

Review Routing Sheet for City of Decatur Permits

This project requires approval for Sewer Capacity Evaluation,
Water, F.O.G, and Backflow Prevention Review from
DeKalb County Watershed Management Division.
Applicants must transmit their drawings and Documents to
The Clark Harrison Building – Second Floor
330 West Ponce De Leon Ave. Decatur, GA 30030.

The City of Decatur requires F.O.G., sewer and water approvals from DeKalb County Watershed Management. No Business license approvals or building permits are issued for this property until approval has been provided to this office. Please find this letter to be presented at the above-mentioned address.

Please note that the City of Decatur Fire Marshal and Building Official manages the permitting, plan review and the inspections for consideration of Building Codes and, Life Safety and the Fire prevention codes and there is no duty for DeKalb County to provide such plan review.
