described in Georgia Code 50-17-59 can be pledged as collateral;
3. Obligations issued by the United States government;
4. Obligations fully insured or guaranteed by the United States government or a United States government agency;
5. Obligation of any corporation of the United States government;
6. Obligation of the state of Georgia or of other states;

7. Obligation of other political subdivision of the state of Georgia;
8. The Local Government Investment Pool of the state of Georgia managed by the State Department of Administrative Services, Fiscal Division;
9. Repurchase agreements (REPO's) issued by commercial banks insured by the FDIC and collateralized by securities described in Georgia Code 50-17-59 with a market value equal to at least 103% of the Repurchase Agreements' maturity value;
10. Repurchase agreements (REPO's) issued by primary dealers supervised by the Federal Reserve Bank of New York and collateralized by securities described in Georgia Code 50-17-59 with a market value of at least 103% of the Repurchase Agreements' maturity value; and
11. Prime Banker's Acceptances.

## **E. Prudence**

The standard of prudence to be used by investment officials shall be the "prudent person" standard and shall be applied in the context of managing an overall portfolio. Under the "prudent person" standard, investments shall be made with judgment and care, under circumstances then prevailing, which persons of prudence, discretion, and intelligence exercise in the management of their own affairs, not for speculation but for investment, considering the probable safety of their capital as well as the probable revenue to be gained.

The City Manager and all designees acting in accordance with 1) written procedures, 2) this investment policy, and 3) exercising due diligence shall be relieved of personal responsibility for an individual security's credit risk or market price changes, provided deviations from expectations are reported in a timely fashion and appropriate action is taken to control adverse development.

## **F. Diversification**

The City of Decatur agrees with the premise that diversification is an important component of portfolio security. Therefore, the City shall endeavor to maintain an adequate level of diversification among its investments. The City shall not be over invested in any one type of instrument or financial institution. No more than 25% of the total investment portfolio shall be placed with a single issuer. This limitation shall not apply to the Local Government Investment Pool or direct obligations of the United States government.

## **G. Maturities**

To achieve the aforementioned objective of adequate liquidity within City's portfolio, the City shall attempt to match investment maturities with anticipated cash flow requirements. Unless matched to a specific cash flow, the maximum maturity of any instrument in the City's portfolio may not exceed two years from the date of acquisition by the City. In order to preserve liquidity and to lessen market risk, not more than 25% of the total portfolio may mature more than one year beyond the date of calculation. The maturity of non-negotiable time deposits may not exceed one year.

## **H. Safekeeping and Custody**

All investment securities purchased by the City of Decatur shall be delivered against payment and shall be held in a third-party safekeeping account by the trust department of a bank insured by the Federal Deposit Insurance Corporation. The City Manager, or his/her designee, shall be responsible for the selection of a finan-

cial institution for this purpose, as well as the execution of a written safekeeping agreement with the trustee.

#### **I. Ethics and Conflicts of Interest**

Officers and employees involved in the investment process will refrain from personal business activity that would conflict with proper execution of the investment program, or which would impair their ability to make impartial investment decisions. Employees and investment officials will disclose to the City Manager any material financial interests in financial institutions that conduct business with the City, and they will further disclose any large personal financial/investment positions that would be related to the performance of the City's portfolio. Employees and investment officials will subordinate their personal investment transactions to those of the City – particularly with regard to the time of purchases and sales.

#### **J. Relationships with Banks and Brokers**

The City of Decatur will select depositories through the City's banking services procurement process – including formal requests for proposals issued as needed. In selecting depositories, objective business criteria will be used. To the extent possible, preference will be given to depositories located within the City of Decatur. The creditworthiness of the institutions will be a fundamental consideration.

#### **K. Report on Deposits and Investments**

Periodic investment reports will be submitted to the City Manager. Reports should include the following: an average daily balance of investment in each investment category; a current portfolio yield for each investment type and for the portfolio as a whole; an average daily balance of uninvested collected funds; an average daily balance of uncollected funds; and a percent of available funds invested. The report shall also provide a list of investments and accrued interest as of the last day of the quarter.

#### **L. Performance Evaluation**

The City Manager, or his/her designees, will seek to achieve a market average rate of return on the City's portfolio. Given the special safety and liquidity needs of the City, the basis used to determine whether market yields are being achieved shall be the six-month Treasury Bill.

### **IX. Grants**

#### **A. Scope**

The purpose of this policy is to provide direction in the application, acceptance and administration of funds awarded through grants to the City from other local governments, the state or federal government, non-profit agencies, philanthropic organizations and the private sector.

#### **B. Application and Acceptance of Grants.**

1. The City Manager is given authority to make application for and accept grants that:
  - (a) are expected to be \$200,000 or less on an annual basis with no required City match; or,

- (b) are expected to be \$100,000 or less on an annual basis with a required match of 20% or less; or,
- (c) are expected to be \$50,000 or less on an annual basis with a required match of over 40%.

2. The City Commission must approve the application of and acceptance of any grants in excess of the limits established in Section 1 of this policy.
3. The City will assess the merits of a particular program as if it were funded with local tax dollars. Local tax dollars will not be used to make up for losses of intergovernmental aid without first reviewing the program and its merits as a budgetary increment. Therefore, no grant will be accepted that will incur management and reporting costs greater than the grant amount.

### C. Grant Administration.

1. Each department must notify the City Clerk upon acceptance of any grant. Prior to the receipt or expenditure of grant revenues, the City Clerk must be provided with the following information prior to receiving grant revenues or making purchases against the grant:
  - a. Copy of grant application
  - b. Notification of grant award
  - c. Financial reporting and accounting requirements including separate account codes and/or bank accounts
  - d. Schedule of grant payments
2. Each department is responsible for the management of its grant funds and periodic reporting.

## X. Fixed Assets

### A. Fixed Asset Criteria

A fixed asset is defined as a financial resource meeting all of the following criteria:

1. It is tangible in nature.
2. It has a useful life of greater than one year.
3. It is not a repair part or supply item.
4. It has a value equal to, or greater than, the capitalization threshold of \$5,000.

Keeping an accurate record of the City's fixed assets is important for a myriad of reasons. Some of the most important reasons that the City needs to keep a good record of fixed assets are: for financial statement information, for insurable values, for control and accountability, for maintenance scheduling and cost analysis, for estimating and accounting for depreciation, for preparation of capital and operating budgets, and for debt management.

### B. General Policy

1. Each Department Head is ultimately responsible for the proper recording, acquisition, transfer, and disposal of all assets within their Department. *City property may not be acquired, transferred, or disposed of without first providing proper documentation.* A fixed asset information form must accompany each step.

## 2. Recording of Fixed Assets

Unless otherwise approved by the City Clerk, all recordable fixed assets must be recorded within 30 calendar days after receipt and acceptance of the asset.

A fixed asset form must be attached to the purchase order before submitting request for payment.

Assets will be capitalized at acquisition cost, including expenses incurred in preparing the asset for use.

Donated assets shall be recorded at fair market value as determined by the Department Head. Fair market value may be defined as, but is not limited to, an average of documented prices for equivalent items from three separate vendors.

The City will recognize acquisition costs based on individual unit prices. Assets should not be grouped. For example, in acquiring equipment, if three personal computers (PC) were acquired simultaneously at \$2,000 each, this would not be an asset of \$6,000 consisting of 3 PCs. Instead, it would be 3 separate acquisitions of \$2,000. Each PC would be recorded as a separate controllable item.

For equipment purchases, title is considered to pass at the date the equipment is received. Similarly, for donated assets, title is considered to pass when the asset is available for the agency's use and when the agency assumes responsibility for maintaining the asset.

Constructed assets are transferred from the construction in progress account to the related building, improvements other than buildings, or equipment accounts when they become operational. Constructed buildings, for example, are assumed to be operational when an authorization to occupy the building is issued, regardless of whether or not final payments have been made on all the construction contracts.

## 3. Acquisition of Fixed Assets

There are various methods by which assets can be acquired. The asset acquisition method determines the basis for valuing the asset. Fixed assets may be acquired in the following ways:

- New purchases
- Donations
- Transfers from other City departments
- City surplus
- Internal/external construction
- Lease purchases
- Trade-in
- Forfeiture or condemnation

## 4. Lease Purchases

Assets may be lease-purchased through installment purchases (an agreement in which title passes to the Department) or through lease financing arrangements (an agreement in which title may or may not pass).

Departments considering a lease purchase for greater than \$10,000 and other than from an established, City approved contract, must consult with the City Manager.

5. Transfer of Fixed Assets

An asset transfer between departments usually represents the sale of an item by one department to another and may be treated as a new purchase. A transfer between related departments under the same control (Police and Fire, for example) may, if desired, be treated as a transfer rather than sale. That is, the asset is recorded under the new Department with original acquired date and funding amount.

A fixed asset form must be sent to the Payroll Coordinator for all transfers.

6. Sale of Fixed Assets, Non-Fixed Assets, and Confiscated Goods

The City is interested in full realization of the value of goods it purchases.

The City policy is aimed at making sure all surplus is disposed to the economic advantage of the City.

Sale of fixed assets and other surplus goods by a department must be to the highest, responsible bidder and must be conducted by sealed bid or by auction, including online auctions.

Central Supply is responsible for receiving, storing, and safeguarding all auction materials before, during, and after the auction. Public Safety will be responsible for the storage and safeguarding of all small, high value items, such as jewelry.

Central Supply will also administer the sale of all surplus property including Fixed Assets, Non-Fixed Assets, and Confiscated Goods under the supervision of the Public Works Director.

**Reporting**

Central Supply will issue a request for surplus goods available for auction on a quarterly basis to each department.

The department head will submit a description form for each auction item. This form will include at minimum a description of the item, serial number, fixed assets number, estimate of value, date of sale, and amount of sale. Large quantities of similar items may be reported on one form, unless it is a Fixed Asset.

Accounting will keep the original fixed asset form and the description form in the same file after a fixed asset has been declared surplus.

**Advertising**

After each quarterly reporting period Central Supply will publish a list online of surplus items that are available for use by city departments. Departments will have ten (10) working days from the publication of the list online to request a transfer of the item to their department. Items will be distributed on a first-come, first-served basis. If the item is not claimed for departmental transfer within ten working days it will be auctioned to the highest, responsible bidder.

The auction must be publicized in accordance with GA Code 36-37-6 and other applicable state laws.

At the conclusion of an auction a list of unsold items will be published on the city's web site for donation to non-profit organizations on a first-come, first-served basis.

### **Sale of the Item**

Eligibility. Members of the general public may participate as buyers at public sales, in sealed bids, and auctions. No employee whether full-time, part-time or temporary, of the City of Decatur, member of the employee's household and/or the employee's immediate family, or any person acting on the employee's behalf may participate in public sales if the employee has had any role in declaring the item surplus, processing the item or related paperwork, or offering it for sale. City Commissioners are also excluded from participating in city auctions.

The Central Supply manager will be responsible for managing the seller account with Ebay and posting items for bid. He will determine the most efficient communication and listing procedures in conjunction with the Director of Public Works. The costs associated with the auction will be paid from the advertising account in Division 4910.

Department heads or their designees are responsible for providing an estimate of the value of fixed assets and confiscated goods designated for auction. Pricing of an item will be determined by reviewing the same or similar items for sale on electric auction service. Vehicle estimates will be determined by using Kelly's Blue Book or a similar source. A reserve amount is required for all vehicle sales and estimates over \$500 dollars. Before listing an item for auction the estimated value or reserve amount must be approved by Central Supply and Accounting. The City is interested in realizing the highest possible value for its surplus items.

The buyer is responsible for pick-up and all shipping costs incurred. Vehicles will not be shipped, but require pick-up at Central Supply or Public Safety.

The City will accept cash, money orders, and cashier checks.

The sale of certain Public Safety items requires a release form for public and/or non-emergency use. The Central Supply officer is responsible for ensuring the proper disposal according to state and federal laws regarding these items. A signed release form from the buyer acknowledging proper use is required at the time of pick-up. The release form will be kept with the description form.

The city may re-list an auction item up to two (2) times if it does not meet the reserve price in a particular auction.

### **Recording of the sale**

The date of sale, amount of sale, and signature of the buyer will be recorded on the item description form.

The Accounting Department will have access to the seller account on Ebay. The City Clerk or his designee will compare the submitted description forms to the record of sale provided by electronic auction service. A quarterly report will be prepared by the accounting office including at minimum the list of items sold, the sale price, the buyer contact information, and listing fees paid.

Revenues from the sale of confiscated goods will be issued to the police department. Revenues from the sale of all other goods will be issued to the appropriate fund.

Central Supply will coordinate with the Finance Department to properly record the sale of surplus items.

Procedures for the recording of the sale will be in accordance with GAAP.

7. Disposal of Fixed Assets, Non-Fixed Assets, and Confiscated Goods  
When an asset is disposed of, its value is removed from the financial balances reported and from inventory reports; however, the asset record, including disposal information, remains on file in hardcopy form for three years, in the City Clerk's Office, after which time it is purged from the system according to general accepted accounting principles. This preserves an audit trail for disposed items, and facilitates departmental comparisons between actual or historical useful life information with useful life guidelines. Such comparisons permit a more precise definition of an asset's useful life than those provided by the Internal Revenue Service (IRS) or other guidelines initially used.

A disposal action is appropriate only when certain conditions occur resulting in an asset no longer being in the possession of the agency. Assets no longer in use, which remain in the possession of the department, are considered surplus property and not a disposal.

Fixed assets may be disposed of in any one of seven ways:

- a. Sale or trade-in
- b. Abandonment/Retirement
- c. Lost or stolen
- d. Transfer
- e. Cannibalization (taking parts and employing them for like uses within the department, such as is often the practice in computer or vehicle maintenance).
- f. Casualty loss
- g. Donation to a 501 (c3) non-profit organization

The city should try to obtain the highest value out of the disposed item. If another city department does not need the item then it should be put up for auction or sealed bid. If the item is not suitable for sale or does not meet reserve requirements then it can be donated to a non-profit organization.

Only when the asset is no longer in possession of the department, due to one of the seven reasons listed above, is disposal action appropriate.

Assets are "abandoned" or "retired" when there is no longer any use for them in the Department, they are of no use to any other City department, they cannot be repaired, transferred, cannibalized, sold, or traded-in. Thus meaning that, there is no safe and appropriate use for the abandoned goods to the City or for others.

Stolen items must be reported to Decatur Police and a police report filed. A copy of this report must accompany the disposal record.

Casualty losses must be documented within 24 hours of loss and reported to the City's Administrative Services Director immediately for follow-up with the City's insurance carrier.

Cannibalized items are considered surplus and are disposed of by noting cannibalization on the disposal record. Ideally, this method will allow departments to look at cannibalized items on the disposal report and assess what surplus parts may be available. Departments will send documentation of items cannibalized to the City Clerk's Office, and all remaining costs and accumu-

lated depreciation will be removed from appropriate asset accounts in the general fixed asset fund.

All assets no longer in the possession of the department, due to one of these six qualifying conditions and after submission of all appropriate documentation to the City Clerk's Office, will be removed from the master departmental asset file and considered disposed.

Department management is responsible for reviewing disposal reports, evaluating causes and trends leading to disposals, and implementing procedures to more effectively manage and control disposals when the dispositions represent problems, inefficiencies, and/or the incurrence of unnecessary cost.

The Sanitation and Facilities Maintenance Department will not take City property for disposal without the accompaniment of proper documentation. \

#### **Disposal of Items of De Minimus Value**

In accordance with O.G.G.A. 36-37-6(b), the City may dispose of property with an estimated value of \$500 or less without advertisement or the acceptance of bids. The City Manager or his/her designee is authorized to approve the disposal of property with an individual value not exceeding \$500 in such manner as he/she judges appropriate. Such disposal may include recycling or transfer to a waste collection site in addition to any of the options described in section B (7) of this policy. In such cases, the department will document the property to be disposed of through a physical log and photographs; and, when practical, provide an estimated value of the property, either individually or as a lot.

#### **8. Physical Inventory**

An annual physical inventory of all fixed assets will be performed by the City Clerk's Office. The inventory will be conducted with the least amount of interruption possible to the department's daily operation. A full report of the results of the inventory will be sent, within 30 days of completion, to all departments for verification and acceptance.

## **XI. Fund Balance Policy**

- A. Fund balance is the cumulative difference between revenues and expenditures at the end of the City's fiscal year. It is also understood to be the difference between assets and liabilities on the balance sheet. The practice of conservative revenue estimates and carefully monitored expenditures may result in a fund balance. The City intends to maintain an unreserved unassigned fund balance in the general fund between twenty and thirty percent of the operating budget or an amount equal to 3-4 months' operating expenses. The City does not budget for contingencies and therefore, must rely on the fund balance for emergency expenditures. In some years, the City may budget to use fund balance for one-time expenditures while remaining within the acceptable level for fund balance. Fund balance may not be used to support long-term, recurring operating expenditures.

If fund balance is used to support one-time capital and one-time non-operating expenditures, the City Commission must appropriate the funds.

If, at the end of the fiscal year, the fund balance falls below the targeted range, City staff will present a plan to the City Commission for aligning the fund balance with the policy.

B. Fund Balance Classifications. In accordance with the Governmental Accounting Standards Board (GASB) Statement 54, the City recognizes the following five classifications of fund balance for financial reporting purposes:

- a. Nonspendable – non-cash assets such as inventories or prepaid items.
- b. Restricted – funds legally restricted for specific purposes, such as grant funds.
- c. Committed – amounts that can only be used for specific purposes pursuant to a formal vote of the City Commission.
- d. Assigned – amounts intended to be used for specific purposes. The City Commission can choose to delegate this authority.
- e. Unassigned – residual spendable fund balance after subtracting all above amounts and are available for any legal purpose.

C. Spending Prioritizations.

- a) When an expenditure is incurred that would qualify for payment with either restricted or unrestricted funds, it will be paid from restricted funds.
- b) When an expenditure is incurred that qualifies for payment from either of the three unrestricted fund balance categories, it will be applied in the following order: 1) Committed, 2) Assigned, and 3) Unassigned.

D. Committed Fund Balance. The City Commission may commit fund balance by a formal vote prior to the government's fiscal year-end for that fiscal year. Future modification or rescission of committed funds must likewise be accomplished by a formal vote of the City Commission prior to fiscal year-end.

E. Pursuant to the requirements of Accounting Statement 54 of the Governmental Accounting Standards Board (GASB), the City Commission hereby commits all of the revenue received by the following Special Revenue funds to be used exclusively for each respective program's operating expenditures:

<b>Special Revenue Fund</b>	<b>Committed Revenue Source</b>
Children & Youth Services	Attendance and registration fees
Economic Development	Tree bank account fees

F. Assigned Fund Balance. The City Commission expressly delegates to the City Manager the authority under this policy to assign funds for particular purposes.

# Appendix E **Demographic & Statistical Information**

**Budget FY 2018-2019**

# Demographic & Statistical Information

**T**he City of Decatur government is a commission-manager style of government with a city manager. The Five City Commissioners are elected in nonpartisan elections for overlapping four-year terms. Each January, Commissioners elect two of their fellow members to serve as Mayor and Mayor Pro Tem. The City Commissioners determine the policies of the City and enact the local laws necessary for the protection of the public health, safety, and welfare. They provide leadership in identifying community needs and developing programs to meet community objectives. They oversee the delivery of services to citizens and are responsible for adoption of an annual budget and the levying of taxes necessary to finance local government operations.

City Commission meetings are held the first and third Mondays of a month in the City Commission meeting room of the Decatur City Hall, 509 North McDonough Street. In addition to the City Commission, various boards and commissions assist in carrying out established policies.

**Active Living Advisory Board** meets 1st Tuesday of the month, 8 am

**Better Together Advisory Board** meets 1st Tuesday of the month, 6:30 pm

**Decatur Development Authorities** meets 2nd Friday of the month, 8 am

**Environmental Sustainability Board** meets 3rd Friday of the month, 8 am

**Lifelong Community Advisory Board** meets 4th Monday of the month, 6:30 pm

**Historic Preservation Commission** meets 3rd Tuesday of the month, 6:30 pm

**Planning Commission** meets 2nd Tuesday of the month, 7 pm

**Zoning Board of Appeals** meets 2nd Monday of the month, 7:30 pm

The National Citizen Survey™  
© 2001-2018 National Research Center, Inc.

The NCS™ is presented by NRC in collaboration with ICMA.

NRC is a charter member of the AAPOR Transparency Initiative, providing clear disclosure of our sound and ethical survey research practices.

# About

The National Citizen Survey™ (The NCS) report is about the “livability” of Decatur. The phrase “livable community” is used here to evoke a place that is not simply habitable, but that is desirable. It is not only where people do live, but where they want to live.

Great communities are partnerships of the government, private sector, community-based organizations and residents, all geographically connected. **The NCS captures residents’ opinions** within the three pillars of a community (Community Characteristics, Governance and Participation) across eight central facets of community (Safety, Mobility, Natural Environment, Built Environment, Economy, Recreation and Wellness, Education and Enrichment and Community Engagement).

The Community Livability Report provides the opinions of a representative sample of 537 residents of the City of Decatur. The margin of error around any reported percentage is 4% for all respondents. The full description of methods used to garner these opinions can be found in the ***Technical Appendices*** provided under separate cover.

# Quality of Life in Decatur

Almost all residents rated the quality of life in Decatur as excellent or good. This rating was higher than the national benchmark (see Appendix B of the *Technical Appendices* provided under separate cover).

Shown below are the eight facets of community. The color of each community facet summarizes how residents rated it across the three sections of the survey that represent the pillars of a community – Community Characteristics, Governance and Participation. When most ratings across the three pillars were higher than the benchmark, the color for that facet is the darkest shade; when most ratings were lower than the benchmark, the color is the lightest shade. A mix of ratings (higher and lower than the benchmark) results in a color between the extremes.

In addition to a summary of ratings, the image below includes one or more stars to indicate which community facets were the most important focus areas for the community. Residents identified Safety and Economy as priorities for the Decatur community in the coming two years. Ratings for Economy were exceptionally strong and tended to be higher than the national benchmark, this also was true for ratings related to Community Engagement. This overview of the key aspects of community quality provides a quick summary of where residents see exceptionally strong performance and where performance offers the greatest opportunity for improvement. Linking quality to importance offers community members and leaders a view into the characteristics of the community that matter most and that seem to be working best.

Details that support these findings are contained in the remainder of this Livability Report, starting with the ratings for Community Characteristics, Governance and Participation and ending with results for Decatur's unique questions.

Overall Quality of Life

## Legend

- Higher than national benchmark
- Similar to national benchmark
- Lower than national benchmark

- Most important

# Community Characteristics

*What makes a community livable, attractive and a place where people want to be?*

Overall quality of community life represents the natural ambience, services and amenities that make for an attractive community. How residents rate their overall quality of life is an indicator of the overall health of a community. In the case of Decatur, 97% rated the City as an excellent or good place to live. **Respondents' ratings** of Decatur as a place to live was higher than ratings in other communities across the nation.

In addition to rating the City as a place to live, respondents rated several aspects of community quality including Decatur as a place to raise children and to retire, their neighborhood as a place to live, the overall image or reputation of Decatur and its overall appearance. About 9 in 10 respondents gave high marks to the overall image, **neighborhoods, Decatur as a place to raise children and to the City's overall appearance. These ratings** were all higher than ratings observed elsewhere. About 6 in 10 gave high marks to Decatur as a place to retire, and this rating was similar to the national average.

Delving deeper into Community Characteristics, survey respondents rated over 40 features of the community within the eight facets of Community Livability. At least three-quarters of respondents gave excellent or good ratings to each aspect of Community Engagement, and all ratings were higher than the national benchmarks. All aspects of Safety, Natural Environment, Recreation and Wellness and Education and Enrichment were rated positively by a majority of Decatur residents and all aspects were at least similar to ratings recorded across the U.S.

Resident opinions about Mobility in Decatur tended to be mixed. Ratings for ease of walking and travel by public transportation were higher than the benchmarks while ratings for travel by car and public parking were lower than the benchmarks. The same was true for Built Environment; while ratings for public places where people want to spend time were higher than the national benchmark, ratings for affordable quality housing were lower than ratings observed elsewhere. Economy ratings tended to be strong and higher than national averages.

# Governance

*How well does the government of Decatur meet the needs and expectations of its residents?*

The overall quality of the services provided by Decatur as well as the manner in which these services are provided is a key component of how residents rate their quality of life. About 91% gave excellent or good marks to the overall quality of services provided by the City, while about 28% gave excellent or good ratings to the overall quality of services provided by the Federal Government. Ratings for the overall quality of City services were higher than the national benchmark while ratings of the Federal Government were similar to the benchmark.

Survey respondents also rated various aspects of Decatur's **leadership and governance**. Decatur residents demonstrated a strong level of public trust; almost all aspects were rated higher than the national averages and received high marks from at least 7 in 10 respondents. The overall direction of Decatur was the only aspect that **wasn't rated** higher than the benchmark; however this rating was still quite favorable and increased from 2016 to 2018 (see the **Trends over Time** report under separate cover).

Respondents evaluated over 30 individual services and amenities available in Decatur. Broadly, ratings of services and amenities tended to be rated positively by a majority of respondents and all were similar to or higher than the national benchmarks. Within Safety; almost all residents gave excellent or good ratings to both police and fire services and these ratings were higher than those observed in comparison communities. Ratings for emergency preparedness also were higher than average.

**Overall Quality of City Services**

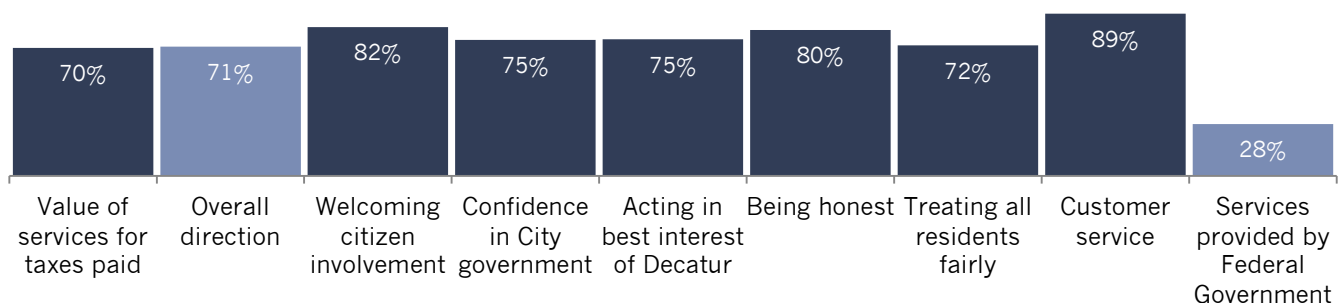

All aspects of Mobility received ratings similar to the benchmarks; with the exception of bus or transit services which received ratings higher than the national benchmark. Compared to 2016, ratings decreased for street repair in 2018 but increased for street cleaning and street lighting. At least 4 in 5 residents gave excellent or good ratings to all aspects of Recreation and Wellness, Education and Enrichment and Community Engagement. These ratings tended to be higher than ratings in other communities across the U.S.

Figure 2: Aspects of Governance

# Participation

*Are the residents of Decatur connected to the community and each other?*

An engaged community harnesses its most valuable resource, its residents. The connections and trust among residents, government, businesses and other organizations help to create a sense of community, a shared sense of membership, belonging and history. About 4 in 5 respondents gave high marks to the overall sense of community in Decatur, and this rating was higher than ratings in comparison communities. About 9 in 10 residents were likely to recommend living in Decatur and planned to remain in Decatur for the next five years. The proportion of residents that would recommend living in Decatur was higher than in comparison communities.

The survey included over 30 activities and behaviors for which respondents indicated how often they participated in or performed each, if at all. Decatur **residents' reported levels of Participation were generally similar to those** reported in comparison communities; however, there were a few noteworthy exceptions. Survey participants reported higher levels of Participation within all aspects of Mobility (used public transportation, carpooled, walked or biked instead of driving). Further, more Decatur residents reported that they had stocked supplies for an emergency, attended a City-sponsored event, campaigned for an issue, cause or candidate and attended a local public meeting than residents in other jurisdictions across the nation. Fewer Decatur residents reported that they had participated in religious or spiritual events or activities.

# Special Topics

The City of Decatur included seven questions of special interest on The NCS. Residents were asked about their **level of support for the continued use of Decatur's Clean Streets Policy**, as well as a variety of questions related to affordable housing in Decatur. **About 6 in 10 respondents strongly supported the continuation of Decatur's Complete Streets policy**, and only about 1 in 10 strongly or somewhat opposed it.

Figure 4: Complete Streets Policy

*The City of Decatur now has a "Complete Streets" policy that requires most streets to have bicycle and pedestrian safety features. These involve the use of lower speed limits, narrower vehicle lanes, fewer "right-on-red" opportunities, more mid-block crosswalks and similar techniques. To what extent do you support or oppose continued use of this policy?*

Survey respondents were then asked to indicate their level of support or opposition for allowing the construction of two or more single-family cottages on existing residential lots as an alternative to one larger single-family home. About three-quarters of respondents indicated that they would somewhat or strongly support this; while about one-quarter indicated they would somewhat or strongly oppose this policy.

Figure 5: Housing Types

*Encouraging a diversity of housing types throughout the City of Decatur's 4.4 square miles has been a goal over the past several years. One option would be to allow the construction of two or more small, single-family cottages on an existing residential lot in a traditional single-family neighborhood as an alternative to one larger single-family home. To what extent do you support or oppose this concept?*

## The National Citizen Survey™

Decatur residents were then asked about their vision of affordable housing in Decatur in regard to housing structure type, number of bedrooms and number of bathrooms. When it came to structure type, residents were pretty evenly divided among the three options given. About one-third felt apartments or condos, townhomes or single-family homes best fit their vision for affordable housing in Decatur. When asked about the number of bedrooms needed in affordable dwellings; about half felt that three bedrooms were needed, and about 40% felt that two bedrooms were needed. About 4 in 5 respondents felt that affordable dwellings needed two bathrooms.

Figure 6: Affordable Housing Structure Types

*The availability of affordable quality housing is a topic frequently mentioned as an issue for the Decatur community. Which of the following structure type best fits your vision of affordable housing in Decatur (select only one):*

Figure 7: Number of Bedrooms Needed in Affordable Dwellings

*About how many bedrooms are needed in affordable dwellings in Decatur (select only one)?*

Figure 8: Number of Bathrooms Needed in Affordable Dwellings

*About how many bathrooms are needed in affordable dwellings in Decatur (select only one)?*

## The National Citizen Survey™

The final questions on the survey related to residents opinions on the monthly housing costs that should be **considered** “affordable”. About 4 in 10 thought that monthly rent should not cost less than \$1,000 a month for an affordable dwelling, and an additional 5 in 10 thought rent should be about \$1,001 to \$1,650 per month. When asked about the price to purchase and affordable dwelling; about 4 in 10 thought the price should be less than \$250,000 and another 4 in 10 thought the price should be about \$250,001 to \$450,000.

*About how much should resident(s) pay to purchase an affordable dwelling in Decatur (select only one)?*

# Conclusions

## **Decatur continues to be a highly desirable and safe place to live.**

Almost all survey respondents rated the overall quality life in of Decatur and the city as a place to live as excellent or good; these ratings remained stable over time and were higher than the benchmarks. Residents remain loyal to the community, with 9 in 10 being likely to recommend Decatur as a place to live and planning to remain in Decatur for the next five years. Further, about 9 in 10 gave high marks to the overall image of Decatur, their neighborhoods, Decatur as a place to raise children and to its overall appearance. Each of these ratings was higher than the national benchmark and remained stable from 2016 to 2018.

Residents identified Safety as one of the most important focus areas for the community and the survey results showed that the City is meeting resident expectations. Nearly all Decatur residents felt safe in their neighborhoods and 4 in 5 had a positive overall feeling of safety in the city. Safety-related services also received high marks from a majority of respondents. Ratings for Safety services such as police, fire, crime prevention, fire prevention and animal control have all increased since the baseline survey in 2006.

Like other highly desirable cities, the issue of scarcity impacts Decatur. The only community issues scoring lower than the national benchmarks in 2018 related to car travel, parking and affordable housing. These are the key challenges confronting community livability in Decatur.

## **Trust in City Government is high, and City services are well-regarded.**

At least 7 in 10 Decatur residents gave high marks to each aspect of Decatur's **leadership and governance** and almost all ratings were higher than the benchmarks. Ratings for the overall direction of the City and the job the City does at being honest increased in 2018, rebounding from decreases observed in 2016. Not only were most ratings higher than the benchmarks, **but some of the ratings were among the highest ever recorded in NRC's** benchmarking database. Decatur ranked #1 out of 322 jurisdictions nationwide for the job the government does at welcoming citizen engagement.

Almost all residents gave excellent or good ratings to the overall quality of City services and individual services were also rated highly by most residents. Most aspects of Governance remained stable from 2016 to 2018; however many have increased since 2006.

## **Decatur residents continue to be highly engaged in the community.**

About 4 in 5 survey respondents rated the sense of community in Decatur as excellent or good, which was a higher rating than seen elsewhere. Many other aspects of Community Engagement received ratings higher than the national benchmark, including social events and activities, neighborliness, openness and acceptance of the community toward people of diverse backgrounds, opportunities to participate in community matters and opportunities to volunteer. Further, more Decatur residents campaigned for an issue, cause or candidate or attended a local public meeting at higher rates than residents of other communities. Ratings for Community Engagement tended to remain stable from 2016 to 2018; however more residents reported that they had campaigned for an issue, cause or candidate in 2018.

# Municipal Benchmark Report

## Decatur's Exceptional Eight

**B**enchmarking is “the practice of comparing performance with standards or the performance results achieved by others”<sup>1</sup> and it is not a new concept to many local governments. Following the Great Recession many places, including the City of Decatur, began looking for ways to do more with less. This challenge presented a unique opportunity to review internal and external processes and workflows in an effort to make cost-effective and efficient improvements.

In the fall of 2013, the City's Performance Measurement Team embarked on a project to identify communities around the United States that were similar to the City of Decatur in order to make comparisons and learn best practices. As a starting point, comparable places were drawn from a list of jurisdictions that participate in the National Research Center's citizen survey program and were members of the former ICMA Center for Performance Measurement program. Each location was selected based on criteria that included population, proximity to a large city in a metropolitan region and a council-manager form of government.

The data gathered and shared by these eight cities plus the City of Decatur tell a unique story about community engagement, transparency and people. This report includes short profiles, maps as well as interesting facts and figures for fiscal year 2016-2017.

The metrics shared with us by this group, now affectionately known as Decatur's “Exceptional Eight” help tell an interesting story. Even though we range in size from 16,000 to 35,000 people, our residents do not share the same amount of living space or even the same make-up. However, each of the nine cities cares about the public it serves and this is evident by the answers to the questions in the following nine subject areas. A summary chart of all the responses follows.

**Citizen Education:** All of the cities offer at least one citizen education course. Most of the courses are multi-session and touch a number of municipal departments. The average number of courses offered is 57 and the median is 30. Five out of nine cities broadcast public meetings via live streaming for an average of 37 showings a year. Suwanee more than doubles the number of citizen education classes than that of next closest city with a notable 211 classes.

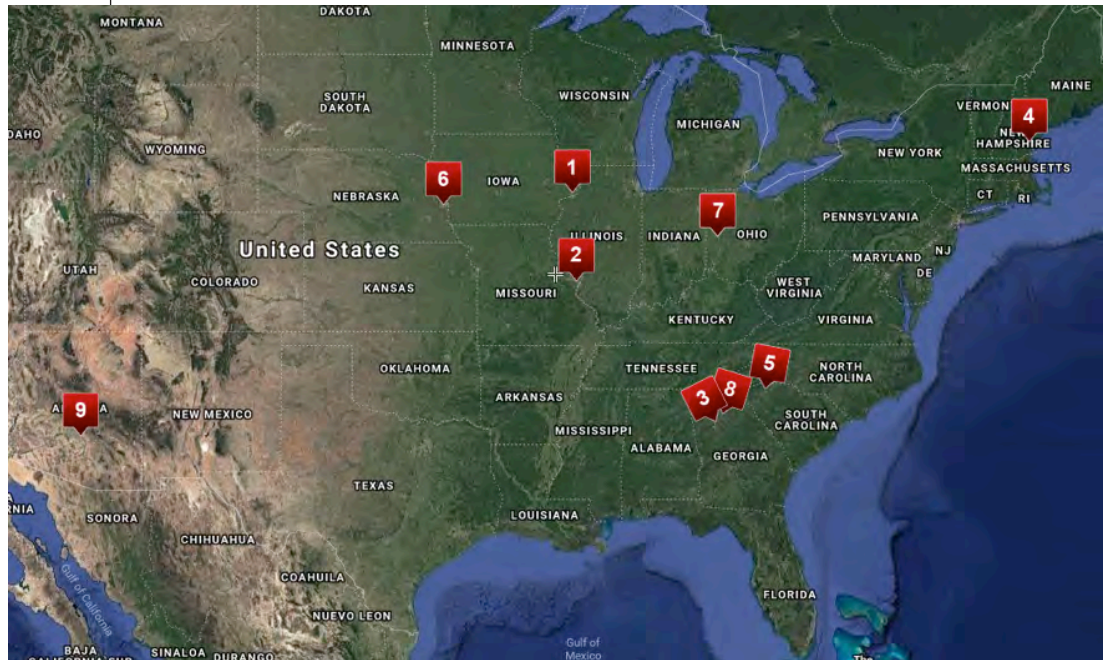

**Communications:** All of the cities surveyed believe in utilizing social media to reach out to their residents. Eight out of nine cities have a Facebook page, all are tweeting, and six have an Instagram page. Nextdoor, a social networking service for neighborhoods, has

1 Municipal Benchmarks: Third Edition, David Ammons, 2012

1. Bettendorf, Iowa
2. Clayton, Missouri
3. Decatur, Georgia
4. Dover, New Hampshire
5. Greer, South Carolina
6. La Vista, Nebraska
7. Piqua, Ohio
9. Queen Creek, Arizona
8. Suwanee, Georgia

exploded in popularity with five cities creating accounts. Four cities have even braved the world of YouTube! Therefore, it is no surprise that the majority of city communications now originate online with an average percentage rate of online based communications at 61%.

**Welcome to the digital age!** Each city reported that they offer at least four services via the web. The types of services offered are varied and include citizen request reporting portals, bill payment, business license renewals, court fine payment and recreation program registration. The average number of online services offered is 16 and the median is 15.

**Planning:** Quality cities do not happen on their own, they require strategic planning. This is something every city surveyed understands and each one has adopted a strategic plan. Greenspace is also an important component for cities. The Exceptional Eight have recognized this importance by averaging 366.58 acres of greenspace. Bettendorf really likes to show off its natural beauty by maintaining 730 acres of green space.

**Recycling Services:** Seven of the 9 cities reported on the collection of recycling materials. The average amount is 2,162 tons of commingled materials. Queen Creek tops the average by collecting 3,545 tons of recycling in 2017. The way each city handles recycling of glass is diverse with some places requiring separation before the reaching a recycling center, putting in landfills or recycling through a private contractor.

**Personnel:** Each city appears to be staffed by seasoned and well-trained employees. The average years of service is 10 years and the median is 10.67 years, while the average amount spent on employee training is almost \$123,000 with a median of about \$62,250. Eight out of the 9 cities also have an employee wellness program with an average participation rate of 46%. The City of Greer takes the crown again this year with an almost perfect participation rate of 94% of their employees taking advantage of the city-sponsored wellness program!

**Public Safety:** On average, it doesn't take long for help to arrive in the nine cities. With a blistering fast average response time of 5 minutes and 14 seconds for Police calls and 5 minutes and 20 seconds for Fire calls in FY16-17, the staff in the Police and Fire departments are doing a great job of taking care of business.

**Special Events:** From the Decatur Arts Festival to Queen Creek's S'more Sweets Festival to Clayton's Centennial, our residents are never far from something fun to do. The group averaged a whopping 47 special events in 2017 and Greer had 80!

**Taxes:** Great services and fun festivals are not free. On average, 62% of the tax base is residential and 34% is commercial tax base. The average value of tax exempt properties is over \$102 million with a median of \$66,629,736.

# Bettendorf, Iowa

**Population: 30,000+**  
**Area: 22 sq. miles**  
**Incorporated: 1903**

Bettendorf, Iowa is a city on the Mississippi River near Davenport, Iowa. The community is within 175 miles of both Chicago, Illinois and Des Moines, Iowa and a part of the Quad Cities Metropolitan Area. Connected to Moline Illinois in part of the Twin Bridges pictured above at left. Bettendorf is home to the largest hotel in Iowa – The Isle Casino & Hotel (pictured below left). Along with 500 rooms, The Isle boasts 4 dining experiences, shows and entertainment, and a brand new gaming floor which opened Summer 2016. The Isle was voted the area’s best casino by 2017 Quad-City Times Reader’s Choice. The City also includes over 700 acres of park land throughout 24 different park sites.

Metric	Decatur	Bettendorf

Employee wellness program participation rate	71%	38%
Percentage of female employees	48%	30%

# Clayton, Missouri

**Population: 16,000+**

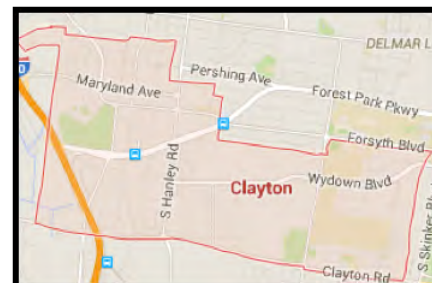

**Area: 2.48 sq. miles**

**Incorporated: 1913**

The county seat of St. Louis County, Clayton, Missouri is just 8.1 miles from St. Louis. While 81% of Clayton's land is dedicated to residential or park use, the City's central business district combines 7,000,000 square feet of office space (with a 90% occupancy rate) with 1,000,000 square feet of retail space. The City's public school district is one of the nation's best, with 95% of its high school graduates going on to college.

Sixty-nine percent of Clayton residents hold a bachelor's degree or higher. The City's per capita income is \$55,033 and the median property value is \$577,300. The City has the following departments: Parks & Recreation; Economic Development; Public Works; Planning & Development; Fire and Police. The Center of Clayton, the City's 124,000 square-foot community recreation center, offers sports, fitness, swimming, recreational, educational and lifestyle enhancing programs.

# Decatur, Georgia

**Population: 20,000+**

**Area: 4.4 sq. miles**

**Incorporated: 1823**

Decatur, Georgia, a city of homes, schools, places of worship, is the county seat of DeKalb County, one of the most densely populated counties in the state. The city strives “to assure a high quality of life for its residents, business and visitors both today and in the future.” Decatur’s downtown attracts people from all over the Atlanta metro area due to its diverse selection of restaurants, pubs and shops. Riding on a Metropolitan Atlanta Rapid Transit Authority (MARTA) train or bus, it’s easy to get here. Just step off the train at one of three stations located inside the City.

Decatur is home to Agnes Scott College, a small liberal arts college for women, and Columbia Seminary. Seventy-two percent of residents hold a bachelor’s degree or higher. The City’s per capita income is \$44,572 and the median property value is \$365,900. The City has 220 full-time employees and 260 part-time employees.

Metric	Decatur

Average response time for Police calls in FY16-17	1 Minute 42 seconds
Employee wellness program participation rate	71%

# Dover, New Hampshire

**Population: 30,000+**

**Area: 29 sq. miles**

**Incorporated: 1855**

Dover is located in the seacoast area of New Hampshire, and is only a one hour drive to Boston, Massachusetts; Portland, Maine and the New Hampshire Lakes Region and White Mountains. Dover is the oldest permanent settlement in New Hampshire and the 7th oldest in the US. It is a suburban community that strives “to be a city with an emerging urban vibrancy guided by a small town sense of community.” The restored and updated Cochecho Falls Millworks (pictured under the map at right), a focal point since the early 19th century, hums with 900 office workers and their computers rather than rows of whirring machinery.

Forty-two percent of Dover residents hold a bachelor’s degree or higher. The City’s per capita income is \$33,637 and the median property value is \$238,100. The City has the following departments: Schools; Finance; Planning & Economic Development; Police, Fire & Rescue; Community Services; Public Library; Public Welfare and Recreation.

# Greer, South Carolina

**Population: 26,000+**  
**Area: 20.64 sq. miles**  
**Incorporated: 1876**

One of South Carolina's fastest-growing cities, Greer is located in the foothills of the Blue Ridge Mountains. The area brings Greer plenty of natural beauty, but Greer City Park is an especially great example of well-maintained greenspace. The Park is located in Historic Downtown Greer. Built in 2008, this 12-acre park has become a favorite destination for residents and visitors. Greer is also highly industrial. Greer is home to the Greenville-Spartanburg International Airport and BMW's only United States manufacturing facility. Greer's progressive business philosophy has attracted world-class businesses like Mitsubishi and Michelin.

Over 32% of Greer residents hold a bachelor's degree or higher. The City's median household income is \$47,933 and the median property value is \$149,400. Greer's City Hall includes an entire floor dedicated to public space, with a 4,500-square-foot events hall available for conventions, receptions and galas.

Metric	Decatur	Greer
Employee wellness program participation rate	71%	94%
Tons of recyclable materials did you collect in 2017	2,591	757.1
Percentage of organization is female	48%	25%
Number of traffic calming projects in 2017	5	10

# La Vista, Nebraska

**Population: 17,000+**

**Area: 10 sq. miles**

**Incorporated: 1960**

La Vista, incorporated in 1960, is a relatively young and progressive city. Located only minutes from Offutt Air Force Base, Eppley Airfield and the interstate system, La Vista has grown quickly to a community of nearly 17,000. La Vista, Spanish for “The View”, describes the magnificent panorama of the Big Papio Creek Basin. The La Vista Public Library is the result of a gift from a generous resident who wanted nothing more than for his city to have a library. In 1972, the City of La Vista approved his donation of 4,000 books as well as \$75,000 for the construction and the library opened to the public in June 1974. In 1999, the library expanded from the original 4,000 square foot facility to a spacious modern facility of more than 23,000 square feet. Along with its original amenities, the library now has downloadable books, audiobooks, music and magazines, a computer lab with online databases, Microsoft Office, Internet access and wireless access including wireless printing.

Thirty-two percent of La Vista residents hold a bachelor’s degree or higher. The City’s median household income is \$59,401 and the median property value is \$141,600. The City is the youngest city in Nebraska.

Metric	Decatur	La Vista
Citizen education classes in 2017	103	10
Percentage of your Public Safety staff is female	19%	14%
Percentage of your Public Safety staff is minority	47%	10%
Overall value of tax-exempt properties	\$209,668,445	\$10,774,468

# Piqua, Ohio

**Population: 20,522**  
**Area: 11.62 sq. miles**  
**Incorporated: 1807**

The word ‘Piqua’ is derived from a Shawnee language phrase: Othath-He-Waugh-Pe-Qua, translated as “He has risen from the ashes,” related to a legend of the Shawnee people. Piqua’s roots are established in the beauty, elegance, and culture of the Midwestern countryside. In Piqua, you can enjoy the charm of a small town with historic canal-era architecture loaded with amenities and attractions such as the Great Miami River, specialty shops, McCulloch Square, and national award-winning community treasure, Fort Piqua Plaza. Pictured directly above, Fort Piqua Plaza, has a storied past involving hotels, a “very popular” lunch counter, and even a Prohibition era speakeasy. Today, the Plaza is Piqua’s public library and home to a legitimate, and not at all secret, pub.

Eleven percent of Piqua residents hold a bachelor’s degree or higher. The City’s median household income is \$55,322 and the median property value \$85,800. The City has the following departments: Administration; Development; Information Technology; Human Resources; Fire; Law; Health; Police; Utilities; Power and Engineering.

Metric	Decatur	Piqua
Percentage of female staff	48%	20%
Special events hosted by city	36	54
Number of online services offered	15	5
Traffic calming projects in 2017	5	1

# Queen Creek, Arizona

**Population: 26,361**

**Area: 25.8 sq. miles**

**Incorporated: 1989**

Queen Creek is one of the larger cities in the Exceptional Eight, but it likes to keep a small town feel. The “QC” describes itself as a “first name” community, where a person serving you isn’t an uncaring stranger, but someone who will know you by name. There are plenty of options for those who are more active. From the Horseshoe Park & Equestrian Centre to the many parks and community centers to the golf courses. The Queen Creek Marketplace is one of Arizona’s newest malls and has a variety of shopping options including retail and dining. Agritainment, farm-based entertainment, is a specialty of this town.

Thirty-four percent of Queen Creek residents hold a bachelor’s degree or higher. The City’s per capita income is \$27,595 and the median property value is \$190,200. The city has about 330 days of sunshine annually.

Metric	Decatur	Queen Creek
Percentage of streets with a least one side of sidewalk	82%	85%
Percentage of residential tax base	84.3%	77%
Average years of service for full-time employees	10	6
Number of acres of green space maintained	141	564

# Suwanee, Georgia

**Population: 18,000+**  
**Area: 10 sq. miles**  
**Incorporated: 1838**

Suwanee, Georgia is a suburban community located about 30 miles north of Atlanta. The City’s vision is to be a “a diverse and forward-looking community actively engaged in shaping its own future.” The City has more than 500 acres of parkland and miles of walking and biking trails. Residents appreciate public art, special events and their town center.

Fifty-one percent of Suwanee residents hold a bachelor’s degree or higher. The City’s per capita income is \$33,713 and the median property value is \$251,300. The local transit system in Suwanee is the Gwinnett County Transit system. The City has the following departments: Administrative Services; Economic Development; Financial Services; Planning and Public Works.

Metric	Decatur	Suwanee
Number of citizen education classes hosted in 2017	103	211
Number of hours volunteers worked during special events	6,329	8,933
Percentage of commercial tax base	15.7%	49%
Average response time for Police calls in FY16-17	1:42	7:10

A big thank you goes out to the following individuals who so graciously shared their city's data:

Jason Schadt — Bettendorf, Iowa

Andrea Muskopf – Clayton, MO

Christopher Parker – Dover, NH

Mike Sell – Greer, SC

Tommy Prouhet – La Vista, NE

Brittany Van Horn – Piqua, OH

Susan Van Nus – Suwanee, GA

Tracy Corman and Torin Sadow – Queen Creek, AZ

Special thanks to Graduate Interns Justin Nixon and Toronto Thomas for their assistance in writing this report.
