Dear Parents and Guardians,

Welcome to the Decatur Summer Day Camp Program. We're glad that you've chosen to spend some memorable moments with us this summer. We look forward to providing an exciting summer, filled with laughter and energy. Our staff has been planning all year to bring this experience to life for the campers.

This year we have camps popping up across the city. Our popular iDiscover Camp is back and will be operating out of the Oakhurst Recreation Center. Legacy Park Day Camp will be coming back for its third summer, our very popular E Camps will be hosted at the Decatur Recreation Center and Oakhurst Recreation Center, Tennis and Swim Camps will be at Glenlake Park and a variety of Sports Clinics throughout the city.

Our camps offer a variety of activity areas full of new and returning favorite activities for our campers. Whether it is exploring nature and learning outdoor skills, playing team games or sports, or becoming a DIY maker in our STEAM focused activity area there will be something for everyone to enjoy. As the City's parks and greenspaces continue to grow and become an integral part of the lives of Decatur families we hope to create quality out-of-school time experiences for our youngest citizens during day camp.

This parent handbook is designed to prepare and assist you with sending your child to summer camp. This packet explains in detail information about how we operate camp. If you desire additional information, please contact our office at 404-377-0494. We're always happy to assist you.

See you at camp!

PARENT INVOLVEMENT

Communication: We encourage parents to communicate daily with staff members at camp. We believe this builds a positive relationship that greatly benefits your child. In addition to this personal communication, parents can expect to receive emails from camp staff communicating upcoming events, field trip dates and times. Please check the bulletin board at the site for postings, snack menus, lesson plans and other pertinent information.

Concerns: If you have an individual concern, please discuss this with your Camp Director. If you feel you need further assistance in resolving any concerns after working with your Camp Director, please contact the Recreation Supervisor at 404-377-0494.

Evaluations: In addition to visiting, we welcome parent feedback on program procedures and encourage you to provide your input. We have worked with an evaluator to create a targeted evaluation process that relies heavily on your participation at the end of the camp session. Your participation in this written evaluation process helps us make changes to ensure we are providing the highest quality program for your child/ren.

Orientation Information: The camp parent handbook may be located online. The purpose of this packet is to familiarize both the child and the parents with the program policies and procedures.

As new families enter the program throughout the summer the Camp Director will facilitate introductions of the program staff and to the program's policies and procedures. Our bulletin board on site provides ongoing information to keep families informed about a variety of relevant topics, including staff names.

Special Events: Your camper's instructors or counselors may hold special events during the camp session that are typically held during the afternoon hours. These events give the parents a chance to get to know their site staff and see and experience the variety of activities your children are engaging in during our program. Families are encouraged to participate in these events.

HEALTH and WELLNESS PROCEDURES

Parent Questions and Comments

If you have any special concerns or health needs regarding your child, please discuss these with camp staff immediately so that we may be best prepared to fully serve your child. We cannot adequately support your child's safety at camp unless you share all relevant behavioral and medical information that might affect him/her during his/her time with us. Thank you for working with us to provide the very best care for your child.

Let Us Be Your Parenting Partner

Our Camper Health record including the Asthma Action Plan, Food Allergy Action Plan and Camper Health History Form contains space for personal information regarding your camper. We would like to take a moment to talk with you about this important information.

Some parents hesitate to provide camps with personal information about their camper's behavior or past experiences. Some fear the information may be misused, while others are concerned about their child being labeled, singled out or treated differently. All parents want to see their child have a strong, fresh start at camp, unencumbered by past problems.

As seasoned camp professionals, we appreciate these concerns. We also know how invaluable such information can be in assisting us help your child make a smooth and happy adjustment to camp as possible – something we know all parents want, too!

Having a prior knowledge about a learning difficulty, ADHD, sensitivity to lights or sounds, medical condition or recent loss or major change in the family or child's life makes a tremendous difference in helping us be sensitive

to your child's need for patience, understanding and reassurance – especially in the first few days of camp.

Many parents fear that a camp will not accept their children if they are completely forthcoming about these situations, yet children need us to be partners with you in planning for a safe and successful summer.

Furthermore, children often use their behavior rather than their words to tell us something is bothering them. Having advanced knowledge of areas that might be difficult for your child helps us understand the message in their actions. The better we understand your child, the more we can assure you of a better summer for your child.

Our commitment is to use such information only to help your child adjust to camp. It will only be used at camp when/if necessary and then only with discretion and your prior knowledge.

Remember, when faced with challenges, we can help your child have great success if you help us. We encourage you to make us a full partner in planning for your child's summer. Please contact the Camp Director before camp and set your camper up for a successful camp experience.

Participant Essential Functions

In order to attend the City of Decatur day camps, campers must meet the following essential functions:

are notified immediately. Also, if you are going out of town please let us know as this will allow us to quickly contact someone on your emergency pick up list.

ILLNESS and INJURY

Children must be healthy enough to participate in the program's daily routine. We do not have facilities to care for sick children and therefore do not allow them to attend the program. Please keep your child home at least 24 hours until they feel better and are no longer contagious.

Please notify us regularly of any changes in phone numbers or emergency contacts. Children with communicable diseases will be readmitted to the program once free of all symptoms for 24 hours. Our policy supports your child's recovery from illness, by reducing his/her exposure to other children, and also allowing time for him/her to rest and recover. This policy also helps to prevent illness in other children, by reducing exposure risk. Our counselors support infection control policies by encouraging frequent hand washing, by cleaning shared items, and encouraging "vampire sneezing and coughing."

- First Aid will be provided and the incident recorded in the health log.
- The child will periodically be observed after First Aid has been applied.

If parents or other responsible adults are unable to be reached, the child will be taken to the nearest hospital for necessary treatment.

- You will be contacted. If you cannot be reached, the emergency contact person will be notified.

- 911 will be called.
- A staff person will accompany your child to the hospital and remain until you or your emergency contact arrives.
- The incident will be described in writing on the DPRD incident/accident report.

The City of Decatur does not incur the cost of medical treatment or transport and it is imperative that you indicate on your child's health form what type of health insurance you carry.

Allergies and Food Restrictions: We will try our best to make reasonable accommodations for children with severe allergies. If you are aware that your child is severely allergic to certain foods or has food restrictions, it is your responsibility to notify the Camp Director in advance so we may take proper precautions.

Exception: After a discussion with the Camp Director, it may be determined that a camper who uses an inhaler/EpiPen on an as needed basis may carry the inhaler/EpiPen in his/her backpack to all activities. The parent and Camp Director will determine if the child can take on this responsibility. In this situation, we recommend a second inhaler/epi-pin remain with the Camp Director in case the other one is misplaced.

- All medications will be locked up while at camp or maintained by a staff member when away from camp and given to your child when needed.

Field Trips for LIT's

LIT's will take a trip on a bus, during sessions when a field trip is planned. We ask that campers wear their camp shirts that day to help identify us as a group. Plan on bringing a lunch for the field trip unless you are notified that lunch is included in the trip.

All camps may take walking trips with advance notice to parents posted at camp.

Field Trip times will be published in advance to parents/guardians. We ask that your child arrive to camp prior to the departure time to ensure our arrival at destinations on time. Many of our Field Trips involve specific entry or tour times. Please help us be on time to all our destinations! If you are running late due to an emergency, please contact our office to keep us updated. We cannot hold the bus for you; however, you may choose to transport your child to the field trip destination yourself and sign him/her in with the camp staff upon arrival.

Road traffic is uncontrollable; because of this we may not arrive back on time. Parents will be notified by email if the bus is running late, if our pick up location changes or we encounter an emergency. Please allow the camp staff to get your child safely off the bus and signed out properly so we can ensure the safety of all the campers.

TRANSPORTATION

Trips will be taken via City van (Multi-Function School Activity Bus) with an approved driver. Field trip days will be sent to parents prior to camp. Parents **may not** ride on the bus/van with the children.

CAMP PROGRAM – PARTICIPANT BEHAVIOR

Expectations of Participants

Campers are entitled to a pleasant and safe environment while participating in day camp. We know that everyone is not always going to get along or agree on things, especially when competition is involved. However, we expect that these disagreements will be handled in a non-violent and non-threatening manner. We want everyone at camp to feel that they are in a safe environment where they are valued. All campers should use their number one resource when an unexpected altercation happens, that is to self-report to a counselor right away.

Please review with your child daily the types of behaviors that we expect as outlined below and discuss their importance in order for your camper to have a successful time at camp.

Be Friendly: Honesty and respect will be the basis for all relationships and interactions. Reach out and make a new friend each week. Show and give respect to each other in our camp group. If we listen to others; they will listen to us. Use please and thank you often when working with others.

Be Inclusive: Teamwork and cooperation will be the basis for including everyone. Use positive language at all

times. Speak for yourself, not anyone else. Encourage others by avoiding put downs. Show respect. Keep your hands and feet to yourself at all times. Keep touch positive.

Build Community: We encourage each child to make new friends, play with old friends, learn new games, try something new, build skills and just have fun. The proper use and cleanliness of the camp area, equipment, supplies, etc. is the responsibility of all. Clean up is important and we need your support to respect the environment, put up supplies, and put trash in the trash cans and avoid intentionally causing damage to camp property. Be responsible for your words and actions. Be responsible for personal belongings. Stay in program areas with your counselor – running away is not acceptable. Cooperate with staff and follow directions so everyone can be safe and have fun.

On the first day of camp of each session, all camp expectations and guidelines will be covered and explained by the camp staff. Please review the following rules with your child:

General Rules

- Listen to the staff and follow their directions
- During camp time, campers should remain in their camp group unless given permission to leave
- Campers should not be alone at any time while in camp
- No cell phones or electronics are allowed.
- Please respect nature, do not pick leaves, grass or harm plants or animals.
- Please do not throw sticks, stones or other objects
- Keep camp clean. This includes picking up litter, no writing graffiti, and returning camp equipment to a counselor
- No fighting. If you have a problem, walk away from the situation and tell a counselor.
- Appropriate footwear must be worn at all times.
- Campers should always strive to be caring, honest, respectful and responsible.
- Hallways are quiet places where there is no running/eating/horsing around.
- Follow playground rules.

Code of Conduct

We are committed to providing a safe and welcoming environment for all of our participants and guests. To ensure the safety and comfort of all, we ask individuals to act appropriately while they are in our facility or participating in a DPRD program. This applies to staff, campers and their parents. We expect persons to behave in a mature and responsible way and to respect the rights and dignity of others.

Our code of conduct does not permit language or action that can hurt or frighten another person or that falls below a general accepted standard of conduct. Specifically, this includes:

- Angry or vulgar language including swearing, name calling and shouting;
- Physical contact with another person in an angry or threatening way;
- Any demonstration of sexual activity or sexual contact with another person;
- Harassment or intimidation with words, gestures, body language or other menacing behavior;
- Behavior which extends to or results in the theft or destruction of property;
- Carrying or concealing weapons or devices that may be used as weapons.

Please be responsible for your own personal conduct and safety. If someone's behavior threatens your personal comfort or safety, please ask that person to refrain and tell a counselor. Staff are trained and expected to respond to any reported violation of our code of conduct. Please do not hesitate to notify a staff person if you need assistance. We want to help!

DPRD Administration will investigate all reported incidents. Dismissal from a program may result from any violation of the code of conduct. No refunds will be given.

Discipline Policies

Our staff will work with children to help them resolve their own conflicts at camp. Parents will be informed of any safety related concerns, willful harm infractions, or any repeated rule infraction by their child. Children with repeated disciplinary incidents relating to safety will be suspended. Children who continue to behave in unsafe or harmful ways at camp may be expelled.

Behavior Management Plan: If your child has been receiving assistance in behavior management during the school year, it is imperative that this information be shared with the camp staff. This will enable us to work more effectively and productively with your child.

Search: Backpacks brought to camp can be searched at the discretion of the camp director or other supervisor.

Financial Responsibility: Parents/guardians will be held financially responsible for any damage caused by the willful misconduct of their child.

Rules and Consequences: Our summer camp program is structured to provide your child with a safe, supportive and positive environment in which to learn and grow. We try to allow many avenues for creativity, freedom of choice and new experiences. The summer camp staff is trained to utilize conflict resolution and violence prevention skills to help children to resolve their own problems.

Your child's safety is our primary concern. We want children to be safe in activities and kind to other people and things around our program. We want to clarify our conduct/consequences protocol with you and hope you will review it with your child. It outlines our course of action in case of problematic behavior.

Minor Infractions to Rules (Non-Safety): After minor infractions to rules an initial warning is given for inappropriate behavior and an explanation for the existence of the given rule – with an emphasis on safety – will be offered to the child. Children are encouraged to work out their frustrations and to talk with others to resolve their conflicts. The "Time Out" system will be used, when required. If the conflict cannot be resolved or an inappropriate behavior is repeated, children will sit out for an appropriate amount of time to "regroup and rethink" (usually 1-10 minutes), then will be allowed to rejoin the group. Children will be encouraged to "work out and solve" problems as well as accept responsibility for their actions. Logical consequences will result from unacceptable behavior.

Safety Infractions: Following a safety-related rule infraction, more immediate consequences will be imposed. Staff will intervene immediately; Rules are reiterated and a time out is likely to be given in order to allow a child the opportunity to calm down and reflect on the safety rules in question. Counselors will discuss the importance of the safety rule with the child, assure understanding, and allow the child to rejoin the group after an appropriate amount of time. If safety rules continue to be broken, parents will be involved as allies in reinforcing rules with children. Continued infraction of safety rules may result in suspension or expulsion.

Willful Harm Infractions: A willful harm infraction, in which one child deliberately harms or tries to harm another child or staff person, will result in immediate consequences. Depending upon the seriousness of the violation a child will be disciplined immediately and appropriately and may be suspended for one or more days by the Program Supervisor. Parents may be asked to meet for a conference prior to the child's return to the summer camp program to help ensure that the child understands the program rules as well as the consequences of non-compliance. Any incident of willful

harm may result in expulsion from the camp session(s) for the remainder of the summer.

Reports Will Be Made to Parents in the Event of:

- Destruction of property and inappropriate use of materials
- Running away from the camp site or field trip location or a staff member
- Being away from the group without a staff member's knowledge
- Repeated refusals to take necessary time outs
- Fighting or conflicts
- Engaging in inappropriate behavior or cursing
- Disregarding program safety rules
- Repeated or significant infractions of any rule or expectations.

Immediate Dismissal from Program:

- Physically harming children or staff and/or physically endangering lives
- Refusing to stop dangerous activities (throwing rocks or other objects, using them as weapons, etc.)
- Uncontrollable behavior
- Leaving the program without permission, or refusing to remain with the assigned group
- Theft, defacing or destruction of property
- Possession of weapons, tobacco, alcohol or illegal drugs
- Inappropriate touching of other campers/staff or sexual misconduct

Note: We want to keep you informed of your child's positive accomplishments as well as his/her negative behavior. We strive to be accessible to your questions and suggestions as we value your opinion. Please feel free to speak with us about your concerns or questions.

RIGHTS AND RESPONSIBILITIES OF CHILDREN, YOUTH, AND FAMILIES

Child Care Licensing Information: The City of Decatur's summer camp programs are exempt from child care licensing by the State of Georgia because the programs are operated by a government agency. As a result, the programs are not licensed childcare programs.

Confidentiality: Information about our participants is kept at each program site in a locked space and at the Legacy Park Administration building for quick access in case of emergency.

Release of Confidential Information

- In the event of suspected child abuse or neglect, the City of Decatur will release confidential information regarding children and families to

DCFS and/or the police department without the knowledge or consent of the family.

- Written information about incidents and/or accidents involving your child/ren may be requested in writing to DPRD administrators. Depending on the nature of the information requested, an Open Records Request following the City's process may be required at the discretion of DPRD administrators. Identifying information about children other than your own child(ren) involved will be redacted prior to the release of information.

Fair and Equitable Treatment: Children, youth and families have the right to fair and equitable treatment including the right to be treated in a non-discriminatory manner; and the freedom to express and practice religious and spiritual beliefs. Children and youth have the right to receive individual attention for social, physical and emotional needs in an atmosphere which treats them with dignity, fairness and consistency.

Grievance Procedures: In the event of a problem at the program, you should first talk with the staff person most closely involved. If a satisfactory resolution is not achieved, children, youth and families should follow the supervision hierarchy for Decatur Parks and Recreation as follows: Counselor → Camp Director → Program Supervisor → Manager → Assistant Director. Children, youth and families may contact any person in this supervision chain to request assistance resolving a problem or concern. If a resolution is not achieved through this process, children and youth and/or their families have the right to file a formal grievance in writing without fear of interference or retaliation. The Director of DPRD will notify the family of resolution in writing and provide an explanation of any further appeal, rights or recourse. In a situation where the Director was involved in the decision about which the grievance is filed, the Assistant City Manager will serve as the unbiased reviewer of the situation and will notify the family of the resolution in writing, providing an explanation of any further appeal, rights, or recourse.

Parent/Family Conferences

Parents and families may request a conference at any time with DPRD staff members. At times a conference may be requested by DPRD to discuss problems or concerns relating to a child or youth. Parents/guardians may opt not to participate in a parent conference when called by the program; however, parents should be aware that this may result in more immediate suspension or expulsion from the program.
